SECTION XV. NON-DISCRIMINATION, ANTI-HARASSMENT & ANTI-BULLYING

The Park District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that prohibits discriminatory practices, including harassment. Therefore, the Park District expects that all relationships among persons in the workplace will be businesslike and free of bias, prejudice and harassment.

This policy should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected characteristic, from participating in business or work-related social activities or discussions in order to avoid allegations of harassment. The law and policies of the Park District prohibit disparate treatment on the basis of sex or any other protected characteristic, with regard to terms, conditions, privileges and prerequisites of employment. The prohibition against discrimination, harassment, and retaliation are intended to complement and further these policies, not to form the basis of an exception to them.

PREGNANCY

The park District prohibits and does not tolerate discrimination against anyone on the basis of pregnancy and is committed to making reasonable accommodations related to pregnancy, childbirth, and medical or common conditions related to pregnancy or childbirth. The Park District will treat all applicants and employees who are pregnant in the same manner as any other applicant or employee with regard to job-related functions, benefits, opportunities, and purposes. No person or employee, no matter his or her title or position, has the authority, whether express, actual, apparent, or implied, to discriminate against a pregnant employee or applicant.

The Park District will not deny or remove a pregnant employee from a position because the employee is pregnant, considering pregnancy, or experiencing any pregnancy-related problems. All decisions regarding a pregnant employee's placement in or continuation in a job will be based on the same consideration that governs all employment decisions – the employee's ability to satisfactorily preform the essential duties of the job in question, with or without reasonable accommodation.

If you have a question, complaint, or problem related to pregnancy discrimination, you should relate such question, complaint, or problem to your department head. If you feel uncomfortable doing so, or if your department head is the source of the problem, condones the problem, or ignores the problem, report to the Director.

If neither of these alternatives is satisfactory to you, then you can direct your questions, problems, complaints, or reports to the Board of Park Commissioners. You are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed.

REASONABLE ACCOMMODATION

Employees who believe they need a reasonable accommodation to perform the essential functions of their job should contact their department head. The park District encourages employees to come forward and request reasonable accommodation. If you feel uncomfortable making an accommodation request to your department head, or you believe your accommodation request was not properly managed, report the occurrence to the Director.

On receipt of an accommodation request, your department head and your immediate supervisor will meet with you to discuss and identify the precise limitations resulting from the pregnancy and the potential accommodation the Park District might make to help overcome those limitations to allow you to perform the essential job functions of your position.

The Park District will determine the feasibility of the requested accommodation, considering various factors, including but not limited to, the nature and cost of the accommodation, the Park District's overall financial resources, the accommodation's impact on the operation of your department, including the ability of other employees to perform their duties, and the Park District's ability to provide its services to the public.

What is considered a reasonable accommodation will be based on a case-by-case analysis. The Park District will inform the employee of its decision on the accommodation request or on how to make the accommodation. If the accommodation request is denied, employees/unpaid interns will be advised of their right to appeal the decision by submitting a written statement explaining the reasons for the request.

While we hope to be able to resolve any complaints of discrimination within the Park District, we acknowledge your right to contact the Illinois Department of Human Rights (IDHR) at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago, Illinois 60601, about filing a formal complaint, and, if it determines there is sufficient evidence of discrimination to proceed further, it will file a complaint with the Illinois Human Rights Commission (HRC), located at the same address on the fifth floor. If the IDHR does not complete its investigation within 365 days, you may file a complaint directly with the HRC between the 365th and the 395th day.

It is the responsibility of each and every employee, officer, official, park commissioner, agent, volunteer, and vendor of the Park District as well as anyone using the Park District's facilities, to refrain from sexual and other harassment. The Park District will not tolerate sexual or any other type of harassment of or by any of its employees and elected officials. Actions, words, jokes, or comments based on an individual's sex, race, national origin, age, religion, or any other legally protected characteristic will not be tolerated.

DEFINITIONS OF HARASSMENT

1. Sexual harassment may occur whenever there are unwelcome sexual advances, requests for sexual favors, or any other verbal, physical or visual conduct of a sexual nature when:
 - a. submission to the conduct is made either implicitly or explicitly a condition of the individual's employment;
 - b. submission to or rejection of the conduct is used as the basis for an employment decision affecting the harassed employee; or,
 - c. the harassment has the purpose or effect of interfering with the employee's work performance or creating an environment that is intimidating, hostile, or offensive to the employee.

Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include, but are not limited to: unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering; catcalls or touching; insulting or obscene comments or gestures; display or circulation in the workplace of sexually suggestive objects or pictures (including through e-mail); and other physical, verbal or visual conduct of a sexual nature.

2. Harassment on the basis of any other protected characteristic is also strictly prohibited. Under this policy, harassment is verbal or physical conduct that denigrates or shows hostility or aversion toward an individual because of his/her race, color, religion, sex, age, national origin, disability or any other characteristic protected by law or that of his/her relatives, friends or associates, and that: (i) has the purpose or effect of creating an intimidating, hostile or offensive work environment; (ii) has the purpose or effect of unreasonably interfering with an individual's work performance; or (iii) otherwise adversely affects an individual's employment opportunities.

Harassing conduct includes, but is not limited to: epithets, slurs or negative stereotyping; threatening, intimidating or hostile acts; denigrating jokes and display or circulation in the workplace of written or graphic material that denigrates or shows hostility or aversion toward an individual or group (including through e-mail).

Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business trips, professional conferences, business meetings and business-related social events.

Note: Any employee engaging in practices or conduct constituting sexual harassment, discrimination or harassment of any kind shall be subject to disciplinary action, up to and including discharge.

RETALIATION IS PROHIBITED

The Park District prohibits retaliation against any individual who reports discrimination or harassment, participates in an investigation of such reports, or files a charge of discrimination or harassment. Retaliation against an individual for reporting harassment or discrimination, for participating in an investigation of a claim of harassment or discrimination, or for filing a charge of discrimination or harassment is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action.

REPORTING PROCEDURE

The Park District strongly urges the reporting of all incidents of discrimination, harassment or retaliation, regardless of the offender's identity or position. Early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment or discrimination. Therefore, while no fixed reporting period has been established, the Park District strongly urges the prompt reporting of complaints or concerns so that rapid and constructive action can be taken.

The availability of this reporting procedure does not preclude individuals who believe they are being subjected to harassing or discriminatory conduct from promptly advising the offender that his or her behavior is unwelcome and requesting that it be discontinued.

