A. 2017 Audit/M18-017:

Executive Director Talsma introduced A&F Director Hopkins and welcomed new Comm Rep Wilson. He asked A&F Superintendent Cotshott to introduce the auditors.

Jamie Wilkey from Lauterbach & Amen, LLP Auditors presented an overview of the audit for the Board noting key items to include the CAFR, the clean audit process, the Executive Summary for the audit and the Statistical Information that she encouraged the board to review.

She also reviewed the management letter and the GASB changes that included the reporting of retired staff accepting post health insurance. Executive Director Talsma noted that the district did not have any retired staff in that position.

Ms. Wilkey also reviewed the actual results versus the budget and noted that PSSWC was over budget, primarily due to the Capital Project for the Wet Areas.

Commissioner McGinn asked if there was a limit and Ms. Wilkey noted there was no limit; the firm just needed to make sure that there was disclosure to the board in any of those instances.

Commissioner Bickham asked if other districts were in compliance and Ms. Wilkey noted that all 55 of L&A's accounts were in compliance. He also noted a housekeeping item to update the board and their present positions.

Chairman Kilbridge asked if Commissioners could get a paper copy of the audit as it was difficult reading on a tablet. Staff will check.

Comm Rep Winner made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the audit as amended with corrected board member titles. The motion carried by voice vote.

B. Prevailing Wage Ordinance O18-005/M18-069:

Executive Director Talsma reviewed the item. Comm Rep Winner asked if earlier Ordinances had not included the actual listing of wages and Executive Director Talsma noted that they might have. He explained that they were posted and would be included in the file.

C. Surplus Ordinance O18-006/M18-070:

Executive Director Talsma reviewed the items noting that they needed to be disposed of.

Comm Rep Chhatwani made a motion, seconded by Comm Rep Winner to recommend the board approve Surplus Ordinance O18-006 as outlined in M18-070. The motion carried by voice.

D. A&F Report/M18-068:

Executive Director Talsma reviewed the item noting that next meeting A&F Director Hopkins would be giving that report. He commended Superintendent Cotshott and her staff for the audit and the completed Rectrac Training.

Chairman Kilbridge asked about a super grid and Superintendent Cotshott noted that it allowed staff to access much more data and made making reservations much easier for staff.

Comm Rep Chhatwani asked about the Advertising and Sponsorship and Executive Director Talsma explained that Adv & Sponsorship Manager Massani (Graham) was doing an excellent job.

Comm Rep Chhatwani made a motion, seconded by Comm Rep Winner to send the A&F Report M18-068 to the board as presented. The motion carried by voice vote.

E. Open and Paid Invoices:

President Kaplan asked about the dates on the mileage reimbursement for C. Giovenco and Executive Director Talsma noted that the amounts were small and often times several months put in at one time. President Kaplan asked if this was the only person and Executive Director Talsma noted that most other mileage was done with park district vehicles.

Comm Rep Winner asked if it was a check or EFT and staff will check.

Comm Rep Winner made a motion, seconded by Comm Rep Chhatwani to recommend the board approve the Open and Paid Invoices in the amount of \$679,301.58. The motion carried by voice vote.

F. Revenue & Expenditure Report:

Executive Director Talsma reviewed the report noting that A&F Director Hopkins would be presenting in the future and doing a recap of items. He noted that most of the district was running well.

Commissioner McGinn asked about golf and Executive Director Talsma noted that they were down about \$20,000 because of the weather although the F&B was doing better than last year.

Comm Rep Chhatwani made a motion, seconded by Comm Rep Winner to recommend the board approve the Revenue and Expenditure Report as presented. The motion carried by voice vote.

