8. Adoption of Executive Director's Report:

Commissioner Kaplan made a motion, seconded by Commissioner R. Evans to adopt the Executive Director's Report as presented. The motion carried by voice vote.

9. President's Report:

President Bickham noted that Friday Night (Uncorked and Untapped Event) was a very enjoyable event. He noted that there was a large crowd and all the

reverse raffle tickets had been sold and that it was good to see the Mayor and Trustee Gaeta at the event.

He also explained that he had attended the Wild Flower event at Charlemagne. Director Giacalone noted that they had 40 people in attendance.

President Bickham congratulated the district on the IAPD Best of Best awards for Art in the Park and Best Green Practices noting that they would be presented October 21st. He also congratulated the district on the PDRMA Seascape Audit noting that the district had been reimbursed the \$2,600.

Finally, he noted that he had completed the all-parks tour for the year singling out Fabbrini and Tropicana as south side favorites, Black Bear as west side favorites and Charlemagne and Olmstead as north side favorites. He noted that his new goal for the coming year was to begin attending other park district meetings to see how they ran their meetings and what was on their agendas. He also noted that Hoffman Estates was noted as one of the best places to live (#27 on the list) in one of the popular Magazines.

10. Old Business:

None

11. New Business:

A. Willow Rec Rental/M16-108:

Commissioner Kaplan explained that he felt an item involving the use of alcohol in a facility should be voted on separately, noting that the discussion had already taken place at the September Recreation Committee Meeting.

Commissioner McGinn made a motion, seconded by Commissioner Kilbridge to approve the rental for the religious group for a one year permit with the condition that wine may only be served through the communal cup as part of the religious services and that the park district reserves the right to terminate the special permit which allows the consumption of alcohol if staff determines that the religious group is abusing alcohol. The motion carried by voice vote.

12. Commissioner Comments:

Commissioner McGinn congratulated staff on finalizing the Windy City Bulls contract, Deputy Director Talsma on completing Director's School and the district on the IAPD awards. He also thanked Commissioners R. Evans and Kilbridge and Admin Asst Kusmierski on a very successful Uncorked and Untapped Event.

Commissioner Mohan asked about the clock at BPC noting that it had been gone a long time. Executive Director Bostrom said it would take 4-6 weeks and that he will check with staff on the return date.

Commissioner Kilbridge thanked staff, Trustees, Commissioners for all their hard work and support of the Uncorked Event.

Commissioner R. Evans noted that the event had been well done and that it was rewarding to talk to people who had not yet seen the venue and had such complimentary things to say about it.

Commissioner Kaplan said he had enjoyed the event. He also noted that it was great to see all the kids on the ice again.

13. Adjournment:

Commissioner Mohan made a motion, seconded by Commissioner Kaplan to adjourn the meeting at 7:25 p.m. The motion carried by voice vote.

Respectfully submitted,

4/5 Year old T-ball

- The 4/5 year old season has started and come to an end in the past month. The short 6 game season is a great introduction to team sports for the 4 and 5 year olds of the community. Teams host a total of eight 1 hour practices and participate in six 1 hour time limit games. This season HEPD had of 85 players participate. All players entering kindergarten this fall will receive information on our Shetland 6/7 year old leagues in the spring.

Youth Basketball

- Prep has started for the 2017 season. E-blast has gone out to former players about in-house registration. Referees have been contacted and former coaches about coming back for the upcoming season
- Boys Feeder Basketball- The boy's feeder basketball will be teaming up with the park district this upcoming season. Last year the boy's feeder program had a total of 40 players.

Youth Outdoor Soccer

- Fall/Spring and Fall only registration has begun (online).

Adult Softball

- We have set up a game for our fall league to be televised. The game will take place in September and air on village television in November.

Gymnastics

- The first session of Fall gymnastics began the week of 9/6. Registration is at 170 students, 2015 -144 registered. Registration is ongoing for the second session starting October 24th.

* PSS&WC had a challenging summer with the closing of the aquatic center for two months, additional competition opening in the area and staff being down to 1/3 third the member services team with a maternity leave and the loss of a permanent part time staff member. National statistics say new club growth by Region "East North Central" (our region) the average for the region is 17% in new club growth; Illinois itself

has a rating of 28% new club growth. The national focus continues to be on price point being the top reason for leaving a health club, with lack of use, inconvenience and feeling out of place rounding out the top four. Opportunities continue to remain focused around loyalty programs, seasonal discounts, and social interactions, not to crowded, technology, equipment and facility upkeep. Staff continue to look at ways to focus on these top areas to create continued success as it has experienced over the years. As with the influx of new competition as before the trend amongst users is to "club hop" but ultimately they will return where they feel most comfortable. The track record at PSS&WC continues to remain strong in its rapport building as they have seen this before.