If you experience or witness harassment or discrimination of any kind, you should deal with the incident(s) as directly and firmly as possible by clearly communicating your position to the offending person, your immediate supervisor, your department head, and/or the Director. You should also document or record each incident (what was said or done, by whom, the date, time and place, and any witnesses to the incident). Written records such as letters, notes, memos, e-mails and telephone messages can strengthen documentation. It is not necessary that the harassment be directed at you to make a complaint.

- **Direct Communication with the Offender:** If there is harassing or discriminatory behavior in the workplace, you should directly and clearly express your objection to the offending person(s) regardless of whether the behavior is directed at you. If you are the harassed employee, you should clearly state that the conduct is unwelcome and the offending behavior must stop. However, you are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed below. The initial message may be oral or written, but documentation of the notice should be made. If subsequent messages are needed, they should be put in writing.
- **Report to Supervisory and Administrative Personnel:** At the same time direct communication is undertaken, or in the event you feel threatened or intimidated by the offending person, you should promptly report the offending behavior to

your immediate supervisor, department head or the Director. If you feel uncomfortable doing so, or if your immediate supervisor and/or department head is the source of the problem, condones the problem or ignores the problem, report directly to the Director. If the Director is the source of the problem, condones the problem, or ignores the problem, you should contact the President of the Board of Park Commissioners.

- Report to Director/President of the Board of Park Commissioners: An employee may also report incidents of harassment or discrimination directly to the Director. The Director or his designee will promptly investigate the facts and take corrective action when an allegation is determined to be valid. If your complaint alleges harassment by the Director, or if the Director condones the problem or ignores the problem, you should immediately report the incident(s) in writing directly to the President of the Board of Park Commissioners. An investigation will be conducted and appropriate action will be taken when an allegation is determined to be valid. At no time will personnel involved in the alleged harassment conduct the investigation.

HARASSMENT ALLEGATIONS AGAINST NON-EMPLOYEES / THIRD PARTIES

If you make a complaint alleging harassment or discrimination against an agent, vendor, supplier, contractor, volunteer or person using Park District programs or facilities, the Director will investigate the incident(s) and determine the appropriate action, if any. The Park District will make reasonable effort to protect you from further contact with such persons. Please recognize, however, that the Park District has limited control over the actions of non-employees.

Important – Notice to All Employees: Employees who have experienced conduct they believe is contrary to this policy have an obligation to take advantage of this reporting procedure. An employee's failure to fulfill this obligation could affect his or her rights in pursuing legal action.

RESPONSIBILITY OF SUPERVISORS AND WITNESSES

Any supervisor who becomes aware of any possible sexual or other harassment or discrimination of or by any employee should immediately advise the Director who will investigate the conduct and resolve the matter as soon as possible.

All employees are encouraged to report incidents of harassment, regardless of who the offender may be or whether or not you are the intended victim.

THE INVESTIGATION

Any reported allegations of harassment, discrimination or retaliation will be investigated promptly. The Park District will make every reasonable effort to conduct an investigation in a responsible and confidential manner. However, it is impossible to guarantee absolute confidentiality. The investigation may include individual interviews

with the parties involved, and where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. The Park District reserves the right and hereby provides notice that third parties may be used to investigate claims of harassment. You must cooperate in any investigation of workplace wrongdoing or risk disciplinary action, up to and including termination.

RESPONSIVE ACTION

The Park District will determine what constitutes harassment, discrimination or retaliation based on a review of the facts and circumstances of each situation. Misconduct constituting harassment, discrimination or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment, temporary suspension without pay or termination, as the Park District believes appropriate under the circumstances.

FALSE AND FRIVOLOUS COMPLAINTS

Given the possibility of serious consequences for an individual accused of sexual harassment, complaints made in bad faith or otherwise false and frivolous charges, are considered severe misconduct and may result in disciplinary action, up to and including dismissal.

While we hope to be able to resolve any complaints of harassment within the Park District, we acknowledge your right to contact the Illinois Department of Human Rights (IDHR) at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago Illinois 60601, about filing a formal complaint, and, if it determines that there is sufficient evidence of harassment to proceed further, it will file a complaint with the Illinois Human Rights Commission (HRC), located at the same address on the fifth floor. If the IDHR does not complete its investigation within 365 days, you may file a complaint directly with the HRC between the 365th and the 395th day.

XVI. ALCOHOL AND DRUG ABUSE

1. PURPOSE

The District ("District") has implemented this Policy in response to overwhelming evidence that alcohol and drug abuse has a detrimental impact on job performance, safety, and efficiency. Since District employees design, prepare, operate, and maintain District facilities, programs, equipment, parks, and services for use by District patrons and are in contact, either directly or indirectly, with District patrons, the District wishes to assure the health, safety, and welfare of its patrons and employees. This Policy also expresses the District's desire to satisfy the requirements of the federal and state Drug Free Workplace Acts (41 U.S.C.A. § 701 et seq. and 30 ILCS 580/1 et seq.). In accordance with these statutes and concerns, the District has resolved to maintain a drug and alcohol free workplace.

The purpose of this Policy is to inform employees of the District's investigation, treatment and disciplinary policy relating to alcohol and drugs. This Policy shall be deemed part of the District's personnel policies. As such, all District employees shall abide by its terms. This Policy is subject to periodic addition, modification, or deletion upon notice to employees.

2. ACTS PROHIBITED

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, including cannabis (legal/medical or otherwise) and alcohol is prohibited on District Property or while operating a park district vehicle, or any other vehicle in pursuit of Park District business.

3. DEFINITIONS

- a. "Alcohol" means any substance containing any form of alcohol, including but not limited to: ethanol, methanol, propanol and isopropanol.

- e. "Director" is the Executive Director of the Hoffman Estates Park District.
- f. "District Property" means any building, park, gym, pool, office, common area, open space, vehicle, parking lot, or other area owned, leased, managed, used or controlled by the District. District Property shall include property used by District patrons while on District sponsored events or field trips.
- g. "Drugs" mean Legal Drugs and Controlled Substances, including Cannabis.
- h. "Legal Drugs" mean prescription drugs and over-the-counter drugs which have been obtained legally and are being used in the manner and for the purpose for which they were prescribed or manufactured.

