Chapter 11 (Personnel Policies) of this manual shall be known as the full-time personnel policy manual of the district.

#### **3.2 SCOPE**

This manual shall apply to and be enforced in all of the territory originally embraced in, heretofore added to, and which may hereafter be embraced in the boundaries of said District, and in all parks, greenways, boulevards, public places, and other facilities now under or hereafter coming under the control of the District, whether within or outside the boundaries of said District.

#### **3.3 DECLARATION OF CONTROLS**

The premises heretofore laid out and identified under Section 1.4 and public places as may hereafter be acquired, leased, laid out, or appropriated by the appropriate corporate motion of the District are hereby declared to be in the possession and control of the District for park purposes.

Whenever in this manual the parks, greenways, boulevards or public places of the District are referred to, such words shall be held to refer to include all such areas, including buildings and other structures in the possession and control of the District.

#### **3.4 PROVISION FOR CHANGES IN POLICY**

Any of these policies may be changed or additions made thereto by a majority vote of the Board at any regular or specially called meeting that the Board requires.

#### **3.5 LEGAL STATUS OF THE PARK BOARD**

The State Constitution, Statutes, Attorney General's ruling and court decisions on matters relating to public parks, park boards and park districts constitute the foundation of the legal status of the park board.

Park boards are constitution state agents created by the legislature for the purpose of affecting, within the respective park district, the State laws pertaining to public parks and recreation activities.

Park boards are empowered to make contracts, employ persons, sue or be sued, make rules and regulations governing their own procedures and those of parks under their jurisdiction and purchase and hold title to property in the name of the park district as well as sell and give title to property

Park districts, like cities, counties and other units of local government, have no inherent or original governing powers. Park districts can neither add to nor subtract from their responsibilities, powers, and limitations as defined by State law.

Park districts are not subject to the authority of any governing unit other than the State, except in such special areas as the legislature may determine, including, for example, the Village's zoning authority.

Members of the park board are elected by the citizens of the local park district to represent and act for the State in performing the legal function of providing their district with the kind of park and recreational programs and facilities required or permitted by State law.

Park districts are corporate bodies, or "artificial persons," and may act officially only on duly authorized and legally held meetings of the Board of Park Commissioners.

act of the Board. The president is a member of the Board and has the right to vote upon all questions.

#### **4.1.18 RULES OF ORDER**

*Robert's Rules of Order* shall govern questions of procedure in all cases not herein provided.

#### **4.1.19 MOTIONS, RESOLUTIONS, ORDINANCES AND RECORDS**

The Board usually acts by way of a motion, resolution, or ordinance. Motions are an informal method of Board action made orally and noted on the minutes. A motion may be auxiliary to the more formal resolution or ordinance, as, for example, a motion that an ordinance be passed.

Resolutions and ordinances are submitted in writing, and there is no clear distinction between them. An ordinance usually enacts permanent regulations of a general character and generally imports a command or prohibition to all inhabitants of or to certain classes in the district.

Resolutions are actions that are temporary only, that grant a special privilege or express the opinion of the Board, such as expressing sympathy or requesting action by governmental units, etc. The Park District Code, in many instances, directs that an action must be carried out by ordinance, and in those cases such matters can be acted upon only by ordinance.

An ordinance can be repealed or amended only by another ordinance, not by resolution. The distinguishing feature of the ordinance is that it must contain the words: "Be it ordained by ...." The ordinance need not have a title.

The law provides that the Board shall have the power "to pass all necessary ordinances, rules and regulations for the proper management and conduct of the business of the Board and district and to establish by ordinance all needful rules and regulations for the government and protection of parks, greenways, open space, and other property under its jurisdiction and to effect the objects for which such districts are formed."

The Corporate Seal of the Hoffman Estates Park District shall contain the words "Hoffman Estates Park District, Hoffman Estates, Illinois."