Member Services

- The enrollment promotion for the month of September included the extension of the option to enroll for \$50 with prorated September dues or \$0 enrollment with no September dues upon purchase of a 3-pack of Personal Training at the time of enrollment. Given the intention of promoting Personal Training, the \$0 enrollment/0 September dues special was advertised via digital media along with the regular special. The Member Services team sold a total of nine 3-packs during the month of September.
- The ongoing Friends in Fitness member referral program continued to be a primary force in generating new memberships.
- The PSS&WC enrollment special was also advertised on each of the District's electronic marque signs throughout the community. The PSS&WC enrollment special was also advertised on the VHE electronic marquis located at the corner of Shoe Factory Road and Beverly on the southwestern edge of Hoffman Estates. The ENROLLMENT FEE banner on the north side exterior remained mounted on the building along with the east side banner, both of which continue to attract many prospective clients. This second banner provides visibility/identity of the building for westbound traffic on Route 72 and compliments the signage panels installed in the spring of 2014. Likewise, both internal and e-based targeted marketing were utilized to inspire member referrals as well as to reach all HEPD clients throughout the community. The HEPD bi-monthly Eblast included the enrollment promotion details, and targeted emails through Retention Management continued to be sent throughout the month to promote the club cash incentive for member referrals with additional incentives promoted on Facebook and the HEPD and PSS&WC websites. The PSS&WC enrollment special was also advertised on each of the District's electronic marque signs throughout the community.
- The number of credit card denials following September billing was comparable to August numbers. Despite the vacancies on the Member Services team, efforts to contact members proactively to obtain updated information for billing continued via mail and email during the month of September. These efforts also included phone calls and person-to-person contact upon check in at the Service Desk. With fewer resources available within the Member Services department during the month of September, attention that would typically be devoted towards collections was reverted to membership maintenance issues, which resulted in a reduced collection effort.

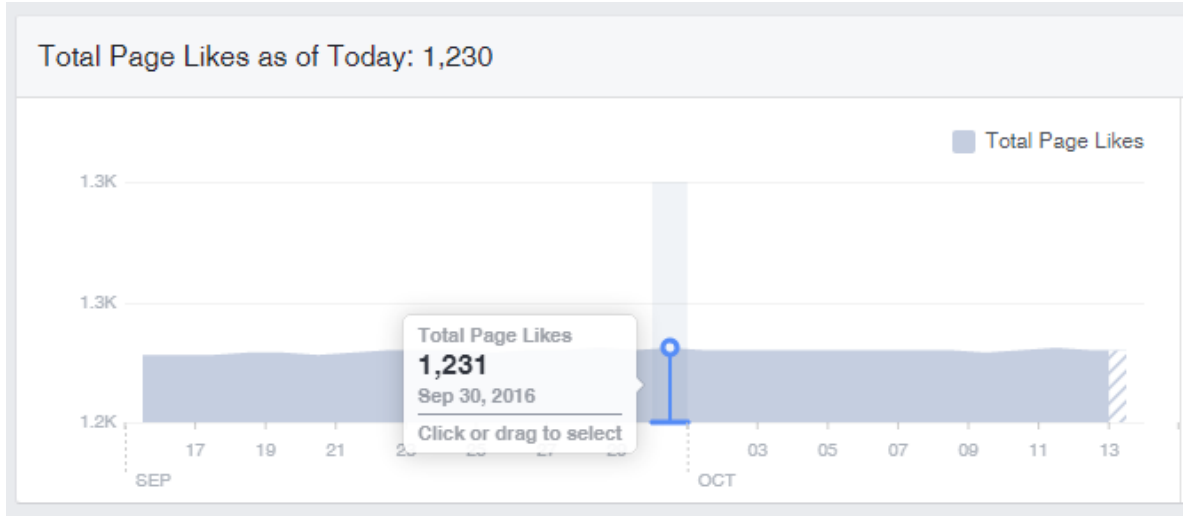

- The General Manager of Sales & Operations completed the PSS&WC website platform conversion from Joomla to WordPress. The conversion also includes replacement of the current Fitness calendar on the right sidebar margin of the site with a scrolling event calendar as well as other minor enhancements to improve site navigation and responsiveness. The website was transitioned to the new platform in June prior to full edit/completion in order to prevent corruption related to the outdated Joomla plug-ins and platform. Invex will provide training to the General Manager of Sales & Operations as well as to the Member Services Supervisor on generic update processes on the new platform in October.
- The General Manager of Sales & Operations continued to work with the Director of Recreation & Facilities and the Superintendent of Facilities on securing the sponsorship agreement with the Windy City Bulls, which will name PSS&WC as the official training center of the Windy City Bulls and provide various marketing incentives for the District and club. Approval of this agreement has been secured.