- m. "Under the Influence" means that the employee is affected by alcohol or drugs in any determinable manner. A determination of being Under the Influence can be established by a professional opinion, a scientifically valid test, a lay person's opinion, or the statement of a witness.

4. VOLUNTARY TREATMENT

It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to disciplinary action. Employees who suffer from alcohol or drug abuse are encouraged to voluntarily consult with District management and undergo appropriate medical treatment. Participation in such treatment will be at the employee's expense. District management will keep such voluntary discussions and medical treatment confidential in accordance with this Policy. The District wishes to assure all employees that there will be no adverse employment consequences as a direct result of an employee voluntarily and successfully completing medical treatment.

5. SCREENING AND TESTING

The District may require employees who work on or near vehicles or machinery, handle hazardous materials or substances of any kind, or have Public Safety Responsibility to be screened or tested on a random basis, or may require any employee to be screened or tested upon reasonable suspicion that the employee is Under the Influence of alcohol or drugs. The screening or testing will be conducted by a Medical Facility selected by the District at District's expense. The screening or testing may require an analysis of the employee's breath, urine and/or blood or such similar substance as the Medical Facility may recommend. Employees who undergo alcohol or drug screening or testing will be given the opportunity, prior to the collection of a specimen or other testing, to disclose the use of Legal Drugs and to explain the circumstances of their use.

Each District employee is required to sign a consent form at the time this Policy is distributed to the employee. Prospective employees will be required to sign a consent form prior to taking the pre-employment physical. Each employee and prospective employee may also be required to sign a separate consent form requested by the Medical Facility conducting the screening or testing. Refusal to sign any requested consent form will result in non-hire or disciplinary action. Such disciplinary action may include termination as deemed appropriate by the District, in its sole discretion, under the circumstances.

6. TREATMENT

If the Medical Facility recommends treatment, the District will give the employee one opportunity to undergo treatment offered by a clinic or trained professional mutually acceptable to the District and employee. Participation in such treatment will be at the employee's expense. The employee must enter the treatment program within ten (10) days from the time of recommendation of treatment. The District will reinstate the employee provided that the employee submits a statement issued by the Medical Facility certifying that the employee has successfully completed the treatment program and that the employee is released to return to work.

7. USE OF LEGAL DRUGS

Any employee who works on or near vehicles or machinery, handles hazardous materials or substances of any kind, or has Public Safety Responsibility and who has taken a Legal Drug must report the use of such Legal Drug to the Director if the Legal Drug causes drowsiness or if it alters perception or reaction time (this includes legal medical cannabis). The burden is on the employee to ascertain from his doctor or pharmacist whether or not the Legal Drug has such a potential side effect. The information will be retained by the District in a confidential manner and will be disclosed only to persons who need to know. The employee's Immediate Supervisor, after conferring with the Director, will decide whether

or not an employee may safely continue to perform his job while using the Legal Drug. Failure to declare the use of such Legal Drugs will be cause for discipline.

8. NOTICE OF CONVICTIONS

Any employee who is convicted of violating any federal or state criminal drug statute on District Property must notify the Director within five (5) days of such conviction. For purposes of this notice requirement, a conviction includes a finding of guilt, a no contest plea, and/or an imposition of sentence by any judicial body for any violation of a criminal statute involving the unlawful manufacture, distribution, sale, dispensation, possession or use of any controlled substance or cannabis.

9. DISCIPLINE/PENALTIES FOR VIOLATION

- A. An employee who reports to work Under the Influence of Alcohol, Controlled Substances, or Cannabis or who manufactures, possesses, uses, sells or dispenses alcohol, controlled substances, or cannabis while on District Property, is convicted of a drug related crime, causes financial or physical damage to the District, District Property or its employees, or fails to report the use of Legal Drugs in accordance with this Policy, will be disciplined or must successfully complete a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State or local health, law enforcement or other appropriate agency and by the District. On the first occurrence, discipline may consist of suspension with or without pay, termination, and/or successful completion of a drug assistance or rehabilitation program as deemed appropriate by the District, in its sole discretion, under the circumstances. The employee will be terminated on the second occurrence.
- B. The District will terminate an employee (1) if the employee refuses to submit to diagnosis, testing or screening upon request of the District; (2) if the employee tampers in any way with the specimen given to the Medical Facility for purposes of drug screening or testing; (3) if the Medical Facility recommends treatment and the employee refuses to undergo such treatment; (4) if, while undergoing treatment, the employee fails or refuses to follow the course of treatment; (5) if the employee, who undergoes treatment, is again Under the Influence of Alcohol or drugs in violation of this Policy; or, (6) if the employee fails to notify the Director of a conviction for violating any Federal or State Criminal Drug Statute in accordance with Section VIII of this Policy.
- C. An employee who participates in a treatment program will be expected to meet job performance standards and comply with all rules established by the District. Participation in a treatment program will not, in itself, protect the employee from disciplinary actions should job performance remain unsatisfactory. The District, however, will not take adverse action against

an employee because he voluntarily and successfully completes medical treatment.

10. PRE-EMPLOYMENT SCREENING

As a final prerequisite in the District's employment selection procedure, persons otherwise offered a position with the District will be required to undertake a physical examination which will include a drug and alcohol screening test.

11. INSPECTIONS

In order to assure that employees comply with the prohibition on manufacturing, distributing, dispensing, possessing, or using alcohol, controlled substances, or cannabis, employees may be subject to inspection as follows:

- A. Lockers, desks, files, vehicles, equipment and other District containers and property that an employee is permitted to use during employment with the District are and remain the property of the District. Employees are not permitted to keep controlled substances, cannabis or alcohol in or on such property. Any such property reasonably suspected of having or holding such substances is subject to search by the District.
- B. Any refusal to submit to such an inspection will be treated as an act of insubordination and will result in disciplinary action which may include termination.

12. RECORDS

The District will maintain medical records relating to alcohol or drug abuse, diagnosis, and treatment confidential and in a file separate from the regular personnel file. Access will be limited to those who need to know. The District will not disclose these records to persons outside the District without the employee's consent unless disclosure of the records is necessary for legal or insurance purposes.

13. DISTRIBUTION OF POLICY TO EMPLOYEES - EFFECTIVE DATE

Every District employee, including employees who may be engaged in the performance of any contract for the procurement of any property or services from any federal or state agency, shall be given access to the District's shared drive to view or print a copy of this Policy upon the earlier to occur of such employee's initial employment with the District or the effective date of this Policy. The employee must acknowledge that they have reviewed and understand the personnel policies of the district. This document will be filed in the employees personnel file. The effective date of this Policy is May 27, 2009.