#### **4.1.21 OFFICIAL MINUTES**

The secretary is charged with keeping an accurate and true record of all motions, resolutions and ordinances, as well as a summary of the discussion on any matter proposed, deliberated or decided and of any votes taken in an official minute book. All minutes will be considered "unofficial" until adopted by the Board at a subsequent meeting.

The official minute book of the Hoffman Estates Park District shall be open for public inspection by interested individuals during regular office hours, but it must not leave the park district office. Upon request, the secretary will provide copies of minutes or attachments thereto and may charge nominal fees in accordance with State law and Board policy.

The secretary shall be responsible for the taking and preparation of minutes of each meeting. Executive session minutes will be kept in a separate book and not made part of the official minute book of the district.

The Park Board of Commissioners shall meet at least twice each year to review the minutes of all prior executive sessions. This review may take place in executive session; the Board must determine whether the need for confidentiality still exists with regard to all or part of the minutes, or whether all or part of the minutes no longer require confidential treatment and therefore should be made available for public inspection.

#### **4.1.22 REMOVAL OF NON-ELECTED OFFICERS OR EMPLOYEES**

The Park Board of Commissioners declares that, to the extent it is necessary, the Park Commissioners shall receive feedback from the residents of the District concerning the District's facilities and programs to assist them in managing and controlling the District's property and planning, establishing and maintaining recreational programs, and it is within the best interests of the District for Commissioners to invite guests to attend and participant in District programs and facilities to facilitate a free exchange of ideas and generate feedback.

For the purpose of assisting Commissioners in collecting feedback and ideas regarding existing or new facilities and programs of the District, the Park Board of Commissioners finds it necessary to permit up to 10 guests of each Commissioner, per quarter, to participate in and attend District facilities and seasonal non-individual fee based programs without charge.

The District shall provide a means to measure the free quarterly guest usage for each commissioner. Each quarter's usage shall be limited to the amount per quarter and is neither non-transferable nor cumulative and the commissioner must accompany the guest for such usage.

To further the free exchange of feedback and communication between residents and participants utilizing the District's programs and facilities, the Park Board of Commissioners further declares that in so much as a Commissioner may feel the need to accompany more than ten guests in a given quarter then those guests will be charged the then current District full-time employee guest rate.

## PROCEDURES FOR CHAIRING A PARK DISTRICT MEETING

### Procedures for all meetings

- Quorum Requirements - For a meeting to be held, a majority of the elected or appointed board/committee members shall constitute a quorum. For committee meetings, the President or in his/her place, the Vice President, shall sit in on a committee as a non-voting member if a quorum of committee members is present. If a quorum of committee members is not present, commissioners may serve as voting members of the committee as required to obtain a quorum. The order of determining which commissioner(s) shall serve on the committee to obtain a quorum is as follows: President, Vice President, Treasurer, Assistant Secretary. Thereafter, an impartial random lottery selection shall be held to determine which commissioner(s) shall serve as a voting committee member.
- Voice Vote vs. Roll Call Vote - Voice votes are standard procedure for committee meetings. At committee meetings, the only time that a roll call needs to be taken is when the actual results of a voice vote are in question. Board meetings require a roll call vote for Resolutions, Ordinances, and policies, as well as financial and legal liabilities; this includes manual checks, monthly invoices and purchases (financial), contracts, licenses, leases and agreements (legal). When asking for a voice vote state "all in favor say 'Aye'; all opposed say 'Nay'." Following both voice and roll call votes, Chair/President should always restate the outcome of the vote, i.e., motion passes, or motion fails.
- Recognition by Committee Chair/President – Board members, committee members, staff or members of the audience (anyone) may only speak after being acknowledged or recognized by the committee Chair/President. It is important that the Chair/President enforce this procedure to control the meeting and maintain order. When recognizing someone from the audience, Chair/President needs to request that the individual state their name and address for the record.
- Call to Order - Once a quorum has been established, Chair/President should call the meeting to order and request that a roll call be taken.
- Approval of Agenda – Request if there are any changes, additions or deletions to the Agenda. If Chair/President is made aware of change(s), Chair/President should request a motion to approve the Agenda with the proposed change(s) if applicable. Following a motion, Chair/President should request a second to the motion and then ask for a voice vote. If agenda items are approved to be added to the agenda, the newly added agenda item may be discussed, however, no vote may be taken on the item unless the newly added agenda item is germane to another agenda item that was on the agenda legally posted at least 48 hours before the start of the meeting. Chair/President determines as part of the motion, where the addition or change is moved or added to the Agenda.
- Committee/Board Minutes – Chair/President should request a motion to approve the minutes. After a motion is made to approve the Minutes with a second, the Chair/President should ask if there are any changes, deletions or additions to the Minutes. If there are, ask the individuals who made the motion and the second to amend their original motion to reflect the proposed changes. Request a voice vote on the amended motion.
- Comments from the Audience –The Agenda item, *Comments from the Audience*, is included on all meeting agendas to provide an opportunity for residents/guests to address the board/committee. Prior to speaking, the residents/guests need to state their name and