Operations and Fitness Departments:

- PSS&WC hosted a variety of athletic rentals within the gymnasium area during the month of September. Although birthday parties and scout lock-ins are still offered at PSS&WC, efforts have been taken to transition to larger multi-court athletic rentals that reduce labor intensity while generating steadier revenue streams.
- PSS&WC Managers have secured a new vending machine vendor for PSS&WC, TC, and WRC. Absolute Vending provides a variety of healthy snack options that are appealing to guests/members of each facility. Pepsi also delivered a third vending machine in the café area that will dispense a healthy selection of Pepsi beverages (i.e. Propel, Aquafina Splash, Gatorade G2 etc.). Product delivery is still forthcoming for the new machine. The Flores Group has ceased counter operations at the café effective September 1st and will continue to provide concessions for preplanned party rentals and large tournament/athletic events. Intentions are to renovate the café area in FY17 to transition it to a more comfortable working lounge space, increasing seating areas for members and guests to relax in following workouts or during special club events in the gymnasium.
- The Superintendent of Facilities received quotes and has selected a vendor for the refinishing of the wooden floors in the group fitness rooms (spin room and large group fitness room). The project will be completed within November, 2016. The gymnasium floor refinishing project will be completed within 2017, as planned with the capital fund.
- The outreach fitness classes provided by the park district for District 211 at the Higgins Educational Outreach Center will resume in the fall. The classes have been very well received and well attended. We look forward to providing the classes in the fall.
- PSS&WC has an upcoming Nutrition Workshop, Metabolism Boosting, taught by Zac Marshall on Saturday October 8th 10-11am.
- The personal training department had a 3 pack promo for new members in July/August/September. 80-3 packs were sold.
- Within the area of group fitness Class participation has remained steady. Highlighted classes include:
Dance Party Fusion 40-45 Pump and Abs 35-40 Spinning 20-25
- PSS&WC fitness department planning for a black light spooky spin ride in October.

- Fitness department is holding 3-30 minute mini workshops for step class, Step 101, on the last 2 Saturdays of October and the 1st Saturday of November.

- Seascope is now closed for the season.
- PSS&WC aquatic classes did resume for the fall session, beginning the week of September 6th. In addition, given the completion of the aquatic project, private lessons will resume being offered and will be provided for the remainder of the year.

- We are down 20 participants from the first session last fall. Our current registration is 280.
- Private lessons are slowly trickling in since we re-opened the pool.

Climbing Wall

- Youth classes for the climbing wall continue to hold steady with 8 participants in both the 6pm & 7pm classes Wednesday nights. Because of the consistent numbers and the number of returning climbers we are able to split the program into a beginner class and an intermediate climbing class.
- Trick or Treat Climb is scheduled for Sunday October 30th. The early session is already filled with 15 participants and the second session currently has 11 enrolled.

Early Childhood Programming

- Kids First Sports Soccer continues in its popularity. We are averaging between 15-20 participants per class.
- While Soccer flourishes we are struggling to get the non-traditional programs of Dodgeball and Fun and Fitness to take off. We are going to give basketball a shot in place of Dodgeball for the winter session.

Hate to have to be doing this again, but Evergreen and Sican have not been mowed since the last message (Aug. 24th) they both are 8-12 inches.

Okay, sorry that has happened again Glenn, I will forward to Parks and try to get an answer as to what the schedule is for mowing.

Hi Glenn, I'm told that the crew was out to mow at both those parks yesterday, they are going to confirm with me. Each park is mowed weekly. The weather has been cooler and we've had a lot of rain, which makes the grass grow faster than usual for this time of year. I know my own lawn has been unusually long for this time of year too.

An update - Parks was out to take a look and they said that it will be mowed tomorrow for sure. Thanks again for letting us know.

Best water park in the Chicagoland area-hands down! As my kids were growing up,we made many happy memories here.The zero depth slides,so incredibly fun. They even give the adults a set time to swim each hour. Clean, beautiful, with a nice food vendor.... LOVE IT. Just revisited it this summer with my husband, still great quality, great staff! 🌟🌟🌟🌟🌟

My husband and I got married there on July 9th. The staff was kind and welcoming. Jennifer Fuller was our main point person. She's amazing. She made the process easy and stress-free. Highly recommend this venue. Especially if you are on a budget!

I played this course once for the first time about 6-7 years ago and it was nothing special. But I guess they did some renovation and flipped the nines around with the old 10th hole now being the 1st hole. I was impressed this time. The course condition was excellent from tee box to fairways. I was most impressed with the greens! Rolled nice and true. Was not expecting that. Staff was very friendly, from the guys checking us in to the beverage cart girl. The only thing I can say they can improve on are the bunkers, they need more sand. It was hard pan dirt under a couple inches of sand...other than that, I would go back and recommend it to golfers of all levels.

The app has been available since April 25, 2014. C&M continues to promote various features of the app to increase usage. Below is a chart showing progress over the previous 10 months.

Mobile Access – Source: Google Analytics

For the first time since we've been tracking this data, the Desktop numbers have leveled off instead of declined. This may indicate that we've hit at saturation point – there will always be a certain number of visitors that will visit via desktop. Mobile visits are about equal to desktop. (NOTE: "Prior to" column indicates how users accessed HEparks prior to the app and mobile-friendly website. Responsive mobile-friendly website launched Oct 28, 2014; app launched April 25, 2014; mobile WebTrac launched in late November 2014.)