7. **Committee Member Comments:**

HOFFMAN ESTATES PARK DISTRICT MEMORANDUM # M18-078

To: A&F Committee
From: Craig Talsma Executive Director
Nicole Hopkins, Director of Admin & Finance
Carina Massani, Advertising & Sponsorship Manager
Date: July 20, 2018
Re: Amita Health Sponsorship

Background

Since July 2005, the Hoffman Estates Park District has had a long standing partnership with Alexian Brothers Health Systems, now Amita Health. Starting in 2009 the District entered into a three year partnership contract in which Alexian paid the District \$50,000 per year. This contract was renewed an additional two times and the latest tri-annual contract expired July 31, 2017.

In 2017, Amita Health took over Alexian and informed us they could not continue a three year contract, therefore, we created an annual contract for \$67,240 that both parties agreed to in September 2017 effective for the period August 2017 through July 2018.

Implications

The attached contract represents the annual renewal partnership with Amita Health. In substance the contract has not significantly changed, however we have increased the partnership to \$69,740 for the period August 1, 2018 through July 31, 2019. The increase is represented in the Teen Center Partnership to help enhance the programing as well as the New Bridges 5K Event as a presenting Sponsor.

Please refer to Exhibit A in the attached contract. The items are all labeled *renewal* or *new* to distinguish the new additions to the contract. We are offering more exposure to Amita Health in and around the park district and we are receiving stronger programing across various departments, more support for programs and events, such as the Bridges 5K to help get this event off the ground.

Recommendation

Staff recommends that the A&F Committee recommend the attached annual partnership agreement with Amita Health for the period August 1, 2018 July 31, 2019 for approval to the full Board.

RE: Surplus Ordinance O18-007

<u>Qty</u>	<u>Description</u>	<u>Current approx. value</u>	<u>Reason for disposal, trade, or sale</u>

1	Elliptical	\$250	Not working properly
1	Stair Stepper	\$100	Not working properly

Financial Analysis as of June 30th, 2018

General Fund

Administration

The net revenue for the administration department is greater than prior year but consistent with 2016.

Revenues increased \$131,246 over prior year. \$87,719 is an increase to Property Tax revenue resulting from a CPI increase of 2.1% in conjunction with the impact of 30,753,206 in new growth added to the District’s EAV.

Investment income has increased \$35,398 due to rising interest

rates. The District continues to only invest in zero risk vehicles.

Marquee advertising is under prior year by \$6,578 however sponsorship revenue is up by \$16,005. The available advertising space on the marquees is currently fully rented. Based on current sales, 2018 budget should be achieved.

Cell Tower Sites is \$13,711 under prior year. T-Mobile rented space but never constructed a cell tower on the site. The agreement ended and was not renewed. The 2018 budget was complete prior to this information becoming available therefore revenue will be under budget at fiscal year-end.

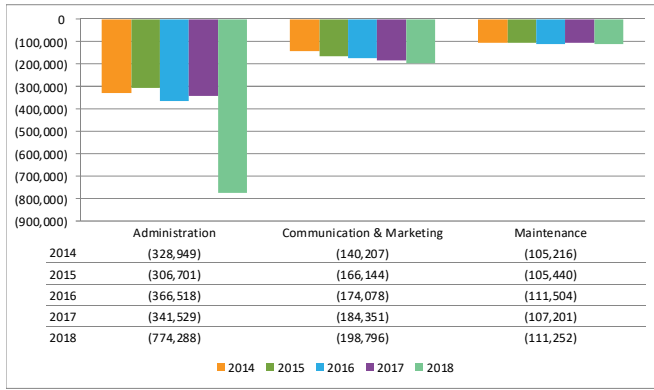

Payroll is \$92,290 greater than prior year as a result of the transition of the Information Technology Associate from part time to full time and the payout of retiring employees Injury and Illness time; this will be under budget for 2018.

Maintenance

The net expense for the maintenance department is greater than prior year by \$27,071. Park Structure Maintenance & Repairs is over by \$15,002 compared to prior year due to replacement of the slide at Hoffman Playground however it is anticipated to be within the total budget at year end. Athletic Field Supplies is greater than prior year by \$19,456 due to improved broad leaf and fertilizer control at our athletic complexes and premier parks. This was included in the budget and will continue for future years. Fuel is over prior year by \$10,645. Mowers were going seven days a week due to all the rain as compared to four days in the prior year. The budget anticipates the more frequent mowing schedule to be conservative.