address for the record. Each resident should be provided an opportunity to address the board/committee regarding items NOT included under *Old Business* or *New Business*. It is important that comments be addressed to the board/committee and not to other members of the audience or staff. The board has set a 5 minute time limit per resident which may be increased at the discretion of the Chair/President if meaningful information is presented. Additional rounds of discussion from residents should be left to the discretion of the Chair/President, however, the justification for permitting a second opportunity to address the board/committee should be based on the premise that new information will be presented. (Commissioners or staff should only respond to comments made if Chair/President elects to respond to the comments). A typical response can be “thank you for your comments” or “staff will look into the issues/your suggestions. Once all residents have had the opportunity to address the board/committee, the Chair/President should close the floor for *Comments from the Audience*.

- For each New Business/Old Business Item

- (a) read the agenda item

- (b) request Executive Director or designee to provide overview of agenda item (if required)

- (c) ask board/committee members if they have specific questions that require further clarification from staff regarding the agenda item

**Please note this is not the time for commissioner/community reps to express their opinions regarding agenda items.**

- (d) following board/committee members’ discussion to clarify the agenda item, always ask if there are comments from the audience on the old business/new business item. Once all comments have been made by audience, Chair/President should move the discussion back to the committee/board members and **thereafter members of the audience should not be permitted to speak again**. Comments made by members of the audience need to be germane to the agenda item and should be limited to not more than five minutes.

- (e) before any committee/board discussion is held on the agenda item, request a motion. If there is NOT a motion, clarify that a motion and second are required to discuss the item further. If a motion is not made, move onto the next agenda item.

- (f) once a motion is made then request a second to the motion: “Is there a second to the motion?”

- (g) clarify the motion: “it is moved and seconded that (repeat the motion ....)” or if motion is unclear, request recording secretary to restate the motion.

- (h) prior to requesting a vote, open the floor for discussion, “Is there any

further discussion?”. After all board/committee members have had the opportunity to debate/discuss the motion, call for a voice vote or roll call depending on the nature of the motion.

(i) as noted under the Voice Vote vs. Roll Call Vote, following the vote taken, the Chair/President should restate the outcome of the vote, i.e., “motion carries”. If audience (residents) are present, Chair/President should clarify the outcome of the vote; for committee meetings, “this committee’s recommendation will be presented to the full board who will have the final vote on the issue. The board meets the 4<sup>th</sup> Tuesday of the month.”

- Consent Agenda - The consent agenda will appear as a designated portion of the regular board agenda. All items placed on the consent agenda and not asked by a Board member to be removed will be approved with a motion, a second and a roll call vote. There is no discussion on items that are on the final consent agenda. Ordinances and Resolutions will not be included on consent agenda but placed on the agenda under New Business.