CONSENT TO DRUG AND/OR ALCOHOL SCREENING OR TESTING

I hereby voluntarily consent to submit to drug and/or alcohol screening or testing by a physician, clinic, laboratory or medical facility chosen by the Hoffman Estates Park District ("District") at the District's expense. I hereby consent to the physician, clinic, laboratory or medical facility taking and analyzing a sample or specimen of my breath, urine, saliva, blood and other similar substance. I also authorize the physician, clinic, laboratory or medical facility to disclose his, her or its findings, conclusions, and opinions regarding the drug and/or alcohol screening or testing to a District official or his designee.

I hereby further consent to District's contacting my physician or pharmacist to verify my reported use of legal drugs in accordance with the District's Alcohol and Drug Abuse Policy and authorize my physician or pharmacist to provide all information requested by the District regarding my use of such drugs including without limitation the possible effects of such use on my performance of my job functions.

I also acknowledge receiving, reading and understanding the District's Alcohol and Drug Abuse Policy. I understand that, in accordance with this Policy, failure to execute this document and submit to drug and/or alcohol screening or testing, or failure to report to the District the use of legal drugs as required by the Policy, will result in non-hire or disciplinary action which may include termination.

SECTION XIV. FAMILY AND MEDICAL LEAVE

If you have been employed by the District for at least twelve (12) months and have worked at least 1,250 hours for the District during the previous twelve (12) month period immediately preceding the commencement of leave, you are entitled to a total of twelve (12) weeks of unpaid leave during any twelve (12) month period for (1) the birth and care of your child; (2) the placement of a child in your home for either adoption or foster care; (3) to care for your spouse, child or parent with a serious health condition; and/or, (4) your own serious health condition that makes you unable to perform the functions of your job. Where leave is foreseeable, you must give at least thirty (30) days prior written notice of your intentions to take such leave to your Immediate Supervisor.

You may elect, or the District may require you, to substitute accrued paid leave for a corresponding portion of Family and Medical Leave. The balance of the twelve (12) weeks of Family and Medical Leave remaining after substituting such paid leave shall be without pay.

Family and Medical Leave taken for the birth or placement of a child may not be taken intermittently or on a leave schedule that reduces the number of hours per week, or hours per day that you work ("Reduced Leave Schedule") unless you and the Director, in his sole discretion, agree on such a schedule. However, you may take leave on a Reduced Leave Schedule for your own serious health condition or to care for your spouse, child or parent with a serious health condition. If you are going to request a Reduced Leave Schedule for foreseeable medical treatment, you must make every reasonable effort to schedule planned medical treatment on off-duty hours. Further, if you will be on a Reduced Leave Schedule, the District reserves the right to temporarily transfer you to an available alternate position for which you are qualified that better accommodates such a schedule.

While on Family and Medical Leave, you will not accrue, earn, or be granted vacation leave, personal leave, sick leave or any other leave or benefit. You will receive health insurance benefits, but you will be required to pay any and all costs, if any, associated with the health insurance as if you were not on leave (e.g., deductibles, dependent's premiums). If you return to work following Family and Medical Leave, as scheduled, the District will return you to your previous position or an equivalent position. However, you will not be restored to your previous position or an equivalent position if you would have been laid off had you not gone on leave; you will be put on the same status you would have been on had you not gone on leave. If you fail to return to work following your leave, you will be considered to have voluntarily abandoned your position and for that reason you will be dismissed. Further, the District may institute legal proceedings to recover the cost of maintaining your health insurance (including dependent coverage as well as your own) during your leave.

The District reserves the right to require you to obtain a second or third medical opinion (at the District's cost), submit all certifications, and maintain periodic contact with the District regarding your status during leave. If you are on leave for your own serious health condition, you must submit a certification from your doctor that you are able to

work prior to resuming to work. Further, the District reserves any and all other rights granted to it by such Act.

Employees seeking Family and Medical Leave may receive a detailed statement concerning their rights and privileges under the Family and Medical Leave Act, as well as those of the District, by contacting the Business Services Office.

Employees will be notified of their right to utilize the Family Medical Leave Act if it becomes apparent to the District that the employee may miss more than three days of work for covered reasons.

Military Family Leave

On January 28, President Bush signed into law the National Defense Authorization Act for FT 2008 (NDAA), Public Law 110-181. Section 585 (a) of the NDAA amended the FMLA to provide eligible employees working for covered employers two important new leave rights related to military service:

1. **New Qualifying Reason for Leave.** Eligible employees are entitled to up to 12 weeks of leave because of “any qualifying exigency” arising out of the fact that the spouse, son, daughter, or parent of the employee is on active duty, or has been notified of an impending call to active duty status, in support of a contingency operation. By the terms of the statute, this provision requires the Secretary of Labor to issue regulations defining “any qualifying exigency.” In the interim, employers are encouraged to provide this type of leave to qualifying employees.
2. **New Leave Entitlement.** An eligible employee who is the spouse, son, daughter, parent, or next of kin of a covered service member who is recovering from a serious illness or injury sustained in the line of duty on active duty is entitled to up to 26 weeks of leave in a single 12-month period to care for the service member. This provision became effective immediately upon enactment. This military caregiver leave is available during “a single 12-month period” during which an eligible employee is entitled to a combined total of 26 weeks of all types of FMLA leave.

SECTION XV. NON-DISCRIMINATION, ANTI-HARASSMENT & ANTI-BULLYING

The Park District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that prohibits discriminatory practices, including harassment. Therefore, the Park District expects that all relationships among persons in the workplace will be businesslike and free of bias, prejudice and harassment.

This policy should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected characteristic, from participating in business or work-related social activities or discussions in order to avoid

Child Bereavement Leave

All employees eligible for leave under the federal Family and Medical Leave Act of 1993 (FMLA) shall be eligible for bereavement leave in accordance with the Child Bereavement Leave Act, which provides up to a maximum of 2 weeks (10 working days) of unpaid bereavement leave to: (1) attend the funeral or alternative to a funeral of a child; (2) make arrangements necessitated by the death of a child; or (3) grieve the death of a child.

The Child Bereavement Leave Act defines "child" as an employee's son or daughter who is a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis.

Eligible employees may elect to substitute accrued and unused paid leave for unpaid leave for bereavement leave under the Child Bereavement Leave Act.