Increases in expenses are being offset by reductions in Full Time Wages which are under prior year by \$49,869 and will likely be under budget at year end due to a vacant position not filled until June 2018. The prior year included several retirements with a payout of Injury and Illness time.

Recreation Fund

Administration

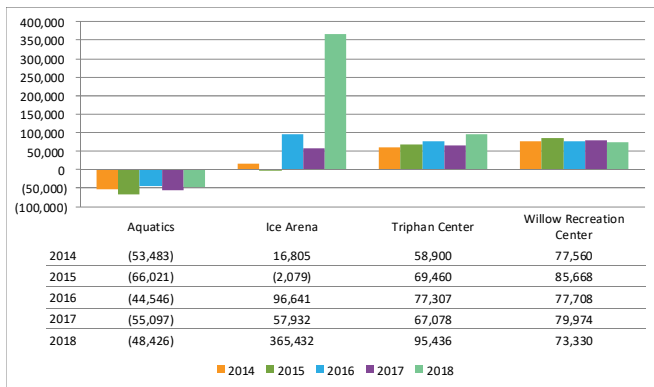

There is an increase to Debt Service Expense. This line item was previously recorded to the Ice Arena. As the debt was issued for the Triphahn Center as a whole, the debt was moved to the Administrative department resulting in \$412,500 negative impact to Administration with a corresponding positive impact in the Ice Arena department.

There was a decrease to Miscellaneous revenue as a result of a refund from the ice rink leak service refund under warranty in 2017 from a purchase made in 2016.

Last year Facility Maintenance/Repair Expense was mainly supplies. There have been more repairs in 2018 with the largest relating to the Triphahn Center spa and sauna.

Communication & Marketing

Communication & Marketing expense increased \$14,445 over 2017. A new Social Media Specialist position was added to the department with a hire date of June 12, 2017.

Aquatics

Temperatures have been favorable for outdoor pools. Daily fees are \$16,270 greater than prior year and expenses have been consistent. However, net lesson profit is \$6,843 under the prior year.

Ice Arena

Revenue has declined over the past two years. Historically, 49.7% of revenue has been received by June 30th. Currently, the ice arena has earned 41.6% of the budgeted revenue.

Based on this, it is likely that the Ice Arena revenue will be behind budget by fiscal year end. Staffing changes are anticipated to reduce this variance. There has been an increase to Summer programming and Fall and Winter are the largest seasons for Ice programs so there is a possibility to increase revenue.

The pro shop was eliminated part way through fiscal year 2017. Due to competition, primarily from online retailers, the pro shop became more of an amenity than a viable revenue producer resulting in difficulties renting the space. Lesson revenue has declined \$15,117 in figure skating and \$33,196 in hockey. Due to reductions in wages, the net decline is \$34,317. Net revenue for Adult and Youth hockey leagues have declined by \$67,275. The fee for Wolf Pack was reduced and there were changes from volunteer coaching to paying coaches and assistant coaches to be more competitive with area rinks. This will result in a negative impact until the program is rebuilt.

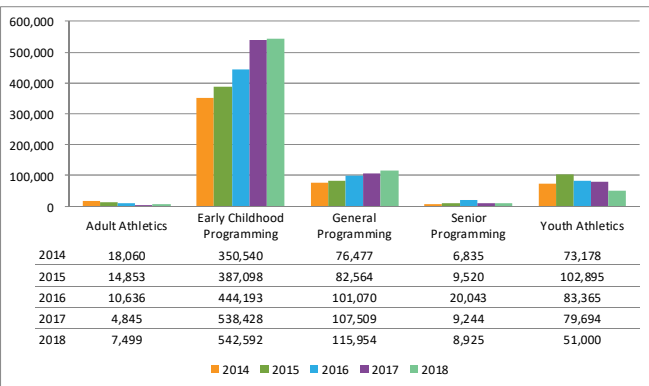

Expenses have decreased by \$439,599 as a result of the elimination of \$412,500 from Debt Service Expense now allocated to the Administration department. The offset appears as an increase to costs in the Recreation Administration department. The remainder of the decrease is the result of small reductions in numerous areas with the largest decrease in total wages of \$26,320.