Before the motion to approve the agenda (Approval of Agenda) is made, any Board member can request an item be removed from the consent agenda and placed under new or old business. This will enable discussion to take place on the item and a vote will be taken under a separate motion if necessary.

- Committee Meetings - All monthly vouchers, invoices, financial reports, staff monthly reports, objective status reports, and comparison reports are all forwarded to the Board recommending approval, and amended if necessary. If an agenda item does not require Board approval, within the staff Memorandum it will specifically state that Board action is not required. Under Recommendations, staff will either state that no vote is required (just informational) or staff is requesting approval of the committee regarding the agenda item and the agenda item does not require board approval.

**THE BASIC RULES OF PARLIAMENTARY PROCEDURE**

1. THE RIGHTS OF THE ORGANIZATION SUPERSEDE THE RIGHTS OF INDIVIDUAL MEMBERS - The organization has the right to make its own rules which then must be observed by all members. Should a conflict arise between the rights of a member and the right of the organization to do its business, the rights of the organization prevail.

2. ALL MEMBERS ARE EQUAL AND THEIR RIGHTS ARE EQUAL - Those rights are:

--to attend meetings;

--to make motions and speak in debate;

--to nominate;

--to vote;

--to hold office.

3. A QUORUM MUST BE PRESENT TO DO BUSINESS - A quorum is the number of members who must be present to legally transact business. The number is usually stated in the bylaws. In a committee or a small board, the quorum is the majority of its members. The purpose of a quorum is to prevent an unrepresentative group from taking action in the name of the organization.

4. THE MAJORITY RULES - This rule is basic to the democratic process. The minority has the right to be heard, but once a decision has been reached by a majority of the members present and voting, the minority must then respect and abide by the decision.

5. SILENCE IS CONSENT - Those members who do not vote agree to go along with the decision of the majority by their silence.

6. TWO-THIRDS VOTE RULE - A two-thirds vote is necessary whenever you are limiting or taking away the rights of members or whenever you are changing something that has already been decided.

7. ONE QUESTION AT A TIME AND ONE SPEAKER AT A TIME - No motion is in order which does not directly relate to the question under consideration. In addition, once a member has been recognized, he has been granted "the floor" and another member may not interrupt him.

8. DEBATABLE MOTIONS MUST RECEIVE FULL DEBATE - The presiding officer may not put a

debatable motion to vote as long as members wish to debate it. Debate can only be suspended by a two-thirds vote of the members present.

9. ONCE A QUESTION IS DECIDED, IT IS NOT IN ORDER TO BRING UP THE SAME MOTION OR ONE ESSENTIALLY LIKE IT AT THE SAME MEETING - Such motions should be ruled out of order. (Note: There is a special class of motions which do bring a motion back to the group, called restorative motions).

10. PERSONAL REMARKS IN DEBATE ARE ALWAYS OUT OF ORDER - The presiding officer must rule all personal remarks out of order.

Debate must be directed to motions and not motives; principles and not personalities.

#### QUESTIONS FREQUENTLY ASKED:

1. May the chair make a motion? yes, the chair of a small board may make a motion.
2. May the maker of a motion vote against his or her motion? **yes.**
3. Must the seconder be in favor of the motion? **no,** a second merely means that the seconder thinks that the motion is worth talking about.
4. If the main motion to postpone indefinitely is adopted, for how long is the main motion dead? **The main motion is dead for the duration of the meeting at which it is killed. It can be made again at the next meeting.**

**THE EXCEPTION:** IS THAT IF A MEMBER VOTED WITH THE MAJORITY TO KILL THE MAIN MOTION, HE OR SHE COULD, "MOVE TO RECONSIDER" THE VOTE ON THE MOTION TO POSTPONE INDEFINITELY.

