

The mission of the Hoffman Estates Park District is to offer healthy and enjoyable experiences to our residents and guests by providing first class parks, facilities, programs and services in an environmentally and fiscally responsible manner.

**AGENDA
ADMINISTRATION & FINANCE COMMITTEE MEETING
TUESDAY, JANUARY 19, 2016
7:00 P.M.**

1. ROLL CALL
2. APPROVAL OF AGENDA
3. APPROVAL OF COMMITTEE MINUTES
 - A&F Minutes December 15, 2015
4. COMMENTS FROM THE AUDIENCE
5. OLD BUSINESS
6. NEW BUSINESS
 - A. GIS Consulting Contract / M16-007
 - B. Accounting Software / M16-008
 - C. Administrative & Finance report and 4Q2015 Goals / M16-009
 - D. Detail Reports
 - Manual Checks: \$352,412.62
 - Monthly Invoices: \$344,512.87
 - E. Financial Statements
7. COMMITTEE MEMBER COMMENTS
8. ADJOURNMENT

ALL MEETINGS ARE HELD IN THE BOARDROOM OF THE TRIPHAWN CENTER, 1685 W. HIGGINS ROAD, HOFFMAN ESTATES, UNLESS OTHERWISE SPECIFIED. WE INVITE THOSE WHO MAY NEED ACCOMMODATIONS DUE TO A DISABILITY TO CONTACT US 48 HOURS IN ADVANCE. PLEASE CONTACT JANE KACZMAREK, EXECUTIVE ASSISTANT, AT 847-885-7500.

The mission of the Hoffman Estates Park District is to offer healthy and enjoyable experiences to our residents and guests by providing first class parks, facilities, programs and services in an environmentally and fiscally responsible manner.

**MINUTES
ADMINISTRATION & FINANCE COMMITTEE MEETING
December 15, 2015**

1. Roll Call:

A regular meeting of the Hoffman Estates Park District Administration & Finance Committee was held on December 15, 2015 at 7:00 p.m. at the Triphahn Center in Hoffman Estates, IL.

Present: Commissioner McGinn, Comm Rep Chhatwani, Katis, Utas

Absent: Commissioner Kaplan, Comm Rep Musial, Winner

Also Present: Executive Director Bostrom, Deputy Director/A&F Director Talsma, Rec/Facilities Director Kies

Audience: President Bickham, Commissioner Kinnane, Evans, Kilbridge, Mr. K. Evans

2. Approval of Agenda:

Comm Rep Utas made a motion, seconded by Comm Rep Chhatwani to approve the agenda as presented. The motion carried by voice vote.

3. Minutes:

Comm Rep Chhatwani made a motion, seconded by Comm Rep Katis to approve the minutes of the November 10 Special meeting and November 17 Regular meeting as presented. The motion carried by voice vote.

4. Comments From the Audience:

None

5. Old Business:

None

6. New Business:

A. Victoria North Playground Naming/M15-171:

Executive Director Bostrom explained that the board had tentatively approved the name change at the November 25th meeting and staff was now presenting the issue to all committees prior to the final approval after the 60 day waiting period.

He explained that Peter M. Smith was a past commissioner who was an advocate for people with disabilities before the ADA became law. He also noted that he had received only one correspondence on the issue and it was in favor of the name change. He also explained that Victoria North would be the district's most accessible playground and seemed fitting to rename it for Peter Smith.

Mr. K. Evans asked if there was anything controversial that might come up regarding Peter and Executive Director Bostrom said they had researched his history with the district and found nothing.

Comm Rep Chhatwani noted that at first she wondered why they would change the name but after reading all the literature it seemed very fitting.

Comm Rep Katis asked if there would be a plaque with the information on Peter Smith and Executive Director Bostrom noted that it there would be one for the dedication of the new playground.

Comm Rep Utas made a motion, seconded by Comm Rep Katis to recommend the Board approve the renaming of the Victoria North playground to the Peter M. Smith Playground after the 60 day waiting period on January 26, 2016. The motion carried by voice vote.

B. Tax Levy Ordinance in final form O15-018/M15-179:

Deputy Director Talsma reviewed the item noting that there had not been any changes and must be filed by the last Tuesday in December.

Comm Rep Katis asked about levying the taxes on the new homes and Deputy Director Talsma noted that they could see some of that in 2017 from the 2016 levy.

Comm Rep Katis made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the District's 2015 Tax

Levy Ordinance O15-018 in the amount of \$8,475,000 and as outlined in M15-179. The motion carried by voice vote.

C. Budget & Appropriation Ordinance in Final Form O15-018/M15-180:

Deputy Director Talsma reviewed the item noting that there were a few changes on PSSWC due to the change in the revenue from the memberships and expenses that were reduced in the Kids Korner as well as the additional revenue that could be expected from the Bulls D Team practicing at PSSWC. He also explained that the Phase 2 development plan for Triphahn Center had been added for the expansion of the 50+ area and the off-ice project. He also explained that there was a recap sheet included that was not necessary to the Ordinance.

Comm Rep Katis asked about the revenue for the gaming machines and Deputy Director Talsma noted that it was in a rental line item and that they had seen approximately \$3,500 - \$4,000 in revenue.

Comm Rep Katis asked about the marquee sign revenue and Deputy Director Talsma explained that it had been moved to the Administration Fund.

Comm Rep Winner asked if the decrease in Kids Korner was the reduction of a position and Deputy Director Talsma explained that it was the reduction of staff during the hours of 1-4 pm when they did not have much use of the area.

Commissioner McGinn asked about the rental for basketball and Director Kies noted that it would be primarily October, November and December. He noted that there was a value to having the Chicago Bulls name in the facility but he could not give away space for use of the gym.

Comm Rep Katis asked about selling tickets to the Bulls D Team games. Director Kies noted that they would be working out in the gym and using the locker room with members and was hoping to expand their involvement to include their coaching our youth programs and training our coaches.

Comm Rep Winner made a motion, seconded by Comm Rep Katis to recommend the board approve the final Budget and Appropriation Ordinance O15-019 as outlined in M15-180. The motion carried by voice vote.

D. A&F Report/M15-178:

Deputy Director Talsma reviewed the report noting that the district had been awarded the GFOA for the second year in a row.

E. Detail Reports:

Deputy Director Talsma reviewed the report.

Comm Rep Winner made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the detail reports as presented:

- Manual Checks: \$216,389.52
- Monthly Invoices: \$158,74.79

The motion carried by voice vote.

F. Financial Statements:

Deputy Director Talsma reviewed the item noting that the district had a very good 4th quarter, especially PSSWC and Recreation. He also noted that BPC actually saw revenue for November and December.

He also noted that the district saw savings as they had been down in personnel throughout the year.

Comm Rep Katis asked about the Special Recreation Fund and Deputy Director explained there would be a transfer of funds. He also explained that they had abolished the Working Cash Fund and would be using that to pay off the IMRF debt. Deputy Director Talsma explained that the Special Rec fund had approximately \$100,000 available each year after expenses were paid (NWSRA).

Comm Rep Winner asked if the course was still open and it was noted that they had just recently shut down again. He also asked about the cart rental and it was noted that it was an annual rental.

Comm Rep Katis made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the financial statements as presented. The motion carried by voice vote.

7. **Committee Member Comments:**

Comm Rep Katis wished everyone a happy holiday and noted Pete Smith sounded like a great guy to name a park after. He thanked all staff for making this a premier park district.

Comm Rep Winner congratulated staff on the GFOA award and said that Winterfest had been great.

Comm Rep Chhatwani wished everyone a happy holiday and noted that the following Board meeting would be the 1000th meeting.

Commissioner McGinn said he had been to Breakfast with Santa and the Winterfest and they were great. He congratulated staff.

8. Adjournment:

Comm Rep Katis made a motion, seconded by Comm Rep Winner to adjourn the meeting at 7:34 p.m. The motion carried by voice vote.

Respectfully submitted,

Dean R. Bostrom
Secretary

Peg Kusmierski
Recording Secretary

MEMORANDUM NO. M16-007

TO: Administration & Finance Committee
FROM: Dean R. Bostrom, Executive Director
Craig Talsma, Deputy Director/Director of Admin & Finance
Gary Buczkowski, Director Planning and Development
RE: GIS consulting contract
DATE: January 13, 2016

Background

GIS mapping systems help decision makers to better visualize, analyze and interpret data in an effort to understand relationships, patterns and trends. In the past, this type of resource system has been traditionally used by Federal, State and city government agencies to manage asset resources. This is due to the need to manage large asset quantities i.e. 3000 manholes, 5000 stop signs and miles of water mains. Smaller agencies have not taken advantage of the powers of GIS based on the notion that their asset resources can be easily managed by traditional record keeping methodologies. Over the years new information technologies and software have made the process easier, however, the lack of being able to compare and analyze the data to spatial information was left out of the process.

Directing limited resources toward the best end use return on investment has become the number one priority of successfully run agencies; managing the assets we have will be a priority going forward. GIS systems and with other data base software systems tailored to the parks and recreation industry might be the key to operational success in the future.

This expenditure is exempt from bidding due to the proprietary software development exemption.

How can GIS benefit the Hoffman Estates Park District in future decision making?

- Cost savings from greater efficiency
GIS is widely used to optimize maintenance schedules, daily staffing and fleet movements. Typical implementations can result in a savings in operational expenses through the reduction in fuel use and staff time, improved customer service, and more efficient scheduling.
- Better decision making
GIS is the "go-to-technology" for making better decisions about location. Common examples relevant to parks and recreation might be site selection for particular programming and infrastructure support development. It also allows the District to better understand the district's customer base in relationship to geographic location.
- Better communicative tools with relative, reliable data.
GIS-based maps help to quantify the data input and assist in the understanding of the particular situations and the justifications made. This data can be the language that improves the communication and buy-in between different departments, disciplines, organizations, elected officials and the public.

- Record Keeping
As a government agency, we are the caretakers of the public's property. Today, the public at large insists that we manage those assets in their best interest whether or not they personally take advantage of those resources. GIS provides a strong framework for managing the care, upkeep and replacement of those assets with data base systems and reporting tools.

Implications

Given the positive potential of this technology, staff researched a number of options as they relate to software and system design. As mentioned earlier, most data bases have been set up to meet the needs of city/county/state needs and their typical asset inventories. While some of the district's assets might be similar (i.e. signs, benches, trees etc.) the need to better track sub components within our facilities is a major goal of the initiative. With this in mind, establishing a complete asset inventory including facility mechanical equipment is a prime need in identifying the optimum GIS platform and/or system design.

Given the much smaller data base size in a district such as ours, the need to provide ongoing resources in the way of trained staffing is much less than a typical city government operation. Requiring a much more user friendly system to operate is significant in determining the return on investment both in the short and long term. One company that has recognized this niche need is Geographic Technologies Group. They have developed a software platform known as Green City GIS which is tailored to Park and Recreation departments. Geared to be non-professional (non- GIS trained), their system utilizes data retrieval hardware, tables and smart phones which allows existing staff to input, maintain and manage the data base system on an ongoing basis. Green City software is also written to communicate with Main Trac and Proragis, two software packages the district currently utilizes.

Understanding that many park districts or recreation agencies have similar needs, Green City will be writing code for customizations ("widgets") that compare different data sets for use in quantitative discussions. Once a widget is developed it becomes available to all agencies who maintain a Green City GIS support agreement. It should be noted that while Green City will be developing the specific software code to meet our specific needs, the underlying software has been developed by ESRI which is one of the industry standard for GIS applications. Attached is marketing information regarding Green City GIS.

With some understanding as to the advantages of partnering with Geographic Technologies Group, staff has negotiated a fee proposal which addresses the district's particular needs (see attached proposal). From the overall cost point of view, their proposal consists of two cost areas. First is the development of specific software, software licenses and a means to record data. The second item is the actual inventory of 77 parks and 6 facilities. Included in the facilities number is the golf course clubhouse building. Tree inventory at the parks and golf course was not included in the base price but would be completed by staff at a later date once they were trained by Green City Staff and time is available. In addition, the amenities on the golf course could be added by staff as well at a later date.

Assuming ten user ESRI ArcGIS licenses, the total anticipated cost for this contract with Geographic Technologies Group would be \$77,000. This is ten licenses so more than ten people can use it, just not at the same time. Staff feels this is sufficient but will monitor if an

increase is needed. 10 licenses cost \$5,000 per year; 15 licenses cost \$7,500 per year and 50 licenses cost \$10,000 per year. There will also be an annual fee of \$6,000 for support (including two "widgets" per year) beginning after the first year.