Triphahn Center

Rental Revenues have increased from prior year. Increases to fees and better procedures were put in place to ensure collection of field rental fees and the remodeling/addition of the 50+ area including a kitchen has increased rental opportunities of those spaces.

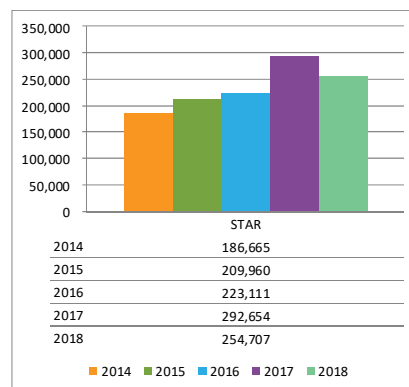

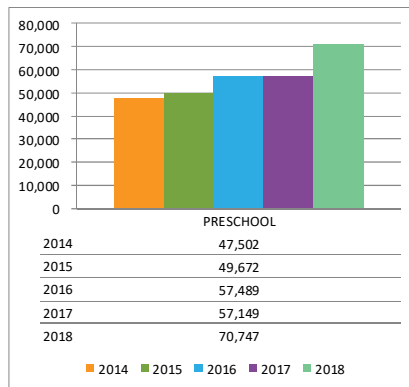

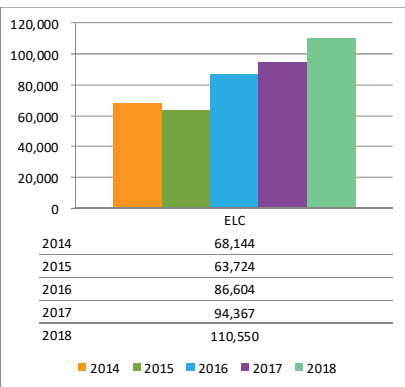

Willow Recreation Center

There have been insignificant decreases to all revenue sources at the Willow Recreation Center with the exception of Fitness Programs which is slightly above 2017 revenue. Facility Rentals have fallen \$10,692 under prior year. In June 2017, \$9,000 in revenue was received from Illinois Shotokan. Expenses are declining overall with dog park expenses, general payroll and equipment representing the majority of the decrease.

Early Childhood Programming

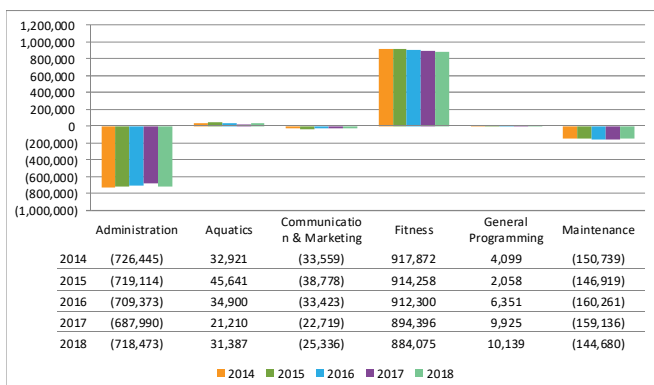

Revenues have increased the past two years with an increase of \$18,227 over 2017 at this time. Preschool programs have seen an increase in revenue of \$13,863 and the Child Care program has increased by \$24,994.