#### PERTINENT FACTS:

1. A **main motion** brings business before the assembly.
2. A **subsidiary motion** assists the assembly in treating or disposing of a main motion and sometimes of other motions.
3. A **privileged motion** deals with special matters of immediate importance. It does not relate to the pending business.
4. An **incidental motion** is related to the parliamentary situation in such a way that it must be decided before business can proceed.
5. There are **13 incidental motions, 4 of them can bring a question before the assembly.**
6. A motion made in any structure, the presiding officer may guide the proper motion form.
7. **A majority vote is more than half. A 2/3rds vote takes away the right of the member, such as: Previous Question (it closes debate) and the motion to limit or extend limits of debate. Both need a 2/3rds vote to pass.**

## LET'S REVIEW MOTIONS TO MEET SPECIFIC NEEDS

1. To change some details of the motion - move to amend, needs a second, is debatable, majority vote to pass.
2. More information needed - postpone indefinitely or move for recess.
3. Wish to delay action on a motion until later - move to postpone to a certain time.
4. Wish to set a limit on the discussion - move to limit debate, needs a 2/3rds vote. (Takes away the right of the member.)
5. Want to call for a vote - call for the question, stops debate, needs a second, 2/3rds vote. (again it takes away the right of the member to debate.)
6. Not satisfied with the vote should vote again - call for division.
7. Want a break in the session - move to recess.
8. Time limit for meeting is about up but business not finished - must act on a matter soon - move to fix the time to which to adjourn or move to extend the meeting to a fixed time.
9. Order of business not being followed - call for the orders of the day. Remember,

Chair should make agenda changes immediately following the call to order.

10. Too much talking out of turn, confusion - move point of privilege.

11. Don't understand what's going on - move point of information.

12. Wish agenda order changed to allow a committee report earlier - move to suspend the rule..

13. Wish to discuss a motion already acted upon - move to reconsider, if you voted on the prevailing side.

14. Want to act on issues at a specific time next meeting - move to postpone definitely and make it a special order. It would then be brought up after the approval of the minutes.

15. Not agree with chair's ruling on a question - appeal from the decision of the chair.

16. Think the meeting should end - move to adjourn, needs a second and majority vote.

**CALL FOR THE QUESTION:  
OR PREVIOUS QUESTION**

Remember these are motions, they need a second and 2/3rds vote to pass (because it stops debate.) a good suggestion is for the presiding officer to state the motion, in this way, **THOSE IN FAVOR OF CLOSING DEBATE SAY, "YES" THOSE OPPOSED IN CLOSING DEBATE, SAY, "NO"**. by simply replacing the words to closing debate, eliminates any chance of confusion.

a motion such as: **"I CALL FOR THE QUESTION, OR I MOVE WE VOTE NOW"** are non-standard forms and the chair may recognize these motions in the non standard form, AS I STATED BEDSORE THE CHAIR MAY GUIDE THE FORM OF A MOTION, BUT REMEMBER; TO CALL FOR THE VOTE NOW, IS CONSIDERED A MOTION AND NEEDS A SECOND AND A 2/3rds VOTE TO PASS. IT TAKES AWAY THE RIGHT OF THE MEMBER. YOU MAY STOP DEBATE ON THE MAIN MOTION AND ALL OTHER MOTIONS SUCH AS THE AMENDMENT TO THE AMENDMENT.

**RECONSIDER:**

THIS MOTION PROVIDES A MEANS OF CORRECTING HASTY, MISTAKEN, OR ILL ADVISED ACTION OR A WAY OF TAKING INTO ACCOUNT NEW INFORMATION.