The budgeted amount in the 2016 Capital budget for this GIS project is \$85,000. If this project were to move forward, the difference between this contract price and the budgeted amount would be utilized to purchase additional recording tablets and cover some additional local labor cost to obtain some of the Villages data sets or additional specific inventory additions to be incorporated into the park district's data. It also allows flexibility if we needed to purchase the additional licenses.

Recommendation

That the A&F committee recommend to the full Board to approve expending an amount not to exceed \$85,000 for the GIS development project which includes the proposed contract cost to Geographic Technologies Group for an amount of \$77,000.

GIS Implementation Services

Geographic Technologies Group®, Inc. (GTG) is one of the United States leading full-service local government GIS consulting companies. GTG has secured state, national, and international awards for products and services. Founded in 1997, GTG celebrates more than 15 years of continued growth and success. Built on its tradition of deploying the very best GIS solutions for local government, GTG now has more than 700 clients nationwide and offices throughout the country. A corporate culture of quality, understanding, and commitment to our clients allows GTG to continue to build an outstanding local government GIS portfolio.

GTG offers the very best cadre of experts in geospatial technologies. GTG offers a complete range of GIS and GPS professional services including:

- GIS Strategic Implementation Planning
- Data Conversion, Collection, and Creation
- Data and Database Migration
- Geo-Database Design and Deployment
- Architectural and Information Technology (IT) Assessments
- GIS and IT Integration
- GIS Application Development
- Global Positioning Systems (GPS) Field Inventory
- ESRI Authorized GIS Training, Trimble Navigation GPS Training, and GTG's Understanding Local Government GIS Series
- GIS Outsourcing and Technical Support Services

Our experts work hand-in-hand with you and your staff to ensure success. Let us show you why our clients are some of the most successful in the industry.

WHAT DO OUR CLIENTS SAY ABOUT US?

**"GTG has helped us take a major step in enabling a truly enterprise GIS solution."
Forsyth County, Georgia**

**"The support we received from GTG during our GIS integration with existing business systems was nothing less than excellent."
Richland County, South Carolina**

**"Geographic Technologies Group provides the very best local government GIS planning, design, and implementation services."
City of Pearland, Texas**

**"Hands-on technical GIS implementation services are difficult to find. We selected Geographic Technologies Group to implement our enterprise geospatial solutions."
City of Boynton Beach, Florida**

**"GIS technology has virtually eliminated the timeconsuming task of answering citizens' questions. With the touch of a button, the public can now perform spatial and database queries and immediately get answers, maps, and tabular results. GTG saved us time and money."
Wayne County, North Carolina**

**"GTG's extensive knowledge of GIS technology and intimate understanding of local government makes GIS implementation a very enjoyable experience."
City of Lexington, North Carolina**

**"GTG offers in-depth knowledge that is unparalleled in the industry. GIS implementation is a clear return on investment."
City of Virginia Beach, Virginia**

GIS and Information Technology (IT) Integration

A true enterprise GIS solution offers local government the opportunity to map and analyze many different and disparate databases across the organization. Our staff is experienced in integrating geospatial functionality into organizations' existing technology investment.

GIS Strategic Implementation Planning

GTG has a unique strategic planning methodology and the ability to explore new ways for local government departments to use GIS technology to improve efficiency, increase productivity, and save time, lives, and money. GTG delivers tailored solutions for towns, cities, and counties.

Data Conversion, Collection, and Creation

Our professional GIS team is skilled in converting paper and digital information into meaningful and reliable GIS databases and data layers. Our services include:

- Scanning
- Geo-referencing
- Data Interpolation and Integration
- CAD to GIS Conversion
- Digitizing to Create Accurate Digital Address Points, Routable Street Centerlines, Building Outlines, Impervious Services, Natural Areas, Police and Fire Districts, and Much More.

Data and Database Migration

Our GIS experts assist local government organizations with the migration of data and databases to the industry standard, including ESRI's ArcGIS Server environment. Our expert team successfully integrates legacy data and databases.

Geo-Database Design and Deployment

Our staff has proven expertise in the design and implementation of true enterprise GIS databases. GTG's dedicated professionals design, configure, construct, and deploy accurate, logical, and physical databases. Services offered by GTG include:

- Business Process Rules
- Metadata Services
- Model Connectivity
- Spatial Data Warehousing

Architectural and Information Technology (IT) Assessments

The backbone of any successful enterprise GIS is the IT infrastructure. Our team offers in-depth knowledge and understanding in many areas including:

- Multiple Platforms
- Systems Integration
- Hardware
- Software
- Operating Systems
- Networking
- Multiple Peripheral and Mobile Devices

The architecture assessment phase of strategic planning includes a comprehensive review of existing infrastructure conditions, recommendations that provide direction, and an evaluation of infrastructure alternatives.

GIS Application Development

Our experience and professional services include the design, customization, development, and deployment of true enterprise-wide GIS software solutions. Our understanding of local government operations and business processes has enabled us to develop GIS applications including:

- Desktop GIS
- Web GIS
- Departmental Intranet GIS Solutions
- Portable (hand-held) Mobile GIS Tools
- Touch Screen GIS Technology
- Routing
- Emergency Notification

Global Positioning Systems (GPS) Field Inventory

Our professionals use GPS technology to build accurate digital GIS data. GPS and GIS experts work with our clients to design and collect infrastructure data including:

- Street Centerlines
- Address Points
- Water and Sewer Infrastructure
- Stormwater
- Electric Systems
- Natural Gas Networks
- Emergency Response and Patrol Districts
- Natural Resources
- Impervious Services
- Other Digital Data Layers

Certified GIS and GPS Training

GTG is an Authorized Education Center and offers GIS training workshops for local government. GTG offers on-site and classroom training services including:

- Authorized GIS Training Classes
- GPS Training Classes
- GIS for Local Government - Understanding Local Government Series

GIS Outsourcing and Technical Support Services

Our professionals are available for on-call services and offer hourly and daily rates for GIS consulting services. Our team can create, maintain, and update your GIS data. We can assist with maintaining your cadastral or parcel digital data layer, address points, street centerlines, and aerial photo interpolation.

WHY SELECT GEOGRAPHIC TECHNOLOGIES GROUP? We'll lead the way!

— THE LEADER IN GIS PLANNING

GTG has a unique strategic planning methodology and the ability to explore new ways for government departments to use GIS technology to improve efficiency, increase productivity, and save time, lives, and money. As leading experts in GIS strategic planning, GTG delivers tailored solutions for organizations throughout the world and has outstanding references.

— QUALITY GIS IMPLEMENTATION

GTG offers the very best cadre of experts in geospatial technologies. The success of GIS in government is dependent on many factors including the creation and maintenance of accurate and reliable GIS data and databases. GTG offers a complete range of geospatial services.

— INTEGRATED GIS SOLUTION FOR YOUR ERP

GTG has worked extensively with land administration and Enterprise Resource Planning (ERP) solutions to offer the very best integrated GIS solutions on the market. GTG understands how ERP solutions work within government and has built an outstanding reputation for understanding the operations and functions of land based operations, including, address management, permitting, building inspections, finance, work order management, asset management, and asset maintenance activities. GTG offers a complete solution for Public Administration.

— GIS: IMPROVING OUR ENVIRONMENT AND COMMUNITY

GTG's core competency is planning, designing, and building optimum geospatial solutions that meet the need of government operations as it relates to environmental issues and concerns. Advances in technology is improving the ability of local government professionals to make better and more informed decisions. GTG has built tailored solutions that focus on the emerging environmental issues including, community planning, sustainable development, logistics, crowdsourcing, habitat mapping, soils mapping, storm water management, pollution control, regulatory compliance, natural resource management, archaeological studies, contamination, water quality and water resources, and the smart grid.

— EXPERTS IN GIS FOR UTILITIES

Organizations around the world face the challenges of effective infrastructure management. Having timely and accurate infrastructure location data is critical to the success of any utility initiative. GTG offers expert consulting services for the planning, design, and implementation of utility-based projects as well as a full suite of enterprise software for the utilities industry.

— ADVANCED PUBLIC SAFETY GIS

GTG provides totally integrated GIS software for public safety agencies including Police, Sheriff, Fire, Emergency Medical Services (EMS), E-911 Dispatch, Emergency Operations Centers (EOC), and Disaster Management. Experienced public safety and emergency response GIS experts plan, design, and implement a full range of practical, cost-effective GIS software solutions.

— ENTERPRISE GIS SOFTWARE

GTG's ultimate mission is to deliver affordable, easy-to-use geospatially integrated software solutions to every department within government. GTG's enterprise products empower government professionals with the ability to view, manage, analyze, distribute, and publish data. GTG's new suite of software is focused on centrally managed enterprise GIS solutions built on ESRI's ArcGIS Server technology.

GEOGRAPHIC TECHNOLOGIES GROUP®

UNDERSTANDING LOCAL GOVERNMENT

5 COMPONENTS ONE PREMIUM SOLUTION

MAP VIEWER

An intuitive solution for viewing, querying, and analyzing Parks and Recreation data. A tool that offers new and innovative decision support that will drive the Parks and Recreation Master Planning process by interpreting, analyzing and monitoring park infrastructure and recreation user data. This tool has never been easier.

- A real-time view of your parks system and recreation user data
- Demographic Information and analysis
- Geo-analytics to identify gaps, opportunities, strengths, and weaknesses
- Develop software widgets and tools for planning and decision making

FIELD DATA COLLECTOR

An easy-to-use map-centric solution to inventory, update and manage park system infrastructure and perform many types of field survey. This solution that works on any of your hardware – laptops, tablets, smartphones. The task of collecting park infrastructure and recreation user data and turning it into meaningful information in the office has never been easier.

- Easy to use Graphic User Interface (GUI)
- Works on tablets and smartphones
- Touchscreen intuitive technology
- Simple search and query functionality
- Add photographs, video and field notes

Hoffman Estates Park District GreenCityGIS

Proposed Scope of Services

The following is an outline of the scope of services for deploying the GreenCityGIS solution for the Hoffman Estates Park District.

PROPOSED SCOPE

A. DESIGN

Task 1: GEODATABASE DESIGN

B. INVENTORY

Task 2: PARK INVENTORY – 77 Parks and Open Spaces, 5 Facilities, and 1 Golf Course

Task 3: QA/QC - GIS Digital Creation and Clean-up

Task 4: ADDITIONAL DATA LAYERS – Other local, state, and federal data sources

C. SOFTWARE

Task 5: GIS MAP VIEWER DEPLOYMENT

Task 5.1 WIDGETS – Custom Functionality

Task 6: MOBILE FIELD DATA COLLECTOR DEPLOYMENT

Task 7: OPERATIONS DASHBOARD DEPLOYMENT

Task 7.1 PERFORMANCE MEASURES – Custom Statistics

Task 8: IMPROVED CITIZEN AWARENESS

Task 8.1 STORY MAP – THE 5 STEP PROCESS

Task 8.2 PARK FINDER DEPLOYMENT

Task 9: DYNAMIC DATABASE INTEGRATION

Task 9.1 Recreation User Information

Task 9.2 Work Order/Work Request

Task 10: TRAINING AND EDUCATION

Task 11: ANNUAL TECHNICAL SUPPORT

BUDGET

The following is a proposed budget for deploying the GreenCityGIS solution for the Hoffman Estates Park District with 77 parks, including open spaces, 5 facilities, and 1 golf course.

A. DESIGN	\$6,500
B. INVENTORY (See Appendix 1)	\$35,000
C. SOFTWARE	\$7,000
• VIEWER	
• COLLECTOR	
• DASHBOARD	
• PUBLIC AWARENESS – PARK FINDER	
• STORY MAPS (1)	\$3,500
D. VSI Database Integration - (See Additional Notes)	\$6,000
E. TRAINING AND EDUCATION - (On-Site and Remote)	\$3,500
F. ESRI ArcGIS On-Line- (See Additional Notes)	
a. Annual Cost- 5 Users	\$2,500
b. Annual Cost- 10 Users	\$5,000
c. Annual Cost-15 Users	\$7,500
d. Annual Cost- 50 Users-(Recommended)	\$10,000
G. Application and Content Support- (See Additional Notes)	\$6,000
H. Tree Inventory Setup and Training- (See Additional Notes)	\$4,500
I. Golf Course Collection - (Optional See Additional Notes)	\$7,500

Total Cost \$82,000

*Total cost does not include optional items for the golf course collection or ESRI ArcGIS On-Line items A through C

Additional Notes:

- **Dynamic Database Integration**
 - GTG will interface with existing Vermont Systems Inc. Software- RecTrac and MainTrac
 - The GreenCityGIS Viewer will show recreation user locations and work orders based on the existing VSI investments.
 - This task is contingent on VSI allowing GTG to integrate with the existing databases, which will allow for dynamic viewing of recreation user and work order data.