XVIII. PARK DISTRICT CHILD ABUSE AND NEGLECT POLICY

It shall be the policy of the Park District to fully comply with the State of Illinois Abused and Neglected Child Reporting Act. The Park District will make every reasonable effort and precaution to prevent, detect, handle and report cases of suspected child abuse and neglect for children who come in direct contact with Park District programs, areas, and facilities.

Specific hiring, training, supervision, employee conduct and reporting procedures have been developed for applicants and employees who will supervise children.

Specifically:

1. An Acknowledgement Form will be signed by all full and part-time employees, Recreation Department volunteers and Contractual Service Providers, and retained on file by the District, indicating that they have knowledge and understanding of the Abused and Neglected Child Reporting Act requirements. (See Attachment A)
2. A Prior Conviction and Reference check will be completed by the Park District and is inclusive with the policies set forth by the Board of Commissioners.
3. All prospective staff will be interviewed in person prior to the decision to accept them as an employee for the Park District.
4. All full and part-time staff, Recreation Department volunteers, and Contractual Service Providers will receive in-service training by supervisory administrative staff. This orientation may include audio-visual, verbal and written materials on Park District policies and procedures regarding child abuse and neglect. Specific training guidelines will also include:

 - G. Wearing a means of staff identification at all times.

- H. Being alert to the physical and emotional state of children in their care.
5. Administrative/supervisory staff will make periodic unannounced visits to program sites to observe staff interaction with children and the behavior of individual children. These visits to program sites will be documented noting program, staff, time, location and observation.
 6. Attendance/illness records of children participating in programs will be periodically reviewed by administrative/supervising staff for instances of unusual absenteeism, or reluctance of children to participate in the programs.
 7. All reports of child neglect or abuse will be channeled through the Director of Recreation or the Executive Director in his/her absence. In the event that neither is available, a report will be made directly to the Department of Child and Family Services, and written notice submitted to Director of Recreation and Program Manager within 24 hours. Details of the report shall not be discussed with other staff or participants. Specific procedure for staff to handle allegations of abuse can be found in Attachment B.

Hoffman Estates Park District Procedure for Crisis Communication

Section XIX

3.001 Crisis Communication

A crisis (as it pertains to the Park District) is defined as any event that attracts keen public or media interest. Crisis may include the following: an accident, drowning, allegations of abuse, presentation of a legal action, a criminal act, allegations of official misconduct, etc. For crisis involving weather, fire, floods, hazardous materials, earthquakes, utility emergencies, civil or national disorders, ozone or heat alerts or serious illnesses or injuries, employees should refer to the *Emergency Action Plan*.

Any staff member, who discovers a situation he/she thinks may be a crisis or a potential crisis that would concern the public or media, must contact his/her supervisor who will then contact the head of the crisis team immediately. The head of the crisis team will decide whether to implement the crisis communication plan or simply to monitor and handle the situation carefully. If the head of the crisis team is unavailable, staff members will contact the next individual listed on the crisis team contact sheet who will initiate the crisis communication plan.

9. Continue to compile accurate information as quickly as possible.
10. Do not talk to the media. See Subsection V.

B. Supervisor Staff

1. Contact head of crisis team.

C. Crisis Team Members

1. Crisis team head contacts crisis team members.
2. Crisis team head contacts Board.
3. Crisis team meets to share information and confirm facts.
4. Interview staff involved.
5. Review the "fast facts" (available in the crisis management folder at each facility) pertinent to this particular crisis.
6. Designate the following: someone to monitor radio and television; someone to clip newspapers; someone to verify the facts obtained thus far.
7. Take immediate, corrective measures.
8. Draft a response statement (should indicate concern for public welfare, sympathy for the victims and a statement of corrective actions).
9. Inform clerical team (including office staff and receptionist of their duties. See Subsection III, part C, #5).

11. Schedule a press conference (if necessary).

12. Spokesperson addresses the media (via press conference, press release or interview).

*Reveal only the verified facts.
Do not reveal names of victims.
Do not assign blame.
Do not speculate.*

If you do not know an answer, say so, and then find the answer.

D. Action Plan for the Crisis Team

The following is a list of questions the crisis team should address immediately. Check as completed.

- Have the proper authorities been informed? (Police, fire, poison control, EPA, utility companies, etc.)
- Have the Park District attorney and Board members been notified?
- Has PDRMA been notified?
- Have the victims' families been contacted?
- Has the crisis been investigated? Is there a possibility of a second crisis?
- Has damage been estimated? Qualitative and Quantitative.
- How will the crisis team assure the public the crisis is under control?
- Has the media been made comfortable (power for equipment, coffee, etc.)?
- Will a press conference be scheduled? If so, press conferences will be held at the CCIA, 1685 W. Higgins Road, Hoffman Estates IL in the Board Room.

3. Contact the news media as directed by the spokesperson or public information coordinator.
4. Obtain information about callers and inquiries.

4. Board Members and their Role

If a Commissioner is asked about a crisis situation, he/she is encouraged to respond by stating the following: **"The situation is under investigation. The Park District will release appropriate information upon completion of its investigation."** This statement provides the crisis team with time to complete its assessment and formulate its response plan. Please note that Commissioners are encouraged to refer all questions to the designated spokesperson. The Executive Director/Crisis Team Head will consult with and update the President of the Park Board of Commissioners (and other Commissioners) as soon as possible after an incident to assess the situation and inform the Board of the Park District's response.

5. Employee/Commissioners: How to Deal with the Media

During a crisis, all information released to the media and the public will come through the crisis team via the designated Park District spokesperson. Employees who witness the event, responded to the event, or are in some way knowledgeable about the event may be approached by the media.

EMPLOYEES/COMMISSIONERS SHOULD DIRECT ALL INQUIRIES FROM REPORTERS OR OTHER INDIVIDUALS TO THE PARK DISTRICT SPOKESPERSON FOR ACCURATE INFORMATION.

Here are a few guidelines for employee/commissioners who are approached by reporters or other members of the public.

1. You do not have to speak to the press. A good response is as follows: **I AM NOT THE PROPER PERSON TO ANSWER THAT QUESTION. YOU MAY WANT TO DISCUSS THAT WITH OUR OFFICIAL AGENCY SPOKESPERSON (NAME OF PROPER PERSON).**
2. If you do not know the answer, simply say, "I do not know" and direct the reporter or individual to the Park District spokesperson.
3. It is permissible to express sympathy for any involved individuals, but you should direct specific questions to the Park District spokesperson.