THE MOTION TO RECONSIDER CAN BE MADE **ONLY** BY A MEMBER WHO VOTED ON THE PREVAILING SIDE. IF A MEMBER ABSTAINS HE OR SHE MAY NOT THEN MOVE TO RECONSIDER. **THIS MOTION needs a second and a majority vote to pass.**

**LAY ON THE TABLE :**

LAY ON THE TABLE HAS BEEN GIVEN ITS HIGH RANK AMONG OTHER MOTIONS SO THAT IT CAN BE READILY ACCESSIBLE FOR ASSISTANCE IN THE HANDLING OF MATTERS OF URGENCY, **IT IS OUT OF ORDER WHEN CAUSING A MOTION TO DIE WITHOUT ALLOWING A VOTE.**

THE MOTION TO LAY ON THE TABLE IS **NOT** DEBATABLE, REQUIRES A SECOND AND REQUIRES A MAJORITY VOTE. SINCE IT HAS HIGH PRECEDENCE, COMMISSIONERS ARE TOO OFTEN TEMPTED TO USE THIS MOTION TO KILL THE MAIN MOTION.

IF YOU WISH TO SUPPRESS ACTION ON A MAIN MOTION, **THEN MOVE TO POSTPONE INDEFINITELY.** WHICH IS DEBATABLE. IMPROPER USE OF THE MOTION TO LAY ON THE TABLE, ALLOWS TYRANNY OF THE MAJORITY, THERE IS NOTHING WRONG WITH MAJORITY RULE AS LONG AS IT INCLUDES THE RIGHT OF THE MINORITY TO SPEAK.

**POINT TO REMEMBER:**

**BEFORE** A MOTION HAS BEEN STATED BY THE CHAIR, IT CAN BE WITHDRAWN OR MODIFIED BY THE MAKER, **BUT AFTER** BEING STATED BY THE CHAIR, IT CAN BE WITHDRAWN OR MODIFIED **ONLY** BY GENERAL CONSENT OR A MAJORITY VOTE.

## Ten Principles For Board Members

By Dr. Ted Flickinger, CAE, Executive Director,  
Illinois Association of Park Districts

- I. **Thou shalt not be a board member of one** - Power resides with the board as a whole, not with you as an individual. You need both a quorum and a majority to implement your ideas.
- II. **Thou shalt not spend time counting paper clips** - Your time is too valuable to be wasted on minutiae. Your motto should be, "Let the Chief Executive do the driving and leave the policy making to us."
- III. **Thou shalt not covet thy neighbor's tax rate** - Make sure sound cost analysis and good business practices are applied in the operation of the agency. Concentrate on providing the best services your community can support.
- IV. **Thou shalt not be intimidated by pressure groups** - Listen to the suggestions of various community organizations; but be beholden to no group. Use your own best judgement in casting votes.
- V. **Thou shalt not lose thy cool in public** - Sweet-looking mothers will occasionally insult both your intelligence and your ancestry; men who usually act politely will question your patriotism; the press may accuse you of possible organized crime affiliations. So, re-read the Book of Job to learn patience.
- VI. **Thou shalt not be the Chief Executive** - There is nothing more devastating to staff morale than to have board members engaged in supervision - or assuming other roles that belong to professionals.
- VII. **Thou shalt become the Board of Parks and Recreation** - Keep informed about parks, recreation and conservation so you can make planning the exciting, dynamic and challenging work that it really should be.
- VIII. **Thou shalt encourage fellow board members, the Chief Executive, and the agency staff members to attend State, Regional and National meetings** Board members should encourage staff to take an active part in professional organizations, attend institutes and training courses to improve and expand professional competence. The board should be members of the Illinois Association of Park Districts and the National Recreation and Park Association, (Citizen Board Members Board), to keep in touch with new developments, legislation, issues and trends.
- IX. **Thou shalt adopt an official policy manual that ensures the employment of a competent staff, a sound division of duties and responsibilities, a fair salary schedule and satisfactory working conditions** - The board should assure the staff the same consideration with respect to working hours, sick leave, vacations, holidays, accident compensation, job security, medical and life insurance, and retirement benefits as apply to comparable staff in other organizations and the private sector.
- X. **Thou shalt arrange for a master planning program for areas and facilities, adopt a long-range program for acquisition and development of all properties and review this program annually.** Board members should make a comprehensive appraisal of the agency regularly working with the Chief Executive. The board members should develop cooperative planning and effort with other public, private, voluntary, commercial and industrial agencies concerned with recreation, parks, conservation and leisure services. Intergovernmental cooperation should be an ongoing effort.