- **ESRI ArcGIS Online**
 - Esri's Level 2 ArcGIS Online Subscription for \$10,000 provides Hoffman Estates Park District with 50 named users and 10,000 credits
 - Hoffman Estates Park District GIS data will be stored in Esri's ArcGIS Online Cloud. This will provide a central data repository for the District as well as easy access to all GIS data and applications.
 - GTG will bill the District each year for the \$10,000 ArcGIS Online Subscription fee. GTG will then pay Esri on behalf of the District.

- **Application and Content Support (Annual Support)**
 - Parks and Recreation Application and Content Support Package
 - Phone support. This would give the Hoffman Estates Parks District phone support – 24 hours a day, through the GTG support line if any questions arise or if additional technical support is needed. GTG will provide support for the applications, answer questions, and fix any issues related to GTG services.
 - GTG will provide a free refresher course on each of the applications once a year.
 - GTG is developing a library of widgets that are available to all clients who are paying Annual Application and Content Support

- **Tree Inventory Setup and Training**
 - GTG will design a database for the District specific to tree inventories. GTG will train District staff on the best business practices for the collection of District planted trees.
 - **Species:** scientific names of trees (Latin and English)
 - **Location:** by GPS coordinate
 - **3 Size Notations:** DBH (diameter at breast height- 4.5 feet above ground), height and crown spread.
 - **Condition:** health and what maintenance procedure is needed, i.e. corrective pruning, removal of hazardous
 - **Damage:** insect infestations, injuries, diseases, lightning damage etc.
 - **Management/maintenance:** Record of need to fertilize, apply fungicide/insecticide, prune, repair curb and/or sidewalk damage inflicted by roots, remove stump/tree, or plant in an empty planting site.
 - **Site characteristics:** space available for the root system, condition and health of the soil, proximity of overhead/underground utilities/buildings, potential for road traffic damage, commercial or residential zoning

- **Planting spaces:** Identification of planting spaces to encourage the planting of bare areas.
- **Historic/Distinctive Trees and Groves:** Special / specimen / rare trees
- **Comments or Notes**
- **Bridges of Poplar Creek Country Club- Golf Course Collection- Optional \$7,500**
 - GTG will inventory the Bridges of Poplar Creek golf course. The assets which will be inventoried include:
 - Tee Boxes
 - Fairways
 - Cart Paths
 - Bunkers
 - Greens
 - Water Hazards
 - Water Fountains
 - Ball Washers
 - Yardage Markers
 - Tee Box Markers
 - Practice Range and Putting Green
 - Rough
 - Wooded Areas
 - Individual Trees

Appendix 1

The following is a list of assets to be inventoried for the Hoffman Estates Park District

- Art
- Benches
- Bicycle Racks
- Bridges
- Buildings
- Courts
- Dog Parks
- Fences
- Field Accessories
- Fields
- Facility Fixed Assets Equipment Valued over \$5,000
- Flagpoles
- Golf Course- Bridges of Poplar Creek Country Club-Fixed Assets Equipment over \$5,000
- Impervious Surfaces
- Lights
- Markers
- Mowing Areas
- Parking Lost
- Parks
- Playground Areas
- Playground Equipment
- Shelters
- Signs
- Speakers
- Storage Containers
- Tables

HOFFMAN ESTATES PARK DISTRICT MEMORANDUM NO 16-008

TO: A & F Committee
FROM: Dean Bostrom, Executive Director
Craig Talsma, Deputy Director/Director of Admin & Finance
Lynne Cotshott, Superintendent of Business
RE: Accounting Software
DATE: January 15, 2016

Background

The Hoffman Estates Park District has been utilizing Municipal Software Inc. (MSI) a division of Harris Computer Systems for the past 20 years. Prior to the acquisition of MSI by Harris in 2005 (whom also acquired AEK software), staff was very satisfied with the product provided. Since the acquisition, software enhancements and upgrades have been very limited and the level of customer support has declined. In 2014, the District was told by Harris that they were looking at phasing out MSI and AEK software and they were pushing existing clients towards a new product, Smart Fusion.

Implications

Staff have been investigating other accounting software providers with like park districts as well as receiving quotes and participating in vendor demonstrations. Staff prepared an accounting software best practices survey that was administered to the Administration and Finance Section of IPRA, with 28 districts responding (see attached results). Of the districts responding, the majority have either Tyler/Incode, (Better Software Answers) BS&A, or MSI.

Many of the other Illinois park districts who have MSI are also looking at new software packages. All of the quotes listed include the modules that our District will utilize: General Ledger (GL), Accounts Payable (AP), Purchase Orders (PO), Cash Receipting (CR), Payroll (PR), Human Resources (HR), Budget Planning (BP), Fixed Assets, and an on-line Employee Portal.

Cost Summary	BS&A	Tyler/Incode	AccuFund
Application Licenses	\$54,290	\$46,155	\$50,255
Data Conversion	\$28,420	\$58,961	\$10,500
Historical Years Converted	10yr GL	5yr GL	10yr GL
	10yr AP	0 AP	0 AP
	10yr PR	4yr PR	10yr PR
Database Setup/Training	\$44,750	\$47,000	\$20,300*
Travel Expenses	\$10,665	\$25,377	*
Total	\$138,125	\$177,493	\$81,055
Annual Licensing Fees	\$ 10,880	\$ 16,778	\$ 12,564

All three quotes reflect application licenses similar in costs. The variances between the quotes is found primarily in data conversion and training. Of the 28 districts that responded, eight of the districts have MSI and four of those are in the process of looking at new vendors. Harris, the parent company of MSI, offers SmartFusion as their option to replace MSI. Two districts have switched from MSI to SmartFusion with one being satisfied and one not. Other districts including us, who have received demonstrations, felt the software needed maturing, and like the District's current software (MSI), SmartFusion wasn't as user friendly and did not have all of the added options that were available in some of the other vendors.

BS&A at the time the survey was done was servicing six of the 28 districts responding. Since then, BS&A clientele in Illinois has grown. Since the survey was completed, Arlington Heights, Freeport and Sterling park districts have also switched to BS&A. BS&A has done a significant amount of district conversions from MSI software recently and are confident in their streamlined approach to convert the full 10 years of data as quoted. BS&A offers easy access to information as all the modules are incorporated within one another. BS&A will also further the District's Green Initiatives and Reduction of storage as AP and HR documentation will be scanned and stored electronically.

Tyler/Incode is servicing nine of the districts who responded. While a very popular software within parks and recreation, much of the functionality seemed labor intensive and not as easy to use. In many examples shown during the demonstration, access to information was limited to the accounting module you were within. The on-line employee portal was also not even as detailed as what the District currently possesses with MSI. The additional cost of almost \$40,000 seemed unwarranted for the product being presented as well as the limited years of data conversion.

AccuFund, not currently servicing any Illinois park districts that staff is aware of, presented an on-line demo. AccuFund was confident in their ability to convert the data, although they were not familiar with the District's current provider MSI. The overall product presented didn't appear as extensive as BS&A. AccuFund only estimated training expenses, which in comparison to the other vendors seems low, and AccuFund did not provide estimated travel expenses. Staff felt that AccuFund's quote did not reflect what the true cost to the District would be, nor did it provide for conversion of AP. Staff did not feel this product to be a viable option for our District.

The BS&A software will be fully compatible with our current hardware infrastructure. A copy of some material relating to the BS&A proposal has been attached, as well as their quote and the estimated timeline for conversion. The quote includes estimated travel expenses which will be billed at actual costs. The approved budget amount in the 2016 budget for this project is \$140,000.

Recommendation

Staff recommends that the A & F Committee recommend to the full board that the District approve the proposed software purchase of BS&A software in an amount not to exceed \$138,125.

Proposal for Software and Services, Presented to:
Hoffman Estates Park District, Cook County IL

January 13, 2016

Quoted by: Kevin Schafer

Thank you for the opportunity to quote our software and services.

At BS&A, we are focused on delivering unparalleled service, solutions, support, and customer satisfaction. You'll see this in our literature, but it's not just a marketing strategy... it's a mindset deeply embedded in our DNA. Our goal is to provide such remarkable customer service that our customers feel compelled to remark about it.

*We are extremely proud of the many long-term customer relationships we have built. Our success is directly correlated with putting the customer first and consistently choosing to **listen**. Delivering unparalleled customer service is the foundation of our company.*

Cost Summary

Software is licensed for use only by municipality identified on the cover page. If used for additional entities or agencies, please contact BS&A for appropriate pricing. Prices subject to change if the actual count is significantly different than the estimated count.

Applications, New Purchase

General Ledger .NET	\$5,875
Accounts Payable .NET	\$4,980
Purchase Order .NET	\$4,980
Cash Receipting .NET	\$4,980
Payroll .NET	\$9,810
Human Resources .NET	\$8,920
Fixed Assets .NET	\$4,980
AccessMyGov – Financials	\$3,875
<ul style="list-style-type: none"> - Please select the features you would like to use. All of the features can be included without impacting the Annual Service Fee or Project Management and Implementation Planning Fee. <ul style="list-style-type: none"> <input type="checkbox"/> <u>Financial Reporting</u>: This requires the use of GL/Budgeting .NET. Enables users to print a financial report any time through a web interface. <input type="checkbox"/> <u>Financial Reporting (Public)</u>: This requires the use of GL/Budgeting .NET. Provides a publicly-available section to enable members of the general public to print the financial reports the municipality has selected to share. <input type="checkbox"/> <u>Manual Journal Entry Approvals</u>: This requires the use of GL/Budgeting .NET. Enables users to approve journal entries they would otherwise have to approve through the .NET application. <input type="checkbox"/> <u>Invoice Approvals</u>: This requires the use of Accounts Payable .NET. Enables users to approve invoices they would otherwise have to approve through the .NET application. <input type="checkbox"/> <u>Purchase Order Approvals</u>: This requires the use of Purchase Order .NET. Enables users to approve purchase orders they would otherwise have to approve through the .NET application. <input type="checkbox"/> <u>View Work Order Schedule</u>: This requires the use of Work Order .NET. Enables users to view work orders scheduled within a specified date range. 	
AccessMyGov – Employee Self Services	\$5,890
<ul style="list-style-type: none"> - Please select the features you would like to use. All of the features can be included without impacting the Annual Service Fee or Project Management and Implementation Planning Fee. <ul style="list-style-type: none"> <input type="checkbox"/> <u>Personal Employee, Financial, and YTD Info</u>: This requires the use of Payroll .NET. Enables employees to: view/request changes to "master" information such as dependents, addresses, and W4 information; view and reprint check and W2 history, and withholding and direct deposit information; view YTD totals and leave balances. Open enrollment is also available, but requires the use of Human Resources .NET. <input type="checkbox"/> <u>Employment Opportunities</u>: This requires the use of Human Resources .NET. Enables users to view currently available job postings. <input type="checkbox"/> <u>Timesheet Entry, My Timesheets</u>: This requires the use of Timesheets .NET. "Timesheet Entry" enables 	

employees to enter timesheet info for other staff, and enables managers to view timesheets for their staff.
 "My Timesheets" enables employees to enter their own time.

Subtotal **\$54,290**

Data Conversions

Convert existing MSI data to BS&A format:

Payroll (Database setup, employee detail, YTD, up to 10 years check history)	\$21,000
<i>Payroll Conversion Courtesy Discount</i>	-\$7,000
General Ledger (COA, Balances, Budget, Up to 10 Years Journal Transaction history)	\$2,940
Accounts Payable (Vendors, Up to 10 years invoices and check history)	\$2,490
Database Setup:	
Cash Receipting (Setup of Receipt Items/Tender Types)	\$1,500
Human Resources (Setup of Licenses, Certifications, Benefit Plans, Positions. Not assigned to Employees)	\$3,000
Fixed Assets (Setup of Assets, Entry of Value, Accumulated Depreciation)	\$2,490
	Subtotal \$26,420

No conversion to be performed for:

Purchase Order

Customization

Budget Customization	\$4,000
<i>Courtesy Discount</i>	-\$2,000
	Subtotal \$2,000

Project Management and Implementation Planning

Services include:

- Analyzing customer processes to ensure all critical components are addressed.
- Creating and managing the project schedule in accordance with the customer's existing processes and needs.
- Planning and scheduling training around any planned process changes included in the project plan.
- Modifying the project schedule as needed to accommodate any changes to the scope and requirements of the project that are discovered.
- Providing a central contact between the customer's project leaders, developers, trainers, IT staff, conversion staff, and other resources required throughout the transition period.
- Installing the software and providing IT consultation for network, server, and workstation configuration and requirements.
- Reviewing and addressing the specifications for needed customizations to meet customer needs (when applicable).