4. DO NOT SAY, "NO COMMENT." It tends to imply guilt. Instead say, "It would be premature to discuss this matter until further investigation is completed" and then refer the reporter or individual to the Park District spokesperson.
5. Don't joke. Don't say anything you wouldn't want to see in print.
6. Don't make an "off-the-record" statement. The confidentiality cannot be guaranteed.
7. Crisis Team Emergency Contact List

In the event of a crisis or emergency, the highest-ranking staff member will contact the following individuals in the order in which they are listed to implement the crisis management plan. Please make note of the date and time each team member was contacted. If you do not receive an answer, move to the next person on the list.

5.19 IDENTITY PROTECTION POLICY

This policy is enacted in compliance with the Illinois Identity Protection Act, 5 ILCS 179/1 *et seq.* (the "Act"), which requires all local government agencies to approve an identity-protection policy.

In conformance with the provisions of said Act:

1. All employees who have access to social security numbers in the course performing their duties shall be required to attend training on the protection of confidentiality of social security numbers. The training will include instructions on the proper handling of information that contains social security numbers from the time of collection through the destruction of the information.
2. Only employees who are required to use or handle information or documents that contain social security numbers may access such information or documents.
3. Any request for social security numbers from individuals shall be done in a manner that allows the social security number to be easily redacted if a document is required to be released as part of a public records request.
4. Any request for social security numbers from individuals shall include a statement of the purpose or purposes for which the social security number is being collected and used.
5. Social Security numbers will only be collected or disclosed for documented purposes as defined with the Illinois Identity Protection Act, 5ILCS 179/1 *et seq.*

Violation of the provisions of this policy by employees of the Park District shall be grounds for discipline up to and including dismissal.

5.20 Cellular Antenna (Tower)

Cellular antennas in today's society are widely accepted as necessary infrastructures required to support the use of cellular phones. With the need to locate cellular antennas in all areas requiring coverage, the number of cellular antennas located within the park district's boundaries is substantial.

Regarding the ultimate placement of cellular antennas, regulations require cellular antenna companies to place their cellular antennas on publicly owned property if available and approved

XVII. BLOODBORNE PATHOGENS AND INFECTIOUS DISEASES GUIDELINES

The following guidelines have been approved by the Board effective January 1996. These guidelines are based on an extensive review of currently available data, including recommendations from and guidelines published by the Centers for Disease Control, the American Academy of Pediatrics, the U.S. Public Health Service and the office of the Surgeon General, as well as regulations as adopted by the Illinois Department of Labor (IDOL) with respect to blood borne pathogens. These guidelines may be revised as deemed appropriate, as additional information becomes available.

Communicable diseases are a hazard to which all humans are constantly exposed. The existence, transmission, infection and severity of associated illness vary according to the type of disease. In recent years concern has been demonstrated over the "blood borne pathogens." The Hepatitis B Virus ("HBV") has been a concern for many years; however, more recently, the Human Immunodeficiency Virus ("HIV"), which can also cause Acquired Immunodeficiency Syndrome ("AIDS"), has emerged as one of the most serious blood borne pathogens.

The District recognizes that the AIDS epidemic is a genuine health crisis. It is the District's desire to exercise appropriate measures to assist in the prevention of the spread of the disease and to minimize workplace exposure to the disease. The existence of the crisis, however, does not warrant panic, hysteria or unreasonable measures which could have the effect of unnecessarily diminishing the quality of the services provided by the District to the public or the dignity of the people it serves. The Board acknowledges its desire and obligation to respond effectively to the genuine concerns of the public consistent with its obligation to discharge its duties in accordance with applicable laws.

While serving the public, park and recreation agencies and their employees are subject to situations where communicable disease exposure and transmission is possible. The points of exposure involve staff and the public alike.

The District further recognizes that employees with life-threatening illness, or infectious diseases including but not limited to AIDS and Hepatitis B, may wish to continue to engage in as many of their normal pursuits as their condition allows, including work. As long as these employees are able to meet acceptable performance standards, and medical evidence indicates that their condition is not a health threat to others, the District believes it should take affirmative steps to reasonably ensure that they are treated consistently with other employees.

The following guidelines are intended to assist the District in achieving a reasonable balance between individual and societal concerns relating to AIDS, Hepatitis B, and other communicable diseases as they pertain to the operations of the District. They are not intended to create, and shall not be construed as creating contractual or other obligations on the part of the District or rights on the part of employees, program participants or park users, which are not already (and independent of the promulgation of these guidelines) imposed by law.

Where the context of these guidelines permit, words in the masculine gender shall include the feminine and neuter genders and words in the singular number shall include the plural number. The descriptive headings of the various sections or parts of these guidelines are for convenience only. They shall not affect the meaning or construction or be used in the interpretation of these guidelines or any of its provisions.

I. CURRENT INFORMATION

A. Human Immunodeficiency Virus (HIV) and AIDS

All current scientific evidence supports the following conclusions:

1. The HIV virus, which can cause AIDS, is fragile outside the body. Soap and water, rubbing alcohol and household bleach will kill the virus.
2. HIV is an infectious disease. It is contagious, but it cannot be spread in the same manner as a common cold or measles or chicken pox. The HIV virus is known to be transmitted through intimate sexual contact, injection or puncture with a contaminated needle, receiving into one's bloodstream infected blood or blood products, from mother to fetus and possibly through breast feeding. It also can be transmitted by infected blood or other body fluids coming into contact with non-intact skin (i.e., cuts, open sores or lesions, skin that is chafed or abraded, and even hang-nails).
3. There is no current evidence that HIV or AIDS is spread by casual social contact such as shaking hands, hugging, social kissing, crying, coughing, sneezing, spitting or runny nose.
4. There is no current evidence that HIV or AIDS has been contracted from swimming in pools or hot tubs, from toilet seats, bathtubs or showers, or from eating in restaurants, or using dishes, glasses, straws, utensils or food handled by a person with HIV or AIDS.
5. There is no current evidence that HIV or AIDS has been contracted from common surfaces, linens, clothing, telephones, office machinery, furniture or other articles touched by a person with HIV or AIDS.
6. Although in an infected person the HIV virus or AIDS may be found in a variety of body fluids and secretions including semen, blood, mucus, saliva, and tears, there is no current evidence that saliva or tears have transmitted the HIV virus or AIDS.
7. Although current evidence indicates that the HIV virus or AIDS may not be transmitted through casual social contact, certain opportunistic infections such as pneumonia, tuberculosis, and salmonellosis, which may be so transmitted, are sometimes also found in persons with HIV or AIDS in the

latter stages of the disease, and may be so transmitted. These other opportunistic infections may be transmitted through social contact.