*A decrease in tablet views is speculated to be a result of more mobile phone use as mobile phone screens are increasingly larger. Tablet sales have leveled off. It is more convenient to use a smart phone which is always within reach. (<http://time.com/3532882/people-arent-buying-tablets/>)

Program Guide Online – Source: Google Analytics

Hits to the online program guide are way up this month, likely due to Fall Registration; Fall sessions began this month.

WebTrac/Online Registration Page Hits – Source: Google Analytics

Hits to online registration have leveled off as we have been driving more users to the mobile WebTrac page, with the increased use of mobile devices for web browsing. In electronic marketing, links go directly to Mobile Webtrac pages.

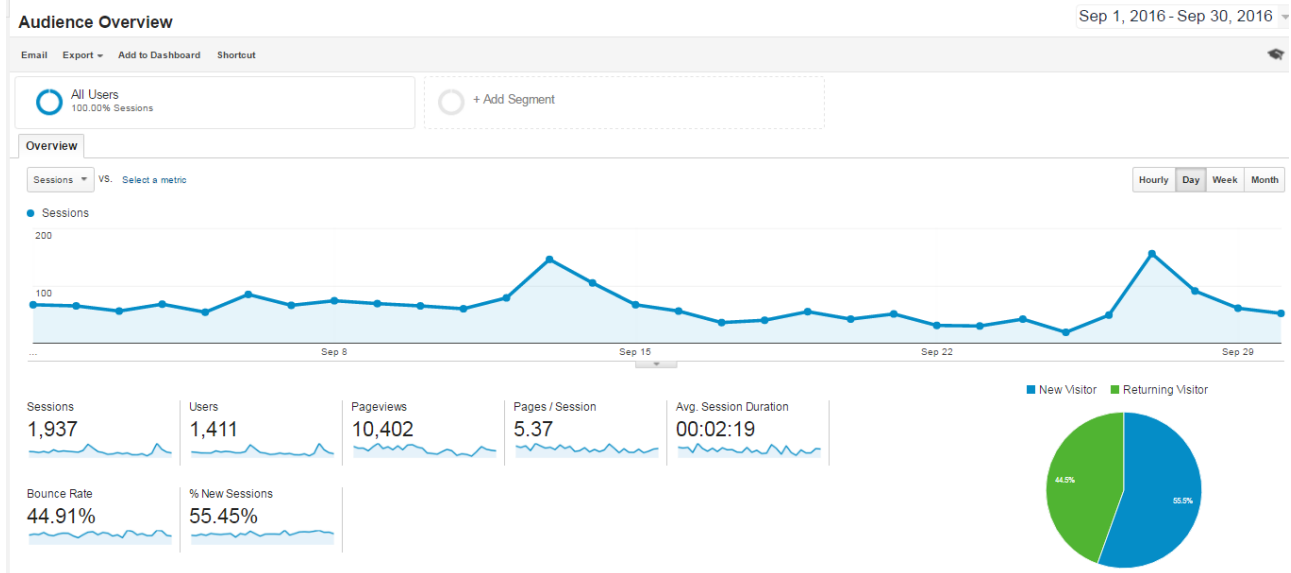

Mobile Webtrac – Google Analytics

(Tracking began December 1, 2015; comparative data will be available Dec 2016.)

The number of people accessing Mobile Webtrac from their mobile devices is often about the same as the number browsing Webtrac from a PC. A strategy we use that is having a great impact is that when we post links on web, email and social media we always links directly to mobile online registration pages. Unfortunately, we have found that the program details are harder to view on the Mobile Webtrac, so programs that we think are important to view the details are directed to another source, such as PDF of the program guide or regular Webtrac.

Golf Maintenance Summary

September usually brings a breath of fresh air, but this month it brought heat and humidity. With all the humidity this year the greens on the golf course have built up a thick layer of thatch. The maintenance department made the decision to complete an aggressive verticut on the greens prior to a solid tine aerification. This process worked really well at removing thatch and standing turf up for the aerification. Four days prior to our set date an application of granular fertilizer was applied to greens to get them growing a little

more than normal. Following the aerification and topdressing the sand was drug into the holes and then rolled three to four times to provide smooth playing surfaces. The next day a liquid fertilizer application was made to speed up recovery and close the holes on the greens. The entire process went smooth except for the weather. It rained on our first day of aerification causing lots of delays in the process and only allowing the maintenance team to complete nine holes. The following week the other nine holes on the course were completed.

The maintenance crew was also busy with the following task:

- Regular mowing of all surfaces
- Sod repair to select fairway spots
- Selected area to build a turf nursery and begun construction
- Seeding of a new green, tee and fairway nursery
- Bank mowing and edging of bunkers
- Mowing of all tallgrass and low maintenance areas
- String trimming entire property
- Irrigation repairs
- Trimming irrigation heads and yardage plates
- Weeding landscape beds
- Integrated pest management applications
- Filling divots on tee boxes and select fairways
- Equipment repairs and daily checks

News COVER STORY

Astronomers, stargazers scan the heavens at Trantina Farm

Stargazing event continues to be an educational draw

TIM HADAC, Freelance Reporter

Astronomer Jim Hopkins looked skyward at 9 p.m. and made a few predictions about the Friday, June 10 stargazing to a group of senior citizens who had come all the way from Hoffman Estates to historic Trantina Farm on 151st Street.