\$11,750

Implementation and Training

- \$1,000/day
- Days quoted are estimates; you are billed for actual days used

Services include:

- Setting up users and user security rights for each application
- Performing final process and procedure review
- Configuring custom settings in each application to fit the needs of the customer
- Setting up application integration and workflow methods
- Onsite verification of converted data for balancing and auditing purposes
- Training and Go-Live

Software Setup	Days: 2	\$2,000
Software Training	Days: 29	\$29,000
	Total: 31	Subtotal \$31,000

Post-Go Live Assistance

- Review and consult on streamlining day-to-day activities as they relate to the processes within the BS&A applications
- Assist customers with more detailed and advanced report options available within the BS&A applications
- Revisit commonly-used procedures discussed during training
- As needs arise, provide assistance with bank reconciliations
- \$1,000/day
- Days quoted are estimates; you are billed for actual days used

Post-Go Live for all Financial Mgt apps for which training was performed	Days: 2	\$2,000
--	---------	---------

Connection Requirements

AccessMyGov requires a high-speed internet connection (cable modem or DSL).

BS&A requires that all customers utilizing AMG-Financials have either an on-staff IT person, or grant BS&A a remote terminal services ability to the machine on which the service is installed. This is necessary to ensure service availability and quality.

Cost Totals

Not including Annual Service Fees

Applications	\$54,290
Data Conversions	\$26,420
Customization	\$2,000
Project Management and Implementation Planning	\$11,750
Implementation and Training	\$31,000
Post Go-Live Assistance	\$2,000

Total Proposed **\$127,460**

Travel Expenses **\$10,665**

Grand Total (with Travel Expenses) **\$138,125**

Payment Schedule

- 1st Payment: **\$38,170** to be invoiced upon execution of this agreement.
- 2nd Payment: **\$54,290** to be invoiced at start of training.
- 3rd Payment: **\$45,665** to be invoiced upon completion of training.

Annual Service Fees, New Purchases

Unlimited service and support during your first year with the program are included in your purchase price. Thereafter, Service Fees are billed annually. BS&A Software reserves the right to increase the Annual Service Fee by no more than the yearly Consumers Price Index (CPI).

General Ledger .NET	\$1,180
Accounts Payable .NET	\$1,000
Purchase Order .NET	\$1,000
Cash Receipting .NET	\$1,000
Payroll .NET	\$1,960
Human Resources .NET	\$1,780
Fixed Assets .NET	\$1,000
AMG-Financials	\$780
AMG-Employee Self Services	\$1,180
Total Annual Service, New Purchases	\$10,880

Optional Item(s)

Cash Receipting Hardware

		Quantity		Cost
Epson Series Receipt Printer*	\$750	x	_____	= \$_____
Epson Series Receipt Printer* w/Check Scan	\$1,100	x	_____	= \$_____
APG Cash Drawer**	\$250	x	_____	= \$_____
Honeywell Hyperion 1300g Linear-Imaging Scanner	\$250	x	_____	= \$_____
Credit Card Reader	\$75	x	_____	= \$_____

This will add \$_____ to the Total Proposed.

**IMPORTANT. The receipt printer must be plugged into the USB port on one workstation (not your server). This printer is not to be shared with other workstations. If more than one workstation will be used for receipting, please consider purchasing more than one receipt printer. Ithaca receipt printers are not compatible with Vista or Windows 7. The Epson Series replaces the Ithaca brand and is fully compatible with those operating systems.*

***If using a previously-purchased receipt printer with the APG Cash Drawer, which brand will be used with the drawer?*

___Epson ___Ithaca ___Other (please specify)_____

Please provide the number of cash drawers that will be hooked up to the printer_____

Program Customization

BS&A strives to provide a flexible solution that can be tailored to each municipality's needs. However, in some cases, custom work may be required. Typical examples include:

- \ custom payment import/lock box import
- \ custom OCR scan-line
- \ custom journal export to an outside accounting system
- \ custom reports

If you require any custom work, please let us know so that we can better understand the scope of your request and include that in a separate proposal.

Acceptance

Signature constitutes...

1. An order for products and services as quoted
Quoted prices do not include Program Customization or training beyond the estimated number of days
2. Agreement with the proposed Annual Service Fees
3. Acceptance of BS&A's hardware recommendations required to efficiently run the .NET applications

Signature

Date

BS&A

BS&A PLEDGE. We offer a one-year, risk-reversal pledge on our software. If, up to a year after installation, you are not happy with our software and service, you can return our software for a full refund.

Returning Accepted Proposal to BS&A

Please return the entire proposal, with signature/date (this page) and contact information (next page) filled out, by any of these methods:

Mail: BS&A Software
14965 Abbey Lane
Bath, MI 48808

Fax: (517) 641-8960

Email: kschafer@bsasoftware.com

Once your proposal is received, a BS&A representative will contact you to begin the scheduling process.

Contact Information

If any mailing addresses are PO Boxes, please also provide a Street Address for UPS/Overnight mail.

If additional contacts need to be submitted, please make a copy of this page.

4.4 Implementation Methodology

Section # 1 - Project Objectives

BS&A Software is well positioned to successfully implement our Financial Management and Utility Billing software within your Municipality. We will complete your implementation on time, and on budget. We fully understand the project scope to include a turnkey implementation inclusive of software installation, training, implementation, project management services, data conversions, and ongoing software support.

A member of our Implementation and Training Services staff will be assigned to coordinate your project. Our consultant will oversee the implementation process, schedule all necessary meetings, data transfer and conversion, and schedule training. All training proposed will be performed onsite at your offices.

The following is an additional 'Sample Implementation Project Plan.' A similar document will be created for your project. The purpose of this document is to outline project timeline and responsibilities. An initial draft of this will be created during the project kick-off meeting and then refined through the life of the project.

Approach to Implementation

BS&A has developed a five phase approach to implementation.

Initiation: Each implementation will begin with a kick-off meeting. Here we will set the time table and develop the schedule for your onsite implementation and training.

Consultation: During the onsite implementation meeting we will review your current processes and chart of accounts, and make the recommendations for the best practices in BS&A.

Conversion: In this phase we install the software, run a preliminary data conversion followed by quality control testing, and finally perform the final data conversion.

System Setup: This phase consists of Database configuration, user and security setup, workflow setup, and custom report creation and modification.

Go-Live: Our training staff is onsite working with you from our parallel runs and will remain onsite perform your first payroll, and check and report runs. They will review the processes with you and transition you to the BS&A support staff.

We strive to shorten the transition process as much as possible – a long transition equates to diminishing

Implementation Highlights

The staff at BS&A Software is specially trained, first and foremost, to take care of customers. We are not satisfied unless your staff is pleased with your software choice. The process is not complete without a solid implementation plan to follow.

Our Implementation process includes all services necessary to assure a successful transition.

We will provide:

- Current Process Review
- Project Managers that understand your needs AND are Subject Matter Experts
- Implementation and Project Plans
- Project Update Conference Calls
- Program Installation/Network Configuration assistance
- Data Conversion from your legacy system
- Data review services – you will evaluate your converted data prior to your Go-Live
- Training Services that are tailored to your needs

productivity. And our goal is to make the transition from your current system as painless as possible. We utilize our extensive experience to accomplish this in an efficient, accurate and timely manner.

For example, many municipalities believe the best time to convert is at the start of a fiscal year. Our experience has shown that this is often the busiest time of year - not the optimal time to transition to new software. Once a general transition time is agreed upon, an implementation timeline is prepared. This schedule includes evaluation of your current hardware and network, sources and format of legacy data, potential integration with existing system, software installation, data conversion and training.

Discovery meetings are held to discuss/gather information about key topics like workflow process, banking information including positive pay/ACH, any unique reporting requirements, etc. As part of these meetings key team members from the municipality are identified and included, ensuring that all concerns are heard and any potential issues are addressed.

Experience

Performing data conversion and Implementation projects for 25 years we have learned a number of things to make this process better. Typical examples include:

1. **Data Conversion/Review** – Mistakes converting data delay projects, cause rework and negatively affect employee morale. To ensure that there are no data conversion errors, we do two things. First, we review the data with the key stakeholders, very early in the process. This provides ample time to correct any data conversion issues. Second, for critical systems like Utility Billing, we run at least one, and sometime two, cycles in parallel.
2. **Municipality-wide Buy-in** – It is critical to have all parts of the District informed of the plans and get everyone involved in the solution. This can be accomplished by involving as many departments as possible in key activities, such as: Initial Demonstration, Project Kick-off and Process Review Sessions.
3. **Test Data & Environment** – When problems with data or processes arise late in the project, it is much more difficult to correct them. We believe that providing access to a test system, with your test data, any potential problems can be identified early enough to be corrected without impacting the project schedule.
4. **Integrations** – Often times it will be necessary to provide integration or interface to another system that was not planned for. BS&A makes every effort to help identify possible integrations. BS&A has provides “code-less” configurable integrations. These allow for the creation of exports or imports into a wide variety of formats, without writing any software.
5. **Hardware** – Delays in procuring hardware can have disastrous impacts on the project schedule. In order to head-off any delays, we meet with your IT team early on in the project to review planned hardware. If new hardware must be purchased, we will work to outline the specifications.
6. **Handle the Unexpected** – BS&A prides itself on being responsive, both in terms of training and development. If an unforeseen issue arises, our “Never let a customer fail motto,” guides our response. We work together to find a way to resolve the problem and keep the project on schedule. This is something that we strongly encourage you to talk about with any of our customers whom you speak with.

Section # 2 and # 3 – Project Deliverables & Milestones and Project Schedule

The following Sample Implementation Schedule details the overall implementation timeframe and schedule of events. The dates, times and order of events are subject to change based on availability of the District and BS&A staff. This will be determined at the kick-off meeting should BS&A be the selected vendor. BS&A guarantees that the system will be fully functional according to the completion document once finalized at the commencement of the project.

Task	Responsible Parties (Bold is Primary)	Start Data	End Data
Initiation Activities			
Conduct Kick-off Meeting	BS&A and District	3/1/16	3/1/16

 **BS&A**
SOFTWARE

Service, Solutions, Support...Satisfaction

At BS&A, our goal is to bring meaningful and sustainable value to our customers. With over twenty years of experience in the financial management software industry, we have learned there are three key factors in delivering value...people, technology and integration.

People drive our company...whether it is our software developers, support technicians or customers. To provide customers with the solutions they need daily, our developers continually create new and innovative solutions. BS&A support technicians strive to do more than just help users, but to create fans through unmatched personal service.

Technology allows us to regularly offer updated features that drive efficiency, while remaining current with the industry's latest advancements.

Integration needs to go deeper than the applications. We believe true value is achieved by integrating people, technology and applications. By considering these as essential, we are able to provide industry-leading technology, customer service, and application integration...a combination that delivers outstanding value to our customers.

Complete Integration for a Comprehensive Solution

The need for easy access, instant information, and improved productivity are just a few of the issues municipalities face concerning financial management software. Our solution is to provide total integration between applications. This means processes are seamless with ready access to the data and functionality you need. Our Financial Management Suite integrates fully with all BS&A applications, including Purchasing, Utility Billing, Community Development, and Internet Services...providing a municipality-wide view of your finances, empowering you to make strategic decisions.

Our software delivers information flow and reporting in real-time to reflect the most recent transactions. This allows you to make decisions based on the latest data, view current cash balances, and easily drill down to transaction details for in-depth analysis. BS&A Financial Management allows you to zoom in on each section to focus only on the relevant data, unlike static drill-down features offered by other systems.

Our General Ledger Application alone offers more than 100 standardized reports, including GASB-compliant reports. In addition to these standard reports, our applications offer the flexibility to utilize a powerful report writer tool built right into the programs. This unique feature allows you to significantly reduce your reporting cycle time by creating reports within the system, rather than manipulating data with external spreadsheets, or being required to purchase, learn and utilize a complex external report writer tool.

Technology Designed with You in Mind

At BS&A, our software is designed with the primary objective of creating an easy and productive customer experience. We place the utmost importance on providing cutting edge solutions that do not compromise our users' ability to perform in a highly efficient manner.

Client-Server applications and browser-based applications each have their strengths and weaknesses. Rather than selecting one technology over the other, we have adopted a multi-faceted approach that takes advantage of the strengths each provide. We use the appropriate technology for a given challenge while providing a completely scalable architecture.