## 4. Understanding and Avoiding Conflicts of Interest

BY ROBERT K. BUSH

*All newly-elected public officials should familiarize themselves with the rules governing conflicts of interest. Some of those rules may be a surprise.*

Subject to certain limited exceptions, state statute generally prohibits a public official from doing business, in his or her private capacity, with the public body for which he or she serves as an officer. Any aspiring or current public official who may have a commercial connection to his or her government should thoroughly examine that connection and the applicability of Illinois' conflict of interest statutes to actions of public officials. A violation of the prohibitions against having an "interest" in contracts of the public body could result in conviction for a Class 4 felony and loss of office.

Several statutes are relevant to this issue. Article 3 of the Public Officer Prohibited Activities Act ("Act"), 50 ILCS 105/3, applies to all elected and appointed state and local government officers, and is the most restrictive of the conflict statutes. It provides that no such officer "may be in any manner financially interested, either directly or indirectly, in his own name or in the name of any other person, association, trust or corporation, in any contract or the performance of any work in the making or letting of which such officer may be called upon to act or vote." Other statutes apply to specific types of local governments. These statutes usually use language similar to that used in the Public Officer Prohibited Activities Act, although they may ex-

empt appointed officers serving on advisory boards of governing bodies from the application of the statute. Article 3.1-55-10 of the Illinois Municipal Code, 65 ILCS 5/3.1-55-10, applies to the officers of most villages and cities in Illinois. Article 10-9 of the Illinois School Code, 105 ILCS 5/10-9, applies to school board members. Article 4-1a of the Park District Code specifically incorporates by reference the Public Officer Prohibited Activities Act into the Park District Code. Although the language used in each of these statutes varies slightly from one to the other, the general concepts employed are quite similar. In each instance where a statute is specific to a type of government, officials should compare that statute to the Act to determine which provisions may apply.

These statutes generally provide that such officers shall not be "financially interested directly or indirectly" in any contract, work, or business of the government. Exceptions exist, but they are rare. The question of what constitutes a direct or indirect financial interest in such contract, work, or business has proven to be a knotty one. It is clear that if the public official is an owner, officer, director, or employee of a company contracting with that official's government, the officer is so interested. Even if the business with which the public official is affiliated is one or more steps

removed from the contract or work, the official should be careful to have such commercial activity reviewed by legal counsel.

The statutes prohibit both direct financial interests in one's own name and indirect financial interests in the name of another. If the public official, or his or her company, is to serve as a subcontractor to a business contracting with the public entity, the public official may be deemed to be interested in that contract, especially if the general contractor has chosen the subcontractor prior to the date of the award. If a public official is aware that any public money from his or her government will be flowing, directly or indirectly, to the public official or his or her company, that situation should be analyzed. It is not, however, improper for an elected official to do business with people who also do business with a government if there is no relationship between that transaction and the government. If the rule were otherwise, no local businessmen could serve in a local elected office.

A violation of these statutes does not require a showing of bad faith by the public official. Many people wrongly assume that a conflict of interest occurs only if the public official "takes advantage" of his or her position to achieve unfair or unreasonable profits. The statutes are broadly worded and are designed to prohibit any such business dealings between public officials and the governmental bodies for which they serve, as well as to eliminate any temptation and any appearance of impropriety. Thus, a public official could suffer a loss on the contract but still violate the statute. It is also important

### Conflicts of Interest, cont'd.

to know that these prohibitions generally cannot be avoided by the officer's abstention from deliberations and voting on the particular contract, business, or sale, and could require resignation from office. Moreover, a violation could also result in a voiding of the contract.