Senior Programming

Senior Trip Revenue has decreased \$32,926 from the prior year while expense has remained consistent. Programs are also below prior year though the impact is far less significant. Senior programs in total have a net loss of \$707. If this trend continues, the senior department will be break even at minimum at fiscal year-end versus the \$41,129 net profit budgeted. Schaumburg's Senior programs have seen a 16% increase over this same time frame.

Prairie Stone Sports and Wellness Center

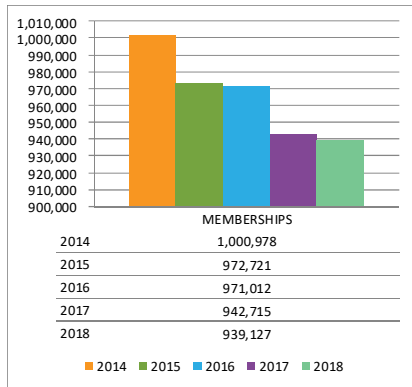

Administration

There was a \$12,498 increase to transfer to Debt Service. The remaining is small increases in most expense areas.

Maintenance

Facility Maintenance & Repairs is \$19,164 under prior year expenses. There were a large number of repairs in 2017

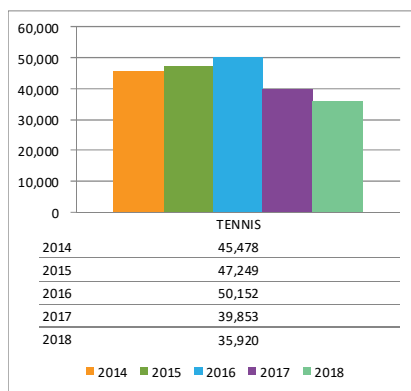

related to RTU's and HVAC items but also doors, fountains, and other items incidental to the Locker Room Capital project.

Fitness

Although there has been a minor decline in net from 2017, the total decline over the past two years is over \$28,000.

There has been a \$31,952 decline in Membership revenue from 2016. Historically, 51.6% of membership revenue is received by June 30th. Currently 49.3% of the total budget has been received resulting in an estimated \$84,000 shortfall from budget. If we achieve our remaining current membership budgeted numbers, this shortfall is reduced to approximately \$50,000. Corporate memberships have declined \$36,567 in the past two years with both GE and Sears having the greatest impact. Resident membership revenue has increased from prior year while Non-Resident revenue is declining. Personal Training has seen a reduction of \$15,075 since 2016. Personal Training Wages declined by \$4,941 resulting in a net loss of \$10,134. XSport Fitness, Life Time and Orangetheory all opened on Higgins along with many other boutique gyms in the area. Current vacancies will positively impact the results however the full impact will not be determined until an assessment and potential restructuring is completed.