For example, Financial Management Software is extremely transaction-intensive. When processing hundreds of transactions at a time, a rich and responsive application is needed. This can only be accomplished with well-written Client-Server applications. On the other hand, there are numerous cases where Web applications offer a much better environment, including:

- The convenience of accessing and modifying HR information remotely
- The ability to approve and/or deny purchase requisitions and purchase orders from the web or smart phone
- The need for a public interface to allow citizens to view and pay utility bills, permit fees, open invoices, and more

Our strong commitment to staying at the forefront of our industry has led us to invest continuously in the following Microsoft® Technologies:

- Microsoft .NET 3.5 Development Platform for Client/Server applications
- Microsoft .NET 4.0 Development Platform with ASP.NET MVC for Web applications
- Microsoft SQL Server 2000/2005/2008 for all applications

Built on a Foundation of Unparalleled Customer Support

Nearly every software company claims they provide quality technical support. To ensure we actually deliver it consistently, we have established corporate practices such as:

- A company culture that is entirely “externally driven.” Our staff is rewarded first and foremost based on how well they have created satisfied customers.
- Detailed, biannual customer satisfaction surveys, the results of which are met with eager anticipation around the halls of BS&A. We are proud of the fact that they show outstanding results with continual improvement.
- A risk reversal pledge on all of our applications that offers a full refund on our software for up to a year after installation. This pledge demands that our support technicians and software developers consistently go the extra mile. Though unparalleled support is forged into our company culture, our risk-reversal pledge cements it.
- A “closed loop” feedback system we establish between our customers, technical support staff, and software developers to allow for a lightning-fast problem resolution process.
- A reference list that includes all of our customers, including contact names and phone numbers, not just a few handpicked references. Prospects can throw darts at the wall and randomly call as many customers as they like to be assured that they are working with an organization that is extremely confident in our customer service capabilities.

Delivering the highest quality customer care is deeply embedded in our DNA. We consider it our highest priority at BS&A.

“One of the greatest strengths of BS&A is their customer service. Everyone we had contact with from the onset of this process has been very helpful and friendly. The trainers have been superior. When we have had questions, we contact the customer service representatives, and they have an answer for us right away.

We have never waited more than 15 minutes for a response. Most of the time, the resolution of our problem is handled immediately. If there is additional research to be done to help us, we get a response back as soon as they have an answer for us. If it is going to take longer than what they feel is normal, we get either a phone call or an email explaining what is going on. We are never left wondering if our concerns are being addressed.

Overall, this has been the best move we could have made. We use ten of the BS&A modules, all of which are wonderful. I would strongly encourage anyone who is looking for a new software package to take a serious look at this company. You will not be sorry!”

— Deanna Rowe, Finance Director
City of Crystal River, Florida

System-Wide Features to Improve Productivity

We have developed several system features to increase efficiency and simplify tasks, such as:

User Groups allow you to set the same user rights for multiple users at once. This reduces the need to set up user-based security for several users with similar or identical rights in the system.

Users can be set up to login automatically to the program using windows active directory with user names and passwords.

All reports can be emailed or printed to Excel, PDF or other applications and file formats.

Individual User Report Profiles allow users to run memorized sets of reports.

The latest application updates are available with the click of a button.

Detailed audit tracking to log virtually all changes made.

City, State and Zip Code are automatically verified.

User-customizable screen colors are available in all applications.

Customizable workflow for electronic routing.

"One of my favorite parts of BS&A is simply the ease of use of the software. Everything is intuitive and easy. The software was not oversold and everything that we were told during the demonstrations was 100% true! At some companies, once the sale is done, you never talk to the sales teams again. At BS&A, the sales team made sure our implementation went smoothly and even continued to check in later to make sure we were happy.

They look at each client as a partner, and truly listen to us if we have an idea on how to make our processes better. Rather than just saying, "this is how the software works", they work with us to continuously make improvements on how the system works and adding functionality.

They are big enough to provide us with great support, (i.e. talented programmers, implementation and support teams), but small enough that they still care about every client's experience."

— Stephanie Walker, Finance Director
Village of Shorewood, Wisconsin

General Ledger

BS&A's General Ledger is the foundation of our Financial Management Suite, incorporating Budgeting, Long-term Financial Forecasting, and Project/Grant Accounting. As core functions of any financial system, we do not treat these as add-on applications, but as integral components of General Ledger.

The General Ledger application acts as the central data storehouse for financial entries from other seamlessly integrated applications, such as Accounts Payable, Cash Receipting, Utility Billing, Tax Administration, and Miscellaneous Receivables. Our wide range of interfaces allow for easy posting of transactions from other non-BS&A products.

Data is only useful if it is readily accessible. That's why we provide many standard reports, such as complete and integrated GASB 34 Reports. This eliminates the need for add-on applications, such as third party reporting software or GASB modules. Our Report Writer can be utilized to meet your various needs for unmatched reporting flexibility.

Key General Ledger Advantages

Integrated Budgeting, incorporating Long Term Budget Forecasting provides control over future budgetary needs with sophisticated forecasting and analysis tools

Cash Flow Analysis features enhance awareness of upcoming cash flow needs through powerful analysis tools and intuitive graphical displays

Clickable Report drilldown feature allows viewing data down to the source document detail

Complete, comprehensive Bank Reconciliation provides reconciliation of General Ledger account and bank account balances

Monthly Budget and Cash Flow Analysis Data

"The Village of Brown Deer is proud to be the first Wisconsin client of BS&A! We completed extensive research on BS&A and contacted over 25 references and did not receive anything negative from any of those communities. It was clear at that time and is crystal clear now after having been a client for over a year, that BS&A is a solid organization with great trainers and support staff and a product that is far superior to those in the market currently.

The benefits that BS&A offers will improve your operation tenfold! The software is very cost friendly and is well worth every dollar paid and then some. In most situations you dread software conversions, but BS&A and their staff take the extra time and effort to walk you through every step of the way and will ensure that things are done right. I am more than pleased with how the system is set up and running. We experienced a very smooth conversion even working with the programmers to design reports and features that are specific to the State of Wisconsin. My favorite parts of the software are the budget feature in general ledger and ease of exporting reports into excel.

I would recommend BS&A to every community looking for software. The product, support, and sales team is more than I could have ever asked for!"

— Bridget Souffrant, Treasurer/Comptroller
 Village of Brown Deer, Wisconsin

Accounts Payable

In addition to the standard invoice entry/check printing functionality, our Accounts Payable application interfaces with our billing applications for easy tracking and maintenance of refund requests. This integration offers one-click viewing of the status of check requests from the originating department, freeing the AP staff from fielding refund-related questions.

Tight integration with GL/Budgeting provides real-time budget verification to prevent overspending of budgeted or allocated resources. Invoices related to a PO are quickly entered, utilizing all relevant PO information.

Our unique Notification area offers at-a-glance information on outstanding invoices and check requests. In addition, our Imaging System allows batch scanning of invoices for subsequent on-screen processing and electronic archival.

Key Accounts Payable Advantages

Integrated Imaging System allows batch scanning of invoices for subsequent on-screen processing and document archiving

PO Integration eliminates duplicate data entry with automatic transfer of vendor and purchasing information to Accounts Payable

Refund of overpayments in billing applications may be electronically transferred to AP for payment

Purchasing Card Support delivers significant reductions in paperwork and AP data entry time

"In today's cookie cutter, take it or leave it, big business world, this level of customer commitment and responsiveness is absolutely unheard of and is most appreciated. To simply state that we are pleased with the service and software provided by BS&A is an understatement of our satisfaction.

It is our opinion that BS&A has set the standard of excellence that every American company should strive to in meeting and exceeding the needs and desires of their customers. The software is more responsive, stable, user intuitive and provides more flexibility and depth in every way.

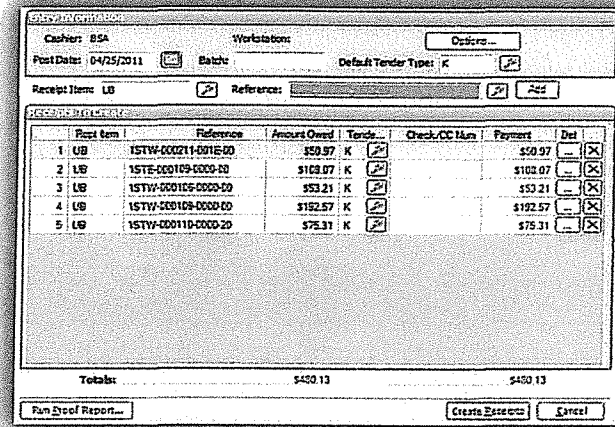

When you choose to use BS&A's software, you are not simply gaining access to outstanding software, service and support; you are adding a trusted and responsive professional to your team to serve the needs of your community."

— Steve Kingsbury, Director of Information Technology
City of Clare, Michigan

Cash Receipting

BS&A Cash Receipting provides a centralized system for receipting and cash reporting. Counter and Department Transmittal modes deliver flexibility for a variety of receipting needs. End-of-day deposit processing seamlessly integrates with General Ledger for true account reconciliation.

In addition to integrating with our billing systems, Cash Receipting provides for the import of receivables from other systems via a flexible, user-definable interface. This allows for account and amount verifications and the subsequent export of receipts to those applications.

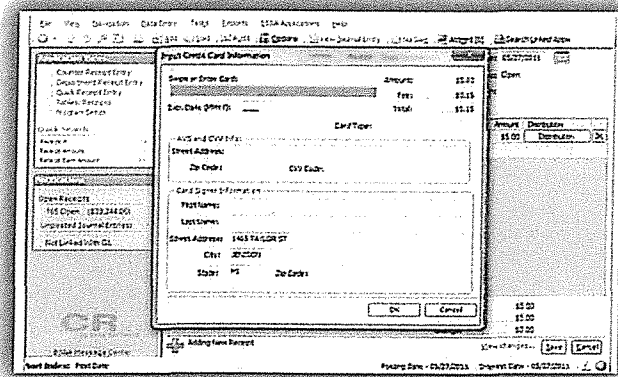

Key Cash Receipting Advantages

Flexible receipting options allow centralized or decentralized setup, depending on your needs

System-Wide Receivable Lookup allows one-click searching of all amounts due for a name or address

Support for Third-Party Billing Applications allowing customized imports, for accurate account verification and receipt processing

Department Receipting Templates enable quick entry and verification of deposits brought in from external locations

"Conversion from our prior software to BS&A was a very smooth process. From an IT standpoint, BS&A took the lead, clearly communicating system requirements and network and station setup. This was important to us because we do not have on-site IT support.

From a training standpoint, all of our staff found the software easy and intuitive. With one or two training sessions, we were up and running with our daily routine.

We chose BS&A three years ago and are very happy with our choice. The software is easy to use and reliable. Customer support is excellent. Any questions we have or issues that arise are handled promptly.

We value the fact that the software is constantly being improved and upgraded, often as the result of user comments and suggestions. We would definitely recommend the software to others looking for a reliable accounting package."

**— Chris Weber, Treasurer
City of Farmington, Michigan**

Purchase Order

Our Purchase Order application is designed to maximize your control over purchasing decisions while maintaining maximum flexibility and ease of use. The graphical flowchart-based workflow setup simplifies the complex task of translating your approval rules to an electronic model, enhancing control over the purchasing, budgeting and bidding process.

Integrated Bid Processing functionality allows electronic maintenance of bids and quotes. Our optional web-based Vendor and Bidder Self-Service application offloads maintenance data entry tasks to your suppliers, while giving you final control over changes.

Key Purchase Order Advantages

Requisition-Level Pre-Encumbrance option enhances budgetary control in the procurement process

Email, Web or Smart Phone Approvals enable quick, remote entry of approve-or-deny decisions

Email Notifications automatically update requesting party of requisition or PO approval/denial

Change Order Process handles PO changes easily and efficiently, with all accounting entries posted automatically

The screenshot displays the 'PO History' application window. At the top, it shows 'Purchase Order History Version 6 of 6'. Below that, the '3. Order Info' section includes fields for PO # (602231137), Requisition # (602231133), Status (Purchase Order), and History Date (04/25/2011 10:41 PM). It also lists Vendor # (1210), Vendor Name (ZEE MEDICAL SERVICE CO), PO Type (F4P/M), and Department (MEDICAL SUPPLIES). A table of line items follows, with columns for Quantity, Description, Unit, Price, and Total. The items include BANDAGES, GALS, SOLUTION, QUANTS, GA, MASCLES, SURGICAL GLOVES, and GLOVES. At the bottom, it shows 'Over Budget' and 'Purchase Order Amount: 216,324,000.00'.

Quantity	Description	Unit	Price	Total
10.000	BANDAGES		254.224.000-728.000	
33.000	GALS	SOLUTION	356.000	254.224.000-728.000

1.000	GA	GLOVES	28.200	254.224.000-744.900

"After researching numerous software vendors and conducting on-site vendor demonstrations, the Village staff, hands down, selected BS&A as the new financial systems provider for the Village.

In addition to great functionality, the systems work seamlessly together, have a streamline and easy-to-follow interfaces, were very easy to implement in a short time frame, and are constantly updated for the customers.