"I'm a bit concerned about that one cloud there," he said as he scanned the nighttime sky. "But if it drifts away, and the weather cooperates — and that's a big 'if' — we'll get a good view of three planets tonight: Jupiter, Mars and Saturn.

"No, wait, make that four. Anyone know the fourth planet we'll see tonight?" he asked, as his audience shrugged their shoulders. "Look down between your toes. It's Earth."

The seniors smiled and chuckled at the old astronomy joke. In total, several hundred men, women and children came to witness celestial bodies at the two-hour event.

The stargazing celebration was hosted by the Village of Homer Glen and Homer Township. It was coordinated by the Homer Glen Environment Committee, with assistance from the Homer Glen Emergency Management Agency and Will County School District 92. Since 2008, the twice-a-year events have attracted more than 2,500 visits.

At the center of the event were about a dozen astronomers from three groups: the Kankakee Area Stargazers, the Naperville Astronomical Association and the South

West Astronomy Observers Group. They brought telescopes of various sizes and abilities, and people stood in line to get a glimpse of the heavens through their viewfinders.

"This is fun, but it's also educational, especially for kids who read about the stars and planets in school but usually don't get to actually see the planets," said Lockport resident Jim Gandurski, there with his wife, Trecia, and children, Jaysic, 11, and Kalina, 8, all looking at the moon through a viewfinder. "In a way, you could say it's an outdoor classroom."

Some of the youngest children seemed convinced they could see the sights without telescopes.

"Mommy, is that Mars?" asked Homer Township resident Chase Hansen, 6, as he pointed west. "It's red, and it's bright."

His mom, Tracy, broke it to him gently.

"No, honey, that's not

Mars," she said with a smile as she looked at the red light flashing high atop a Lockport water tower a mile or so away.

Tracy also said she felt a certain wonderment when using the telescopes.

"What I find interesting about this event is how it's like a time machine," she said. "You look through a telescope and see a galaxy that's several million light years away. Then you realize you're looking at a galaxy as it existed when dinosaurs roamed the Earth. That's amazing when you ponder it."

The astronomers in attendance appeared to enjoy the event as much as anyone else.

"Astronomy is something you love to do and something you love to share with others," said Chris Trzeciak, an information technology disaster recovery specialist who grew up in Evergreen

Park and recently moved to Homer Glen. "There's a lot of 'wow,' a lot of, 'Hey, come here, you've got to see this.'"

One reason he said he moved to Homer Glen is darkness, which is something treasured by the community. The Village has taken actions to minimize light pollution and is the first community east of the Mississippi River to earn a "Dark Sky Community" designation from the International Dark Sky Association.

Its 2007 outdoor lighting ordinance has served as a model for other communities.

"That's a real feather in Homer Glen's cap," added Hopkins, a retired teacher from Plainfield. "If you want a view of the skies as clear as you'll get here, you'd have to drive about 75 miles away, down I-55. For a community so close to Chicago to achieve that designation is

Mike Giannoni looks through a telescope during the stargazing event hosted at Trantina Farm on Friday, June 10, in Homer Glen. PAUL BERGSTROM/22ND CENTURY MEDIA

impressive."

But the feather is not something Homer Glen takes for granted, added Joe Turrise and Gary White, both members of the Village's Environment Committee.

"This is an issue we address almost continuously, in one way or another," Turrise said. "We're going back and forth with the State right

now over how much lighting will be needed at intersections after 159th Street is widened. We're also concerned about the light coming from the new warehouses in Lockport, right over there on Gougar Road. In Homer Glen, we don't want and won't accept the kind of light pollution you see in Chicago and some of these other towns."

Elgin's Marta Krakowski learns to love tennis from dad, a Polish immigrant

Marta Krakowski returns a serve as a freshman last season for Elgin. Krakowski, who took a 24-0 record to the state meet last year, has taken over at No. 1 singles for the Maroons. (Andy Krakowski)

Elgin Courier-News

SEPTEMBER 12, 2016, 1:32 PM

Marta Krakowski has two worlds, and the connection is tennis.

The only child of Polish immigrants, the Elgin sophomore speaks her parents' native language at home. On Fridays, after tennis practice, she goes to a Polish school for three hours of language practice.

Both generations, though, are fluent in tennis.

Krakowski's dad, Andy, took up the sport when he came to the U.S. in his 20s. He passed on his love of tennis to Marta, starting her at age 7.

"He's my coach," Krakowski said. "He's always watching and correcting."

Job well done, dad.

Coming off a sensational freshman year that saw Krakowski go 24-0 before state, she's a clear-cut No. 1 for Elgin with the graduation of four-time state qualifier Dahlia Keonavongsa.