B. Hepatitis B Virus (HBV)

The Hepatitis B Virus ("HBV") causes Hepatitis B, a serious liver disease previously known as Serum Hepatitis. Symptoms of Hepatitis B include anorexia, malaise, nausea, vomiting, abdominal pain, jaundice, skin rashes, arthralgia and arthritis. The fatality rate for the disease is less than two percent. Hepatitis B can also cause acute and chronic hepatitis, cirrhosis and cancer of the liver.

Like HIV, HBV is an infectious and contagious disease. HBV also is known to be transmitted through intimate sexual contact, injection or puncture with a contaminated needle or other sharp object, receiving into one's bloodstream infected blood or blood products, and from mother to fetus. Like HIV, HBV also can be transmitted by infected blood or other body fluids coming into contact with a person's mouth, nose, other mucous membrane or non-intact skin (i.e., cuts, open sores or lesions, skin that is chafed or abraded and even hang-nails).

HBV is a heartier virus than HIV. According to the Centers for Disease Control, it can survive for at least one week in dried blood on environmental surfaces or contaminated needles and other sharp objects.

There are two types of hepatitis B vaccines currently licensed and available in the United States. Vaccination is recommended for persons who may have occupational exposure to blood or blood-contaminated body fluids and for unvaccinated persons who actually have contacted such fluids.

C. Other Communicable Diseases

Other common infectious diseases which can pose a threat to children and adults include the following:

Disease	Transmission
Chicken Pox (Varicella)	Respiratory Secretions & Lesion Secretions
Meningitis	Respiratory Secretions
Mumps.....	Respiratory Secretions
Measles (Rubeola)	Respiratory Secretions
Pneumonia	Respiratory Secretions
Salmonellosis	Food Handling

Tuberculosis Airborne Droplets

Whooping Cough (Pertussis)..... Respiratory Secretions

Although these diseases are not regarded as bloodborne pathogen diseases, they can become serious if unrecognized and untreated. Many are common to children and exhibit signs and symptoms which are identifiable (e.g., measles result in spots). Sound hygienic practices are necessary to prevent the spread of these diseases.

II. PARTICIPATION IN DISTRICT PROGRAMS BY PERSONS INFECTED WITH THE HIV AND HBV VIRUSES, AND AIDS

A. In General

1. Persons shall not be asked whether they are infected with the HIV or HBV viruses or AIDS in registering for any program. In view of current evidence regarding HIV, AIDS or HBV transmission, infected persons should not be routinely excluded from or restricted with respect to any program. Decisions regarding participation shall be considered on a case by case basis and be individualized to the person and setting as would be done with any participant with a special health problem. In making such determination, the following factors should be considered:
 - a. The nature of the risk (how the diseases are transmitted);
 - b. The duration of the risk (how long is the carrier infectious);
 - c. The severity of the risk (what is the potential harm to third parties); what is the affected person's physical condition, behavior and ability to control the means by which the disease may be transmitted;
 - d. The probabilities that the disease(s) will be transmitted and will cause varying degrees of harm;
 - e. The possibility of increased risk to the infected participant of contraction of opportunistic diseases as the result of a compromised immune system or the possibility of other health or safety risks to such person by virtue of diminished physical or mental capacity attributable directly or indirectly to such infection(s).
2. Decisions regarding participation shall, to the extent practicable, be made using the team approach including the infected person (unless a minor), the person's physician, public health personnel, appropriate District personnel

and the tasks or procedures being performed in the area. In particular, all equipment and working surfaces must be cleaned and decontaminated after contact with blood or other potentially infectious materials. An appropriate disinfectant shall be used to decontaminate any work surface immediately or as soon as feasible after any known spill of blood, and at the end of the work shift if the surface may have become contaminated since the last cleaning.

VII. PRECAUTIONS

Because other infections in addition to the HIV virus, the Hepatitis B virus and AIDS can be present in blood or non-intact skin or exposed body tissue, excrement or other body fluids, the following routine procedures are required when handling blood (e.g., cleansing of and applying first aid to open wounds, stopping a nose bleed), excrement or urine (cleaning up "potty accidents" of young children), or other body fluids. It is to be emphasized that these procedures are required for all persons, not just those who may be infected with the AIDS virus or other infectious diseases. Precautionary procedures for handling blood and body fluids should be predicated on the assumption that all blood/body fluids are infectious. These procedures should be followed and enforced routinely.

A. General Procedures

1. Hand washing is one of the most important techniques for preventing the spread of disease. Hand washing should be done frequently by staff, volunteers, and participants and is required before and after food preparation, after toileting, after contact with any body fluids, etc. The District will provide single-use towels or hot air drying machines for such hand washing. Where soap and water is not available, antiseptic towelettes or handwipes may be used, followed as soon as possible by washing with soap and water.
2. Non-sterile gloves which are puncture-resistant and impervious to blood must be worn. Such gloves should be immediately available for use in areas where need is most predictable (first aid kits, near changing tables in day-care facilities, etc.). Care should be taken to avoid any bodily contact with blood or other bodily fluids of other persons. In particular, exposure of open skin lesions or weeping dermatitis or mucous membranes to blood or body fluids should be avoided. Even though gloves are used, hands must be washed with soap and water immediately and thoroughly after the gloves are removed.
3. Soiled surfaces and recreational materials of any kind (including e.g., van/bus seats, exercise mats, changing tables, etc.) should be promptly cleaned with disinfectants such as household bleach (diluted one (1) part bleach to ten (10) parts water). Bleach should not be placed directly on large amounts of protein matter (urine, stool, blood, sputum, etc.) in order to protect the employee from noxious fumes. Therefore, large quantities

of bodily waste or fluids should be cleaned up prior to disinfecting. If a mop is used, it should be rinsed in the disinfectant. These surfaces should be routinely cleaned and disinfected at the end of each work shift.