One of the key points that BS&A stressed during the vendor demonstration was their great customer service and support. Any vendor, during the sales portion of a system selection process, can boast about their support. However, until you are a BS&A customer and are on the other end of a support call, you do not know how great their support really is. The entire Village staff loves the software and the customer support they receive from BS&A. We look forward to many years of service with their systems."

— Jerry Sapp, Finance Director
Village of Burr Ridge, Illinois

Miscellaneous Receivables

Billing software needs to be flexible to handle receivables outside of the normal Tax and Utility billings. Our Miscellaneous Receivables application was designed from the ground up to deliver this flexibility.

Key Miscellaneous Receivables Advantages

ACH payment option allows customers to enroll in automatic payment for paperless billing

Aging Reports may be run as of a specific date, allowing quick and easy reconciliation to the GL balance

Recurring Invoices eliminate the need to manually enter repetitive billings

Overpayments may be easily and accurately refunded via electronic check request sent to Accounts Payable

Fixed Assets

GASB 34 made the accurate tracking and reporting of Fixed Assets critical. By integrating with the other components of our Financial Management Suite, the Fixed Assets application greatly simplifies tracking these items without sacrificing accuracy.

Key Fixed Assets Advantages

Supports partial asset transfers, splits, repairs, and disposition, including partial disposal

Integrates with General Ledger and Purchase Order applications, eliminating duplicate data entry and increasing accuracy

Complete Asset History allows determination of the book value of an asset as of any specific date

Generates reports needed for GASB 34 note disclosure

Asset Not Disposed

BS&A's staff was well-prepared from the outset, knew their software, the training process timeframes and matched our operational needs exactly. Where more training and review was needed, we already had built in additional time to get that accomplished. Task shifts, when they occurred, were easily managed. Every BS&A staffer we met was highly trained, professional and very approachable. Follow up questions were regularly asked, confirmations of completion were made and everything was tracked closely.

Are we happy with the software, service, training, support and staff of BS&A? Oh, yes we are!"

— Jim Bonamy, Finance Director
City of Grand Haven, Michigan

Utility Billing

Feature-rich, yet user-friendly, our Utility Billing application provides complete billing and tracking for a variety of utility account types. Extensive use of Wizards and Process managers simplify complex tasks into efficient step-by-step operations, such as Final Bill, Meter Change and Past Due/Shut Off. Additionally, fully integrated work order process allows you to track the details of all work done on a customer's account.

Key Utility Billing Advantages

Resident Linking eliminates repetitive data entry by utilizing a single name source

Email Billing reduces paper and mailing costs, while helping the environment

Reconciliation Manager automatically computes balances "as of" a user-defined date

Graphical viewing of Read and Consumption history

Adjustment accounting entries automatically posted to General Ledger, saving additional steps

Letter Writer may be used to send customized letters to selected accounts, increasing customer communication and reducing clerical tasks

GIS integration allows for a direct link between your data and GIS maps, giving you a very powerful tool to view data, plot various datasets, and quickly view neighboring accounts. Additionally, GIS Integration allows graphical lookup of account locations through Google Maps.

"Everything about my job was made easier with UB. I find the whole process of calculating and printing the bills to be much easier than our previous program, adjustments are easier, account histories are easier to provide."

— Bridget Glasgow, Deputy Clerk
 City of Bad Axe, Michigan

Payroll

Power, flexibility and accuracy are the hallmarks of our Payroll application. Designed to automate the most complex compensation and deduction scenarios, it supports all necessary reports for quarterly reporting, including W2 processing and electronic submission. Simple direct deposit processing and emailing of check stubs in a password protected PDF format supports paperless offices.

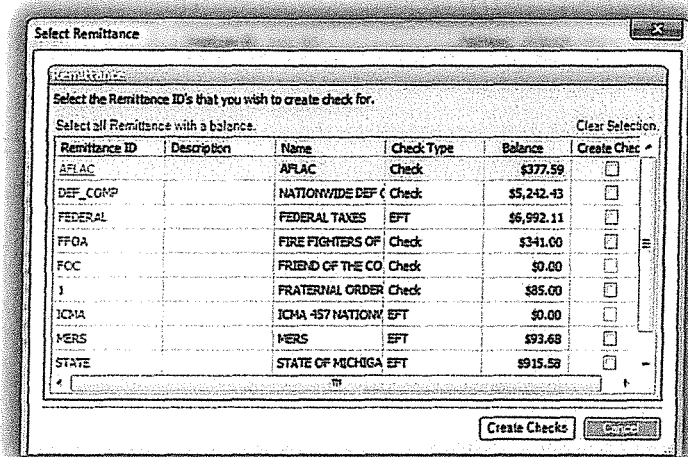

Key Payroll Advantages

W4 & Deduction totals may be projected for "what-if" withholding and deduction changes

Customizable YTD screens allow drilldown into individual payroll transactions

Supports Self-Administered Retirement Plans, including contributions, interest and withdrawals

Equipment Rental costs are allocated to correct funds/departments based on usage

"We were able to bring our Payroll back in house by purchasing the Payroll Module and are in the process of having our entire city use the Timesheets Module, which will not only speed up the entire payroll process, it will also cut down on keying errors. As with all the modules, the payroll process is very user friendly, and off course if we get stuck, we simply send an email to BS&A directly from the module; their response time is incredibly quick. The savings for our city when we stopped outsourcing payroll helped convince the elected officials to approve the purchase of new software."

**— Kathleen Doyle, Finance Director
City of Flagler Beach, Florida**

Human Resources

By utilizing both desktop and web-based components, our Human Resources application streamlines job posting, employee application, hiring, and employee tracking. The Position Budgeting feature seamlessly integrates with the Budgeting component of our General Ledger application.

Key Human Resources Advantages

Integration with BS&A Payroll allows for Human Resources users to view Payroll information, without needing access to the Payroll application. Uses Change Requests to handle segregation of duties, while simultaneously reducing the need for duplicate data entry and providing a notification between departments when changes are made.

The screenshot displays a software interface with a left-hand navigation menu and a main content area. The navigation menu includes sections like 'Task Management', 'Applicant', 'Employee Information', and 'Payroll Information'. The main content area is titled 'Applicant Information' and shows details for 'LEWIS, THOMAS C', a 'FINANCE DIRECTOR' at 'CITY OF SOMEWHERE'. Below this, there are two tables: 'EMPLOYMENT HISTORY' and 'EDUCATION HISTORY'. The employment history table shows a record from 1/1/2001 to 1/31/2001 at a pay rate of \$2.50. The education history table shows a record from 1/1/1995 to 1/1/2001 at 'COLLEGE PLACE' with a degree in 'BS'.

From	To	Company Name	Job Title	Pay Rate
1/1/2001	1/31/2001	CITY OF SOMEWHERE	FINANCE DIRECTOR	\$2.50

From	To	Institution Name	Institution Type	Degree
1/1/1995	1/1/2001	COLLEGE PLACE	College	BS

Applicant Tracking allows tracking of basic applicant information such as address, phone number, etc., and more detailed information such as employment and education history.

Employment Tracking allows tracking of employee beneficiary information, benefit plans, continuing education credits, reviews, position history, rate history, and many more HR-related items.

Full integration with BS&A Payroll allows successful applicants to be easily converted to employees, ready for immediate payroll processing.

Employment Applications Via the Web reduces the amount of staff time and resources devoted to processing and storing paper applications. Prospective employees may apply via the Web or at a designated on-site workstation.

Position Control allows tracking of current employees, openings, and applications by Position. Position Maintenance saves time by storing user-defined position requirements and defaults to facilitate the setup of new employees.

Sophisticated Position budgeting utilizes historical and user-defined data, scheduled pay-rate information, and data may be transferred to BS&A GL/Budgeting. Unlimited budget scenarios allow "what-if" analysis for budget planning.

Web-Based Open Enrollment allows employees to manage their benefit plans on-line increases employee satisfaction and reduces the drain on clerical resources

"If you spend more than five minutes trying to figure something out, call us". Your company and staff stand by this mantra – and they are always eager to help every time we call... EVERY TIME.

Having worked with local treasurers and assessors for nearly 20 years I have only heard universally positive testimonials about BS&A. That doesn't happen by accident."

— Steve Orchard, Deputy County Treasurer
Kent County, Michigan

Timesheets

Our Timesheets application is designed to decentralize the data entry of hours worked, while maintaining final oversight and approval. Customizable views allow you to tailor screens to your jurisdiction's needs.

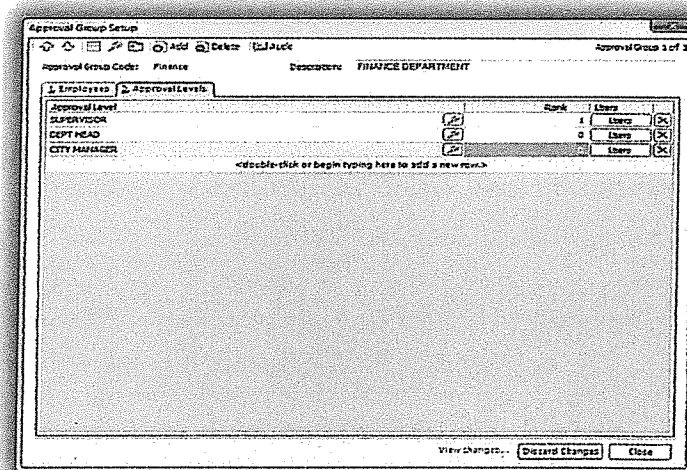

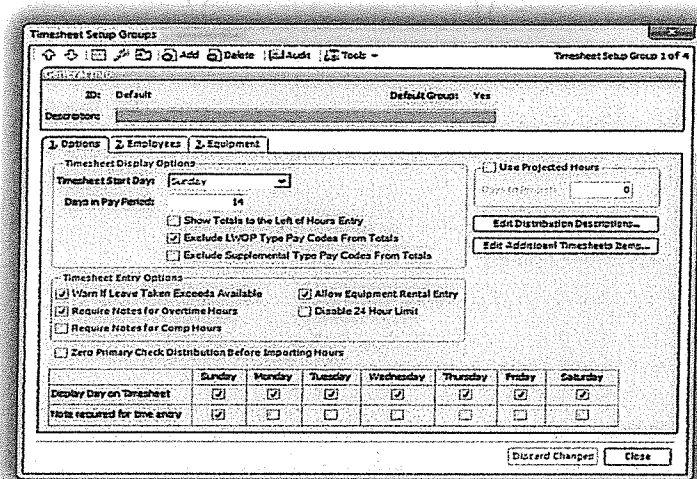

Key Timesheets Advantages

Exception-based time entry simplifies data entry

Flexible Approval Level setup handles complex time approval scenarios

Project & Equipment Tracking allows allocating of costs to various funds and departments based on usage

Timesheet Setup Groups allow the primary data entry screen to be configured in the way most appropriate for each department

"I can't give enough positive comments about BS&A's Fund Accounting Software to adequately express how satisfied I am with this software product. I thought that my previous software was good until we made the switch to BS&A. The software is so easy to learn and use and the reports are great. I would have to say that the high point for me with this software is the ability I to drill down when I need more than basic information. Amending budgets is easy and the ability to track budget amendments is terrific. BS&A Fund Accounting Software has enabled me to save a great deal of time and has given me the ability to provide my City Manager and City Council with more up-to-date reports than ever before. I absolutely love all of the BS&A programs!"

— Blinda Baker, Clerk/Treasurer
City of East Tawas, Michigan

AccessMyGov (AMG) Portals

The BS&A Dashboard allows municipalities to be more transparent to their citizens by displaying information on fiscal stability, public safety, economic strength, and quality of life. The Dashboard shows financial and operating measures deemed important to municipalities and their citizens. Also included in the Dashboard are current to previous year comparisons and informative charts and graphs.

Employee Web Portal

This secure site offers improved productivity by streamlining many tasks to online functions. Employees are able to view and print payroll information, including check history, view direct deposit setup, track leave balances, and print copies of W2s. Employees can also request changes to their information electronically and access online processes, such as benefit plan enrollment.

Purchasing

The Purchasing area of AMG enables employees to look up existing requisitions and purchase orders online. Authorized employees can also approve and deny purchase order requisitions/invoices through easy-to-use widgets. Approvals and denials flow directly to our Purchase Order and Accounts Payable applications.

Vendor Registration makes it easy for municipalities to deliver project information to interested vendors. Once vendors have registered and been approved by the municipality, they are able to view projects posted online and make bids.

Citizen Request for Action

The Citizen Request for Action area of AMG allows citizens to send service requests or questions to their municipality online. This widget also gives citizens the ability to keep track of any past requests they have submitted. Submissions are automatically forwarded from the portal to the application, avoiding the hassle of double entry.