"The biggest thing is not everybody is going to be up at her level — she has to challenge herself," Elgin coach Phet Rattana said. "She is so much above most everybody else. Not only on my team, but the area."

Krakowski is, indeed, now on an island for Elgin.

Keonavongsa was her mentor, and she was also her practice partner. Now it's up to Rattana to hit balls with his No. 1. Krakowski has to follow her own lead and push herself.

On top of that is the challenge of playing at No. 1 singles. Krakowski was kept at No. 2 all last year.

Krakowski dropped her first match this season to Jacobs' Haley Steinkamp, but hasn't lost since.

"It's definitely a little more pressure," Krakowski said. "I have to be awake and more consistent and hit the ball harder to keep points shorter."

Krakowski received a bit of a rude welcome to playing against the elite at state last year.

Unbeaten coming in, she fell ill that week. Struggling with sickness, she dropped her first match at state. Krakowski doesn't make excuses.

"It was an experience to see how they play," Krakowski said. "I just wasn't playing my best tennis. Losses are good for you. I wasn't expecting to go undefeated."

Krakowski's bread and butter are her ground strokes, with impeccable footwork that puts her in proper position.

It's her serve that she's worked to improve. She had more double faults as a freshman than her coach would have preferred, and she needed to tweak her second serve.

"My serve was inconsistent," Krakowski said. "I'm trying to work on placing the ball. I need to end points as quickly as I can."

Krakowski, who started to play USTA at age 9, works with her dad at Prairie Stone Sports and Wellness Center in Hoffman Estates.

The two keep at it daily, and even did so during a trip overseas this summer.

Visiting Poland with her parents, Krakowski practiced with her dad on clay courts close to her grandparents' home.

"The ball goes a little slower on the clay courts, so I have more time to react," Krakowski said. "I try to be more consistent, do what I do over here. We put more time on my forehand, changing things up a little bit."

Oakton offers business class taught in Spanish

Submitted by Oakton Community College

Oakton Community College has announced its first business class taught entirely in Spanish, a language spoken by more than 410 million people as their native tongue.

Introduction to Business (BUS 101-050) covers topics related to business and economics in the United States and globally. It demonstrates the key

components of a business plan, as well as the ethical, legal and social responsibilities of commerce.

The 12-week course meets from 4:30 to 6:30 p.m. Wednesdays starting Sept. 28 at Oakton's Des Plaines campus, 1600 E. Golf Road.

Dean of Social Sciences and Business Brad Wooten said this is the first time the college is offering a credit course in

a career program in Spanish, the second most spoken language in the world and the United States.

"We recognize the demographic of Oakton's district and are meeting the needs of our community's high percentage of native Spanish speakers," he said. "Students must be fluent in Spanish to enroll."

Wooten added the new offering is in

the hands of Associate Professor of Business Lisa Cherivtch, who spent the past semester teaching abroad in Seville, Spain. "Lisa is an outstanding and dynamic instructor," said Wooten. "She brings real world experience to Oakton, and students will benefit from her knowledge."

For details, call (847) 376-7123 or email lcherivt@oakton.edu.

Wine Event Fundraiser to Benefit Local Kids

Mayor McLeod and attendees at the 2015 Uncorked & Untapped event. The 2016 event will take place on Sept. 23.Hoffman Estates Park District

Hoffman Estates Park District

The Friends of HE Parks foundation will hold its annual Uncorked & Untapped wine and beer event on Friday, Sept. 23 from 7 to 10 p.m. in Hoffman Estates. Attendees will enjoy a selection of wine and beer paired with delicious dishes at the event that takes place at the beautiful outdoor gazebo venue at Bridges of Poplar Creek Country Club. Live entertainment will be featured along with the popular and unique Reverse Raffle. All money raised supports the foundation's Scholarship Fund to help local kids attend camp, take swimming lessons, participate in youth sports and much more.

Here's how the Reverse Raffle works: The Grand Prize is \$2500. Ticket holders have a 1 in 300 chance to win with only 300 tickets being sold at \$20 each. Tickets will be randomly drawn until only 5 tickets remain. At that time, those ticket holders will be asked to come to the board where they will be asked if they want to "Split the Pot" or continue to draw tickets. If they do split the pot, then the raffle is over and the \$2,500 is divided between 5 winners. If they decide to continue to draw, the remaining 4 participants will be asked if they want to "Split the Pot" or continue to draw tickets. The process will be repeated until there is a vote to Split the Pot which will end the raffle drawings or a final winner emerges. There must be a majority vote to Split the Pot -- a tie vote will be an automatic draw. Additional raffle prizes will be drawn from the "losing" tickets.