4. Disposable towels or tissues should be used whenever possible. After use they should be saturated with the disinfectant and disposed of in plastic bags rather than unlined containers.
5. When wiping up, emptying regular trash or washroom waste or sanitary napkin containers or cleaning up sharp objects (e.g., broken glass), employees must wear non-sterile, puncture-resistant gloves.
6. Employees should avoid placing their hands in trash or waste containers in order to "pack down" the trash and should otherwise handle trash with care. Puncture-proof or puncture-resistant gloves should be worn when emptying trash or garbage receptacles.
7. All cuts and open wounds should be covered following basic first aid procedures. Protective coverings, Band-Aids, bandage, etc. should be worn by all staff, volunteers or participants and provided by the District. Staff and volunteers are responsible for providing protective coverings to participants who have open lesions.
8. Sharing of personal items, such as combs, brushes, toothbrushes, lipstick, etc., should be avoided. Whenever possible, disposable items (e.g., cups and utensils) should be provided and not be shared by others.
9. Disinfectant should be stored in a safe area that is inaccessible to participants. (Note: Material Safety Data Sheets should be maintained for each disinfectant.)
10. Documentation of an incident of contact with blood or other body fluids should be made whether or not a participant or employee is known to have a communicable disease.
11. Hand soap and disposable towels or tissues and gloves should be available at all facilities.

B. Procedures for Cleaning Up Blood or Other Body Fluid Spills

1. Wear disposable gloves which should be discarded following cleanup. When disposable gloves are not available or unanticipated contact occurs, wash hands and other affected areas with soap and water immediately after contact.
2. Clean and disinfect soiled area immediately using paper towels, soap and water.

3. Disinfect area with 70%-90% isopropyl alcohol solution, or one (1) to ten (10) chlorine bleach solution, or quest.
4. Rinse clothing soaked with body fluids and place in a plastic bag to be sent home.
5. Place soiled sanitary napkins in plastic bags, secure and dispose.
6. Place paper towels and disposable gloves in plastic bags and dispose of same.
7. Wash hands and other skin that may have come in contact with bodily fluids thoroughly with soap and water or other antiseptic hand cleanser or flush eyes or other mucous membranes with water, immediately or as soon as feasible following contact of such body areas with blood, body fluids or other potentially infectious materials.
8. In situation where bleeding due to lacerations, cuts, etc. must be immediately controlled, persons administering first aid should provide patients with compress material and encourage them to administer self-help through direct pressure on their wound(s).

C. Procedures for the Cleaning of Equipment

1. Wash all toys with soap and water and rinse thoroughly as needed. Toys that participants put into their mouths should be washed after each use and should not be shared.
2. Clean all equipment such as mats, wedges, feeding chairs, etc., with soap and water as needed.
3. Use disinfectant solution to clean equipment when contact with blood or other body fluids has been made.
4. Clean cooking equipment thoroughly using soap and hot water.

D. Procedures for the Use of CPR Mouthpieces

The CPR Mouthpiece is designed to prevent direct physical contact between the user and victim. Mouthpieces will be provided by the District under conditions where staff/volunteers may be required to administer CPR.

1. Follow instructions for use that are provided with the mouthpiece.
2. If using a disposable mouthpiece, discard after use in an appropriate receptacle.

3. If using a reusable mouthpiece, clean in disinfectant solution of 70%-90% isopropyl alcohol, then rinse with water.
4. Wash hands immediately or as soon as feasible after removal and disposal of/disinfective of mouthpiece.

E. Food Handling

1. Maintain a clean area in the kitchen for serving food.
2. Utensils should be washed, rinsed and sanitized prior to food preparation.
3. Maintain a separate area of the kitchen for cleanups.
4. All leftover food, dishes, and utensils should be treated as if they were contaminated.
5. Pour liquid into sink drains.
6. Place disposable dishes in plastic-lined, covered receptacles.
7. Rinse dishes and utensils with warm water before placing them into dishwashers.
8. Rinse recyclable materials (e.g., cans, bottles) prior to placing them in recycle bins.
9. Clean sinks, counter tops, tables, chairs, trays, and other areas; follow up by applying an approved disinfectant.
10. Wash hands prior to removing clean dishes from the dishwasher or from cabinets.

F. Laundry

1. Use latex gloves when handling soiled items.
2. Launder diapers or other items soaked with body fluids separately.
3. Pre-soak heavily soiled items.
4. Follow manufacturer's directions for detergent use.
5. If the material is bleachable, add ½ cup of household bleach to the wash cycle.

6. If the material is not colorfast, add ½ cup non-chlorine bleach to the wash cycle.
7. Use hot cycle on washer and dryer.
8. Clean laundry carts when soiled linen is washing before using them for clean linen.

G. Diapering

1. Use preferred equipment for diapering such as a changing table, hand washing facility, disposable baby wipes, plastic bags, covered receptacle (especially for cloth diapers), disinfectant, and personal protective equipment.
2. Wash hands in all cases of diapering.
3. Put on latex gloves prior to diapering and remove gloves and dispose of properly after diapering.
4. Remove soiled diaper and place in appropriate receptacle. Disposable plastic bag should be removed at least once a day.
5. If other clothing is soiled, remove, rinse and place it directly in a plastic bag that is marked with the child's name, secure the bag with a fastener, and send the bag home with the child at the end of the day.
6. Cleanse genitals, perineum and buttocks with disposable baby wipes or soap and water.
7. Rinse well and dry skin prior to applying a clean diaper.
8. Wash the child's hands and then wash your own hands.
9. Wear disposable latex gloves to rinse and wring out cloth diapers in the toilet.
10. Report abnormal conditions (e.g., blood) to administration so that parents and health professionals can be properly notified.

The Park Board of Commissioners declares that, to the extent it is necessary, the Park Commissioners shall receive feedback from the residents of the District concerning the District's facilities and programs to assist them in managing and controlling the District's property and planning, establishing and maintaining recreational programs, and it is within the best interests of the District for Commissioners to invite guests to attend and participant in District programs and facilities to facilitate a free exchange of ideas and generate feedback.

The District shall provide a means to measure the free quarterly guest usage for each commissioner. Each quarter's usage shall be limited to the amount per quarter and is neither non-transferable nor cumulative and the commissioner must accompany the guest for such usage.

To further the free exchange of feedback and communication between residents and participants utilizing the District's programs and facilities, the Park Board of Commissioners further declares that in so much as a Commissioner may feel the need to accompany more than ten guests in a given quarter then those guests will be charged the then current District full-time employee guest rate.