Utility Billing

The Utility Billing area of AMG affords citizens the opportunity to view their account information, current and past bills, and make payments online. Any payments made will flow through to our Utility Billing application.

Miscellaneous Receivables

The Miscellaneous Receivables area allows citizens to view their account information, paid and unpaid invoices, and make payments online. Any payments made will create subsequent changes on that account in our Miscellaneous Receivables application.

Work Order

The Summary widget within the Work Order area of AMG gives employees the online ability to view work orders assigned to them, enter hours, view any previous hours entered, and view inventory used. The Work Order Schedule also lets employees examine their schedule and map out their work orders.

Business Licensing

The Business Licensing area of AMG streamlines many tasks associated with Business Licensing to online functions. Within the portal, businesses can apply for licenses, renew existing licenses, and request changes to their account information. They can also view any past requests submitted and check on their statuses.

Citizen Request for Action

Our Citizen Request for Action (CRA) application is designed to log and track requests from both residents and your staff. CRA can also create code enforcements, generate work orders through the Work Order application, and take multiple requests and associate them with an existing issue.

Key Citizens' Request for Action Advantages

Integration with Community Development allows for appropriate requests to quickly and effortlessly generate code enforcement actions. **Work Order integration** uses workflow rules to easily forward those requests to the appropriate person/department for quick resolution.

Residents are able to submit requests online, and to check on those requests via AccessMyGov.

Email alerts can be sent to citizens:

- When requests have been received
- If/when the request has been dismissed
- If/when action has been scheduled
- If/when action has been resolved

Municipalities can set up their own questions, relevant to the type of request, to gather the information needed to properly address issues.

The screenshot shows a web application interface for a Citizen Request for Action. At the top, it displays the request ID '00000078'. Below this, there are fields for 'Account Code' (0000011), 'Requester Name' (BAKER, SAHUR TRUST), 'Account Type' (RES), 'Date of Problem' (3/16/2013), 'Time of Problem' (3:13 PM), and 'Origin' (Phone). There are also fields for 'Request Contact' (Phone, Email) and 'Contact Type' (Email, Phone). The main section is titled 'Request Information' and contains a table of questions and answers:

Questions	Last Modified	Last Modified By
How big is the tree?	3/4/2013 4:13 PM	SAUR
What happened to the tree?	3/4/2013 4:13 PM	SAUR
Where is the tree located?	3/4/2013 4:13 PM	SAUR
How long has the tree been damaged for?	3/4/2013 4:13 PM	SAUR

Below the table, there are sections for 'Questions' and 'Answers'. The 'Answers' section contains the text 'Struck by lightning'. At the bottom right, there are buttons for 'Return to Home' and 'Close'.

"When I took office for the City of Rochester in January 2012, I quickly realized that we needed to look at some systemic changes to improve the efficiency of our processes. I began looking at multiple financial software packages and I kept coming back to one... BS&A Software. I made contact with the referrals and learned that the program was extremely popular. I scheduled an onsite demonstration for my staff and we were quickly sold on its functionality and versatility. Having a background in Information Technology as my past career, I am very critical and knowledgeable when it comes to data, design, and implementation. BS&A met and exceeded my expectations. The customer service is superb! I am looking forward to a long working relationship with the company. "

— Shoda Beehler, Clerk-Treasurer
City of Rochester, Indiana

The screenshot shows a web application interface for a Citizen Request for Action. At the top, it displays the request ID '00000001'. Below this, there are fields for 'Account Code' (0000006), 'Requester Name' (Ind Redesign), 'Account Type' (RES), 'Date of Problem' (11/23/2012), 'Time of Problem' (9:23 AM), and 'Origin' (Call). There are also fields for 'Request Contact' (Phone, Email) and 'Contact Type' (Email, Phone). The main section is titled 'Request Information' and contains a table of request details:

Request Type	Category	Issue	Date of Problem	Time of Problem	Origin
tree removal	Street		11/23/2012	9:23 AM	Call

Below the table, there are sections for 'Request Information' and 'Summary'. The 'Request Information' section contains fields for 'Priority' (Low), 'User1', 'User2', and 'User3'. The 'Summary' section contains the text 'ice on sidewalk in front of mall' and 'mall needs to remove their snow for shoppers'. At the bottom right, there are buttons for 'Return to Home' and 'Close'.

Inventory Management

Our Inventory Management application has the flexibility to track inventory quantity by location, transfer items between locations, generate history for each item, and track all orders and receipts. It integrates with many of our other applications, including Work Order, Purchase Order, Accounts Payable, and GL/Budgeting.

Key Inventory Management Advantages

Provides support to account for your inventory with either purchasing or consumption-based accounting.

Combine multiple inventory items that are frequently used together in kits. For example, five quarts of motor oil, an oil filter, and an air filter can be combined into one "Oil Change" kit.

Calculates and tracks unit price information by several methods:

- First in First Out basis (FIFO)
- Last in First Out basis (LIFO)
- Average Price

Unit conversion tables allow for an automatic translation from the quantities used when purchasing inventory to the quantities used when issuing inventory. For example, you can define the multiplier used to convert an item purchased by the ton, but sold (used) by the cubic yard.

Re-order points can be defined to alert users when inventory drops below those points and prompt for the creation of a purchase order.

Efficient integration with BS&A Purchase Order .NET streamlines the ordering process using your predefined re-order points.

The screenshot shows the 'Inventory Management' application interface. At the top, there are tabs for '1. Item Info', '2. Settings', '3. Additional Info', '4. Order Info', '5. Quantity History', and '6. Receivers'. The main area is titled 'QUANTITIES' and displays a table with columns for 'Item Code', 'Description', 'Unit', and 'Quantity'. The table lists various items related to a 'FOUR WHEEL DRIVE' vehicle, such as 'WHEEL', 'KERRACK', 'GOLF', 'POL GAR', 'POL GAR', 'POL GAR', and 'POL GAR', each with a corresponding unit and quantity. On the right side, there are several input fields and checkboxes, including 'Price Range', 'Mark by amount per issue out', 'Mark by cost', 'Average Cost', 'Last Price', and 'Last Vendor Price'. At the bottom, there is a 'Unit Conversion Table' section with a 'Item Category' dropdown menu.

The screenshot shows the 'Inventory Management' application interface, specifically the 'Settings' tab. The top section displays 'Inventory Code: 000000000' and 'Description: []'. Below this, there are several sections: '1. Item Info', '2. Settings', '3. Additional Info', '4. Order Info', '5. Quantity History', and '6. Receivers'. The 'QUANTITIES' section contains fields for 'Min Purchase Quantity' (set to 100), 'Max Purchase Quantity' (set to 1000), and 'Use Reorder Point' (checked). Under 'Use Reorder Point', there are options for 'Use Global Reorder Point' and 'Use Location Based Reorder Point'. The 'DISTRIBUTION' section includes 'Accounting Method: Consumption', 'Inv. Asset GL #', and 'Overhead GL #'. At the bottom, there are fields for 'Default Vendor Code' (set to '<Not Set>') and 'Default Department'.

Work Order

Our Work Order application streamlines the myriad resources used by your municipality in the management of your work orders: including inventory, equipment, employees, and vendors.

Key Work Order Advantages

Tight integration with numerous BS&A applications allows for easy tracking and robust reporting with a high level of accuracy. Some examples of this tight integration:

- **Inventory Management:** track and report on inventory used.
- **Timesheets:** track and report on employee time and equipment used.
- **Miscellaneous Receivables:** create invoices to bill for services rendered.
- **Accounts Payable:** generate invoices to third-party vendors involved with the work order.

Use your existing GIS map layers to plot your work orders, assets, and facilities. This functionality enables you to efficiently utilize your GIS information in evaluating your work order data.

Requiring only an Internet connection, employees can view their assigned work orders in real time via AccessMyGov.

Our customizable scheduling feature lets you define rules to allow for quick and easy assignment of tasks to appropriate workers, avoiding scheduling conflicts.

Easily view the history of each asset tied to your facilities.

"Easy to navigate, easy to set up, no accounting degree required. I have been through at least five maybe six full conversions in my career. By far the BSA experience was seamless and smooth. I have scars to show you from the others."

— **Richard Lehmann, Finance Director**
City of Huntington Woods, Michigan

HOFFMAN ESTATES PARK DISTRICT MEMORANDUM NO. M16-009

TO: A&F Committee
FROM: Dean Bostrom, Executive Director
Craig Talsma, Deputy Director/Director A&F
RE: Division Report
DATE: January 15, 2016

A. Finance/Administration

- Met with Sikich auditors for 2015 audit planning session. They will be on site January 18, 2016 to begin the review of the meeting minutes and conduct interviews of District staff.
- Staff has been working on year-end account verification and preparation for the 2015 audit process.
- Closed the 2015 Payroll files for staff wages earned in 2015 in preparation of issuing W2 forms.
- Closed 2015 Accounts Payable files for vendor history in preparation of issuing 1099's as required.
- The B&A Ordinance and Tax Levy Ordinance were filed with the county as required.
- Required year-end financial information was posted on the county's website.
- Filed all required tax and financial information for the Friends of HE Parks.
- Completed required Open Meetings Act and FOIA training.
- Payroll Cycle Processing
 - 12/18/15 \$254,629.61
 - 12/31/15 \$295,419.13
 - 01/15/16 \$228,992.32

B. Administrative Registration/EFT Billing

- EFT Billings for:
 - a. TC/WRC/PSSWC Fitness Centers
 - b. ELC (weekly)
 - c. Sponsorship
 - d. STAR
 - e. PreSchool
 - f. Dance Company
 - g. NWHL Hockey
- Administrative Registration for:
 - a. Financial Assistance
 - b. Indoor Soccer
 - c. Foundation Giving Tree

C. Human Resources

- Processed 11 new part-time hires and 2 new volunteers.
- Advertised for FT Advertising and Sponsorship Manager position.
- Concluded 2016 Open Enrollment for Health Insurance and AFLAC. Increased FT participation in AFLAC health policies, Health Care FSA (Flexible Spending Account), and Voluntary Life Insurance.
- Attended PDRMA PATH Webinar to wrap-up 2015 PATH program and kick-off 2016 PATH Program. Official figures will be released in 2016, but estimated that well over half of FT District Staff participated in the PATH program to enhance employee wellness, with many earning the maximum incentive of \$400.00. Goal for 2016 is to continue increasing FT Staff participation in the PATH program.
- HR Manager passed SHRM-CP exam to become a Society of Human Resource Management – Certified Professional in HR.
- IRS extended due dates for filing of PPACA Health Care tax information:
1095-B/1095-C (distributed to employees) – now due by 03/31/2016
1094-B/1095-C (submitted to the IRS) – now due by 05/31/2016

D. Technology

- WIFI Enhancement
 - Update or add WAPs (Wireless Access Points) to various locations throughout HEPD.
 - Planning on creating a splash page with terms & conditions as well as an ACCEPT button for HEPD-Public WIFI.
- Vogelei Barn Connectivity
 - Connect Vogelei back to Triphahn to become part of the HEPD WAN. Vogelei is currently utilizing its own Comcast BCI connection.
 - In the process of obtaining a quote for a firewall to install at Vogelei in order to create a VPN tunnel back to Triphahn.
- Email Archiver
 - Email Archiver has completed the archiving of all HEPD emails. Currently all emails are being archived. A plugin for Outlook email will soon be deployed to all users along with the appropriate documentation.

Hoffman Estates Park District – 2015 Goals
A&F Division

Report Date: January 2016

Key: C = Complete / SC = Substantially Complete / IP = In Progress / NB = Not Begun / NA = Not Accomplished

DISTRICT GOAL 1: PROVIDE HEALTHY AND ENJOYABLE EXPERIENCES FOR ALL PEOPLE

District Initiative 1: Offer healthy and enjoyable experiences that promote equal access

Division Objectives:	Measures:	Status	Achievement Level/Comments
Evaluate, modify and develop District procedures to ensure operating at a high level of customer service.	Review all business, human resource, and IT procedures and revise as appropriate by September 2015.	C	Ongoing review based on processes, software enhancements and District efficiencies.
Evaluate and update District wide smoking policy.	Achieve by 2 nd qtr.	C	Currently adheres to all Village and state laws. Will continue to evaluate the possibility of smoke free areas within the District in 2016.

District Initiative 2: Achieve customer satisfaction and loyalty

Division Objectives:	Measures:	Status	Achievement Level/Comments
Investigate and implement expanded Wi-Fi services within the District.	Achieve by 2 nd qtr.	C	Comcast BCI w/ WIFI extenders are completed at all facilities. These provide HEPD-Public WIFI for patrons. Additional WAPs to expand HEPD-Public and provide HEPD-Private WIFI for employees are completed at TC, WRC, & PSSWC.