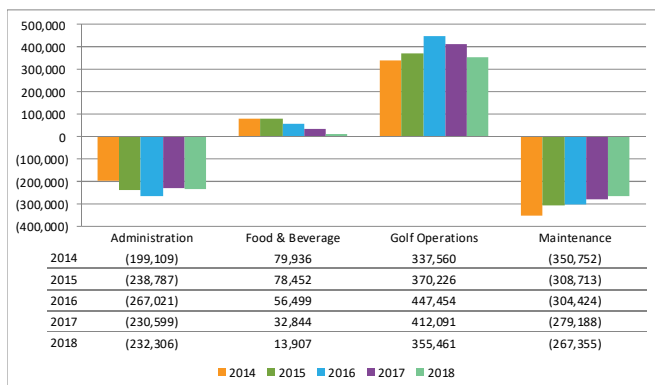

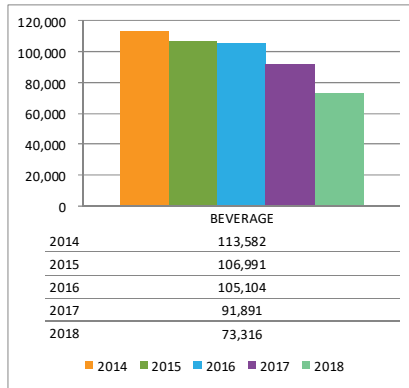

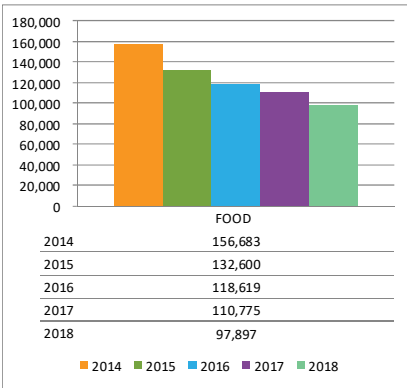

Tennis revenue has seen a reduction of \$16,654 in revenue from 2017 and \$26,781 from 2016. Expenses have been reduced by \$12,721 from 2017 and \$12,549 from 2016. The resulting net loss is \$14,232 in two years. This area is also being reviewed for modifications to the operations.

Aquatics

Aquatics is 10,177 greater than prior year. In the prior year, the chemical controller and spa boiler were repaired resulting in higher than usual Equipment Maintenance and Repairs costs. However, net lesson profit is \$3,616 under the prior year.

Bridges of Poplar Creek

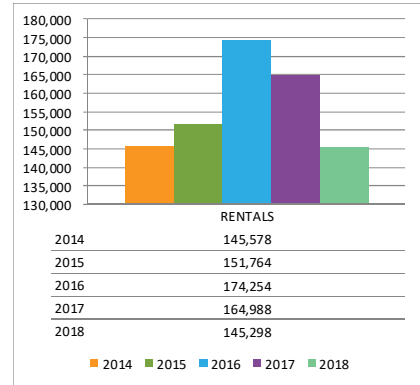

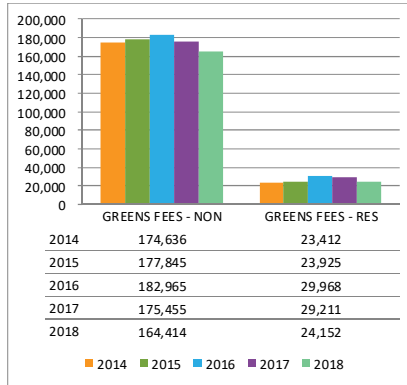

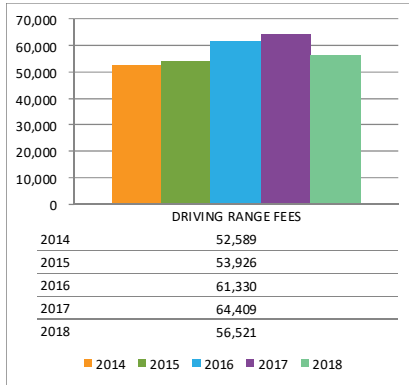

Food & Beverage

Although there is an \$18,937 variance to the net revenue from 2017, there is a \$42,592 variance from 2016. The variance from 2016 was due to a January wedding that year.

Banquet and meeting food and beverage revenue has been declining. Halfway House beverage revenue has also been declining due to the decrease in rounds.

Golf Operations

Non-resident green fees have decreased \$11,041 from prior year and \$18,551 from 2016. Rentals have decreased \$19,689 from 2017 and \$28,956 from 2016.

The rainfall between March 1 and June 30th was 8.39 inches greater than the average for this time frame. In 2017, it rained only five weekends versus ten in the current year. Each day results in approximately \$15,000 in lost revenue. The temperatures remained below 60 degrees as a high until the beginning of May unlike the average of mid-April. This has had a significant impact on golf operations revenue as well as food and beverage.

Maintenance

Wages have decreased \$25,314 from prior year. Change in staffing as well as the weather has resulted in less labor hours by course maintenance staff. The rough was not fertilized in 2017 but budgeted to be fertilized in 2018 resulting in a variance from prior year actuals but expense is within budget.