For more information and for tickets visit heparks.org

2016 GOALS & OBJECTIVES
REC, FACILITIES, ICE, C&M DIVISION**

Key: C = Complete / SC = Substantially Complete / IP = In Progress / NB= Not Begun / NA = Not Accomplished

DISTRICT GOAL 1: PROVIDE HEALTHY AND ENJOYABLE EXPERIENCES FOR ALL PEOPLE

District Objective 1: Offer healthy and enjoyable experiences that promote equal access

Division Objectives	Measures/Action	Status	Achievement Level/Comments
Develop performance measurement system to evaluate value in programming structure <i>(short term)</i>	(ICE) Evaluate DROP IN ice time programs – freestyle, private hockey, public skate, and drop in hockey time. Time adjustments for alternate programming options will be considered. Complete by the end of Q2.	C	Public skate – when weekend times were offered attendance has greatly reduced. All other DROP IN programs are very healthy. Staff will continue to evaluate this on a quarterly basis balancing ice program demands and the ability for drop in ice times. Minor adjustments will take place in the Fall. Schedule appeared to operate efficiently with regard to ice availability and time allowed during the previous quarters.
Expand Marketing communications with the use of social media and mobile applications. <i>(short term)</i>	(FAC) Develop interactive contests to enhance member retention. Utilize social media to promote monthly events and contests. TC/WRC. Develop contests and begin offering in Q1, Q2, Q3 & Q4. Offer 4 contests by the end of Q4.	C	Staff conducted a member appreciation week during the first quarter which was well received from participants. Staff will be working with C&M in Q2 to utilize social media more to promote these initiatives/ opportunities and 50+ has a new dedicated Facebook page.
Develop plans to renovate Chino Park to meet community needs <i>(short/mid-term)</i>	(REC) Research the possibility of adding Community Garden Plots to Chino Park. Research the possibility of working with the village on this as a joint program. Determine a number of plots if the ROI suggests that it is a feasible project by Q2. Make recommendation in Q3.	NB	
Improve the overall health outcomes of programs offered <i>(annually)</i>	(DIVISION) Research, improve and expand on recreation, service and programming opportunities. Benchmark other organizations that are providing programs and services that are on the uptrend in specific areas. Each department should	C	Staff has been working with outside providers i.e. Harper College, Kids First, Higgins Outreach Center and is currently in the process of researching other trending opportunities to enhance the programming opportunities. Staff has worked extensively to benchmark and best

	benchmark 2 new programs/services by Q3.		<p>practice opportunities as it relates to the potential north side renovation, programming, rentals, ELC expansion, etc. and off-ice training in Q1. Part of this process is looking at maximizing space utilization and prioritization. Staff is currently working with Harper College to solidify a final agreement to provide a location for the college to provide off site continuing education and recreational programs for the both their participants, our residents and guests.</p> <p>Harper College began offering Yoga, Tai Chi & Fencing classes at WRC. Intro to Banjo is being held at TC. Pickleball continues to see new park district interest. The latest is Elmhurst. HEPD 50+ has added a designated beginners' session on Mon, Wed & Fri to help bolster its program.</p>
	(FAC) Increase the number of health & wellness programs to the community. Develop 5 new programs and have 2 new successful programs running by Q4. Create new programs to replace phased out fitness programs by Q4.	C	<p>Staff is researching new fitness trends, while at the same time offering services as outreach to the Higgins Educational Center. Staff is working with Harper College to provide the district as an off-site programming location with various health and wellness programs included in the inventory of those proposals.</p> <p>Please refer to the goal above for additional programming opportunities established with Harper College.</p>
Expand facility based special events that promote greater facility usage (<i>annually</i>)	(REC) Offer additional quality special events/activities with local partners and/or new partners. Offer 3 new partnered events/activities that run with at least the minimum number of participants.	C	<p>Currently the 50+ opens their space for specialty groups on Sundays on a bi-monthly basis. Staff is working to provide additional programming through a new partnership with Harper College. Staff is also meeting with the village to discuss a joint special event and programming based on the current demand, while pooling resources. Staff has been working with the Diversity Committee in partnering with Party in the Park, they will be helping to add additional entertainment and</p>

			new ethic food vendors, currently the working relationship has been very positive and staff is thinking these new added additions along with the partnership will provide even more value to an already successful event. The goal is to attract even more participation. 50+ continues to partner with local business and organizations to sponsor and present varied programming during their brown bag lunches. This is another example of a partnered service.
	(REC) Research & develop one new special event to incorporate into 2017 budget. Recommend new special event to incorporate into 2017 budget by Q2.	IP	Staff is currently working on this opportunity to determine when and what event would fit well into the current schedule. Adding the Unity Day component into the Park and the Park schedule has been a successful new venture.
Create recreational programs and opportunities to target underserved “demographic populations” (<i>annually</i>)	(REC) Increase the number of demographically targeted programs. Offer 2 new programs by Q4.	C	50+ added 2 chair-based exercise programs for less physically abled. Staff is also working with outside contractors to offer targeted programs that are not currently listed in our program inventory list, i.e. ultimate Frisbee, dodgeball and kickball. 50+ has also added a third chair-based exercise class, Ageless Grace, and a chair balloon volleyball exercise program.
	(REC/C&M) Partner with Hoffman Estates Police Department for National Night Out. Create a large community outreach program at 1 HEPD location. Hold event in Q3.	C	Staff will be partnering with the HE Police Department again this year. The intention will be to host the event again at SFAC. The village and park district were very happy with the attendance and the ability to share this message through this venue. Staff worked with HEPD to promote National Night Out, which was held at a Park this year.
Evaluate facility space utilization to accommodate growing programming needs. (<i>mid-term</i>)	(DIVISION) Evaluate and work with Williams Architects to create a study to determine the direction with the north side of the Triphahn Center and Off Ice Training program. Complete direction by Q4.	C	Staff has been meeting with Williams Architects on numerous occasions. A presentation was made to the committee as a whole that was well received in March. Staff will continue to work with them and look at the transition plan/schedule. Staff developed the