District Initiative 3: Connect and engage our community

Division Objectives:	Measures:	Status	Achievement Level/Comments
Promote volunteer opportunities through the WEB.	Achieve continually.	C	Volunteer opportunities for plant your park day, coaches, 50+, and special events have been promoted.
Provide financial/budget overview for Park Perspectives.	March 2015 for Spring issue.	C	Report included as part of year-end financial report for park perspectives Spring issue.
Maintain FOIA compliance and transparency aspects of the District to ensure Illinois Policy Institute Sunshine Award status.	Achieve continually as information is approved.	C	Information and finalized reports/documents are uploaded continually to heparks.org. 2014 CAFR and all 2014 year-end financial information have been uploaded. Annual wage and benefit report updated. All FOIA requests have been processed timely.

DISTRICT GOAL 2: DELIVER FINANCIAL STEWARDSHIP

District Initiative 1: Achieve annual and long range financial plans

Division Objectives:	Measures:	Status	Achievement Level/Comments
Achieve District annual budget to ensure maintaining fiscal year projected fund balance reserves.	Achieve by December 2015.	C	All funds exceeded budget except BPC.
Create annual balanced budget.	Achieve by November 2015.	C	Final budget approved in December.
Conduct budget preparation review session for all staff.	Achieve by July 2015.	C	Hoffman U conducted August 19 th .
Review/update Policy Manual.	Achieve by August 2015.	C	Additional policies as needed were Board approved. Policy manual will be reviewed in 2016.

District Initiative 2: Generate alternative revenue

Division Objectives:	Measures:	Status	Achievement Level/Comments
Evaluate utilization of cell tower agent to represent District interest in current and potential cell tower opportunities.	Achieve by 3 rd qtr.	C	Verizon potential south side flag pole has been tabled. Received payment for Canon Crossings T-Mobile site.
Renew beverage sponsor agreement.	Achieve by 1 st qtr.	C	Approved in December with Pepsi.

District Initiative 3: Utilize our resources effectively and efficiently

Division Objectives:	Measures:	Status	Achievement Level/Comments
Support C&M with Mobile application.	Achieve continually.	C	Working with C&M as enhancements are available.
Hire PT IT support for desktop support.	Achieve by 2 nd qtr.	C	Position was filled for summer, looking for a qualified candidate to fill position long-term or summer 2016.

DISTRICT GOAL 3: ACHIEVE OPERATIONAL EXCELLENCE AND ENVIRONMENTAL AWARENESS

District Initiative 1: Create and sustain quality parks, facilities, programs and services

Division Objectives:	Measures:	Status	Achievement Level/Comments
Review District program/facility fees to ensure minimum 30% margin and determine subsidized programs.	Achieve by September 2015.	C	Ongoing with new program masters submitted as well as monitoring District minimum participation requirements. Monthly reports are being submitted to different divisions for explanations. Majority of programs maintain ROI level.
To further District disaster recovery plan, redeploy and configure spare HP server to act as additional VMHost.	Achieve by September 2015.	N/A	To best utilize District resources, full back-ups are kept offsite as is more efficient. Disaster Recovery Plan will be updated in 2016.
Purchase, image and deploy replacement desktops.	Achieve by 4 th qtr.	C	2015 allotment has been purchased and deployment schedule in process.

Purchase and replace Watch Guard firewall with CISCO or equivalent to enhance network infrastructure.	Achieve by 2 nd qtr.	C	Firewall replaced with Cisco and currently operational.
Purchase and replace copiers (BPC/TC-No/Maint).	Achieve by 3 rd qtr.	C	TC-N and Maint. copiers were purchased and installed in March. BPC copier purchased and installed in April.
Purchase and replace District server room UPS Battery Array.	Achieve by 3 rd qtr.	C	New UPS unit installed and operational Has been tied to the District gas generator for additional backup time.
Purchase and replace (15) monitors District wide.	Achieve by 2 nd qtr.	C	All monitors have been purchased and deployed.
Investigate conversion to MS Office 365 and/or comparable software to enhance communications.	Achieve by September 2015.	C	Investigating license cost as Microsoft changed their agreement. Office 365 appears to be a better value with Office 2016 coming out later this year. District will plan to upgrade in 2018.

District Initiative 2: Utilize best practices

Division Objectives:	Measures:	Status	Achievement Level/Comments
Continue to research processes and opportunities with other Districts to ensure operating at a high level and utilizing industry best practices.	Achieve continually.	C	New practices researched as needed, including personnel benefits and new software.
Conduct random monthly cash audits at all facilities.	Conduct monthly audits on various dates /times on all District service desks.	C	Random cash audits being conducted monthly with no discrepancies worth noting.
Conduct surprise audits of program personnel and independent contractors to ensure classes are held with properly registered participants meeting minimum numbers. Utilize video as needed.	Conduct monthly program audits seasonally by program.	C	Random program audits being conducted monthly with no discrepancies worth noting.
Conduct ledger audits to ensure financial integrity.	Conduct quarterly.	C	Ledger audits occur once quarter ends, however many ledger audits performed continually to ensure proper flow of unearned income. Minor adjustments made as necessary.
Conduct trial balance audits to reduce District receivable exposure.	Conduct monthly.	C	Receivable updates occur weekly and monthly with no concerns worth noting.
Conduct program revenue audits including waitlists and minimum/maximum requirements to ensure cost recovery.	Conduct twice monthly.	C	Random cost recovery audits are being done in conjunction with program audits and minimum/maximum participation analysis with reports submitted to responsible divisions.
Prepare CAFR for previous fiscal year.	Achieve by 2 nd qtr.	C	CAFR has been finalized and GFOA Certificate in Excellence has been received.

Perform software updates.	Achieve monthly as available.	C	Updates are performed as available.
Upgrade and implement VSI RecTrac V3.	Achieve by 4 th qtr.	NA	At recommendation of vendor upgrade will be pushed back to 2016 or 2017 until software capabilities have matured.
Purchase and install required PCI compliant (2015) credit card encrypted mag stripe and bar code readers District wide to minimize vulnerability to customer and District.	Achieve by 4 th qtr.	NA	As PCI regulations are ever changing, credit card gateway vendor PlugnPay will not have required equipment available until 2 nd or 3 rd qtr 2016. Project scheduled in 2016.
Achieve PCI certification by completing PCI self-assessment. Electronic systems operating scans to ensure minimal security risk.	Achieve annually.	C	PCI Self-Assessment Questionnaire completed on December 10 th with a “pass” status on December 16 th .
Complete electronic systems operating scans with Trust Keeper to be alerted to potential vulnerabilities.	Achieve a “pass” rating quarterly.	C	The 1 st qtr scan was completed on March 19 th , the 2 nd qtr scan completed on June 19 th , the 3 rd qtr scan completed on September 19 th and the 4 th qtr scan completed on December 19 th with the District receiving a “pass” rating on all.
Purchase a cash counting machine to increase efficiencies.	Achieve by 1 st qtr.	C	Purchased in May.
Investigate accounting software applications for implementation in 2016.	Achieve recommendation for 2016 Budget.	C	Recommendation being made to January A&F Committee.
Investigate, purchase and implement benefit scheduling and tracking software.	Achieve by 4 th qtr.	C	Researching available software options as part of new accounting software.
Investigate, purchase and implement an email archiving software to assist staff in email storage and recall while also reducing server storage requirements.	Achieve by 2 nd qtr.	C	Purchased and installed Barracuda Email Archiver.
Monitor IMRF eligible staff and educate managers/supervisors regarding the 30 hour threshold.	Achieve monthly.	C	Monitored monthly with off-line controls, completed for 2015.
Monitor PT employees hours worked regarding the PPACA compliance.	Achieve monthly.	C	Monitored monthly with off-line controls, completed for the 2015 measurement period. All PT employees below 1560 hour threshold.
Utilize and update the IPRA salary system for online use for all staff.	Achieve quarterly.	C	Completed for 2015, but continually monitor and update as necessary.

District Initiative 3: Advance environmental and safety awareness

Division Objectives:	Measures:	Status	Achievement Level/Comments
Investigate opportunities to minimize storage and further District green initiatives.	Achieve by 3 rd qtr.	C	Staff reviewing processes to determine potential green options. Continue with payable EFT requests. New software has added green benefits.
Investigate printers with duplexing options to further District green initiative.	Achieve as purchases for printers are considered.	C	Pricing for machines that duplex are cost prohibitive. All copiers within the District have been purchased with duplexing as an option.
Investigate and make recommendation on a print management system for 2016.	Achieve by September 2015.	C	Currently evaluating options from three (3) vendors, however deemed costly in 2015.

DISTRICT GOAL 4: PROMOTE QUALITY LEADERSHIP AND SERVICES

District Initiative 1: Develop leadership that ensures work force readiness

Division Objectives:	Measures:	Status	Achievement Level/Comments
Continue to review and enhance division succession plans.	Achieve by 3 rd Q	C	Succession plan opportunities for employees by position discussed during mid-year reviews.
Conduct and continually expand Hoffman U training curriculum with offerings with training in purchasing, IMRF, PDRMA, unemployment cost savings measures.	Achieve annually with calendar offerings.	C	Thru 3 rd Q sessions on new hire paperwork, the new phone system, purchasing, RecTrac, budget, independent contractors, exempt hours, annual employee reviews, employee benefits, MainTrac and FinTrac have all been presented.
Coordinate Spanish speaking IMRF workshop for Parks seasonal staff.	Achieve by 3 rd qtr.	NC	Has been pushed to 2016 due to scheduling difficulties.
Continue emphasis on cross training within division to ensure work force readiness.	Achieve continually by performing tasks and having a bi-annually touch base to ensure any changes in processing are learned.	C	Cross training as well as back-up staff performing key tasks occurs continually to ensure work force readiness.
Investigate and recommend a procedure for new FT hires to sit with business department staff to review applicable software programs and financial procedures.	Achieve by 3 rd qtr.	C	Procedure has been completed and implemented.
Continually enhance orientation process.	Achieve continually.	C	Conducted Hoffman U on new hire paperwork requirements. Updating orientation information is ongoing. New FT hires receive introductory meetings across departments. Will continue to enhance in 2016.

Create an action plan to reduce unemployment costs by researching opportunities to develop alternate or modified light duty work plans. Develop advance planning for seasonal layoffs working within budget constraints.	Achieve by 3rd qtr.	C	Unemployment Consultants met with Parks Dept. in August regarding end of season layoffs. Considering using seasonal staff in facilities in 2016 either at the front or end of the parks season. By utilizing staff for 1-2 weeks, this could limit unemployment payments while keeping staff within hourly requirements. Unemployment liability was reduced in fall 2015 by requiring laid-off staff to call in with availability on a bi-weekly basis.
Investigate options to incorporate incentive programs for healthy habits for employees.	Achieve by September 2015.	C	Pedometers were offered as incentives to staff who earned first 100 points of their PATH program points.
Promote PDRMA PATH Program.	Achieve by September 2015.	C	Program promoted at FT staff meeting in April as well as promoted thru pedometer incentive. Multiple staff have already reached maximum incentive goal.
Promote health & wellness to sedentary staff by purchasing core strengthening fitness chairs to be shared within business/administrative departments.	Achieve by 3rd qtr.	C	Three fitness chairs have been ordered for staff to test. Staff liked the fitness chair option and 2 more were purchased. Staff in close proximity to one another share the chairs.

District Initiative 2: Build organization culture based on I-2 CARE Values

Division Objectives:	Measures:	Status	Achievement Level/Comments
Divisionally, at minimum, one staff will sit on District Team Committee.	Achieve annually.	C	Division currently has two staff members sitting on the Team Committee.
Investigate options for competitions by facility to build team work.	Achieve by 3 rd qtr.	C	The Team Committee coordinated a Chili Cook-Off for all staff in March.

District Initiative 3: Promote continuous learning and encourage innovative thinking

Division Objectives:	Measures:	Status	Achievement Level/Comments
Attend legislative conference.	Achieve by May 2015.	C	Staff attended.
Attend legal symposium.	Achieve by November 2015.	C	Staff attended.
Attend Year 1 Director's school.	Achieve by November 2015.	C	Deputy Director attended year 1 of Director School.
Participate in IMRF/PDRMA seminars.	Achieve as offered.	C	Deputy Director is on PDRMA Board and attends meetings. HR manager attended IMRF session.
Attend IPRA/IAPD and NRPA conferences.	Achieve by 1 st and 3 rd qtr.	C	Staff (4) have attended IPRA/IAPD State conference. Staff (1) have attended NRPA conference.
Attend PDRMA risk management institute.	Achieve by November 2015.	C	Staff attended.