			final transition plan for both the off-ice training and north side renovation schedule with Williams and Associates which will start in November.
Develop program life cycle model for all programs to assess meeting community needs and desires (<i>short/mid-term</i>)	(DIVISION) Develop a systematic approach to identifying trends in the different industries as it relates to customer preferences. Benchmark 3 state and national recreation agencies. Obtain at least 2 models to compare by Q2. Develop recommendations by 3Q on programs to phase out in 2016/17.	NB	
Expand specialized programming opportunities that utilize partnerships and contractual agreements (<i>mid-term</i>)	(DIVISION) Contact local colleges to establish partnerships for additional programming, i.e. Harper College, Judson University, Roosevelt, etc. Contact colleges by Q1; develop 1 new partnership with a local college and/or university.	C	Communications have continued with Harper College. They are excited about the space our facilities have to offer for various non-accredited classes. Staff is currently working to develop a contractual agreement and start scheduling space, based on supply and demand. Communications continue with all of these colleges/universities. Currently the team is finalizing an agreement with Harper College for off-site programming at HEPD facilities. The agreement with Harper College has been finalized & classes have begun. They are running Yoga, Tai Chi & Fencing classes at WRC & Intro to Banjo at TC.
	(REC) Increase the number of programs offered to the community. Develop 5 new programs and have 2 new successful programs running by Q4. Create new programs to replace all phased out programs by Q4.	IP	Staff is reviewing current programs and enrollment numbers. Adding two new camps to bridge the gap between camp and the start of school. Wiffle Ball- For the Spring of 2017 HEPD with offer a Wiffle Ball league that will be contracted out to WAKA. Q4
	(REC) Research opportunities to offer a Fall Boy Scouts Skills Challenge Course at Fabrini Park. Complete by end of Q3, if applicable institute at end of 2016.	IP	Staff is currently working with two boy scouts on their eagle scout project(s). Staff has also developed a climbing program at PSS&WC specifically for scouts as a challenge for their ability to obtain certain scout badges.

District Objective 2: Achieve customer satisfaction and loyalty

Division Objectives	Measures/Action	Status	Achievement Level/Comments
Expand Marketing communications with the use of social media and mobile applications (<i>short term</i>)	(FAC) Work with C&M to develop and integrate a fitness member survey, to assess member's needs for TC and WRC Fitness Centers. Q1-Develop survey Q2&Q4 - Administer survey	IP	C&M has developed the survey. It will be distributed in Q4.
Develop brand identification and tagline to increase community awareness of District parks, programs, facilities and services (<i>mid-term</i>)	(C&M) Develop an easy, quick, but quality online survey to measure customer satisfaction for special events and programming.	C	The new tagline and updated brand identity is complete. Staff will be implementing in Q4 a social media contest to promote the brand, which will run through Fall 2017. Online survey for Party in the Park is completed.
Develop plans to meet increased program needs of 50+ population.	(C&M) Measure satisfaction with the overall quality and user-friendliness of the website particularly as it relates to registration and a means for communication. Create an ongoing online short survey by Q3, no more than 12 questions, implement in Q4.	C	One successful example of this user-friendliness is the 50+ newsletter which averages a 40% open rate. HEPD Online survey is in place. Survey results regarding online registration is that it is difficult – Ease of Registration scored 1.7 out of 4. We are limited by Rectrac's online registration; it is not flexible to changes.
Expand Pickle ball opportunities and evaluate need for additional courts.	(REC) Partner with the Village of Hoffman estates and the Hoffman Estates Chamber of Commerce to start our "Providing a community for lifelong living" initiative. HEPD- recreation and activity, VOHE – health screening and services; HECC – resources for 50+ needs. Complete by Q4.	SC	Pickle ball courts will be painted during the refinishing of TC's gymnasium. We will work to provide more structured play and possibly a league. The 50+ programming continues to provide additional programming in various areas including partnerships with the VOHE and the HECC.
Educate parents regarding the child development benefits in our programs and services.	(REC) Evaluate the expansion of Pickle Ball courts to Victoria Park during 2016 resurfacing project. Complete by Q3 if applicable.	C	Planning and Development Director Buczkowski will be adding pickle ball court striping to the tennis court resurfacing project at Victoria Park in 2016. This will offer additional opportunities to play pickle ball while at the same time not affect the tennis court users. This was completed on June 20th