There are, however, several exceptions to the general prohibition in the relevant statutes. These exceptions

and if the total of contracts awarded to that firm for the fiscal year is less than or equal to \$4,000. This exception applies only to small contracts based solely on the amounts involved. These same restricted exceptions are found in the Public Officer Prohibited Activities Act, but the specific rules regarding other governmental bodies may not even allow for these exceptions. The rules governing conflicts of interest are

*Many people wrongly assume that a conflict of interest occurs only if the public official "takes advantage" of his or her position to achieve unfair or unreasonable profits*

apply when certain criteria are satisfied which relate to the extent of ownership by the public official in the commercial enterprise, the size of the contract involved, and the nature of the services provided. All such exceptions require that the official publicly disclose his or her interest in the contract, refrain from participating in the deliberations on the contract, and abstain from voting on the contract. The exceptions also require that the contract or other work be approved by a majority vote of the governing body.

For example, the prohibition does not apply if the mayor, president, trustee or alderman of a municipality has less than a 7½ % share in the ownership of the firm, partnership, corporation, or other business entity; if the contract is for no more than \$1,500; and if the total of contracts awarded to that firm is less than or equal to \$25,000 for that fiscal year. A similar exception applies, independent of the percentage of ownership by the public official, if the contract does not exceed \$2,000

not always easily interpreted and the violations have serious consequences. Newly-elected public officials will thus be well served if they familiarize themselves as soon as possible with such rules. When in doubt, ask. When really in doubt, refrain.

## 5. The Gift Ban Act and Prohibited Political Activities

BY STEWART H. DIAMOND

Over the past several years, State government has been rocked by many charges of ethical and financial irregularities. As sometimes happens in these situations, the State Legislature decides to pass a law governing morality. The typical way in which the Legislature has gone about this process is to pass a statute which is designed to specifically relate to State elected and appointed officials and employees. Then, almost as an afterthought, the Legislature, without noticing that there has been very little corruption among local officials, decided that the law needs to be extended to units of local government and school districts. In 1999, the Legislature passed a Gift Ban Act, which seemed to favor aficionados of golf or tennis because gifts associated with those specific sports were exempt under the Act. Polo and croquette were not mentioned.

Very shortly after that act was passed, two officials filed a lawsuit seeking to declare the Act unconstitutional on a variety of grounds. The trial court judge agreed and several years of additional litigation ensued, after which the Illinois Supreme Court, in an act which will not go down in the annals of judicial courage, decided not to rule on the issue, saying that the plaintiffs had brought their case prematurely. Acting with almost reckless abandon, the Legislature passed two statutes. These laws, still in force, established new standards for the type and amount of gifts, which may be accepted by public officials. The Legislature required all governmental bodies to pass ordinances about ethics which were at least as strict as the standards contained within the State statutes. The

law is found at 5 ILCS 430/1-1, et seq., which is known as the State Officials and Employees Ethics Act.

The gift ban law begins by banning the intention, solicitation or acceptance of any gift from a "prohibited source" or a gift found to be in violation of any Federal or State statute, rule or regulation. Note that the law can be violated both by the offer of the banned gift and its acceptance. The ban applies to and includes the spouse of and any immediate family member living with the public officer or employee. An officer is defined as an elected or appointed official regardless of whether the official is compensated. An employee is

defined as a full-time, part-time or contractual employee. 5 ILCS 430/70-5.

Once it got started legislating gift giving or regulating righteousness the Legislature continued, by passing an ethics act which restricts the use of governmental funds and facilities for political purposes. In addition, under a series of cases over the last 20 years in Federal court, you should know that employees of your government, even without other contract or tenure rights, cannot be discharged or demoted because of their political views. There are exceptions for high-level policy-making employees. Before firing someone with whom you publicly disagree, talk to your lawyer. This presentation is in a question and answer format.

### Gift Ban Act

Since this pamphlet is directed at newly-elected officials, you have just passed through a period where many of the ethics rules have not yet applied to you. Upon your taking office, the law applies to you.

*What constitutes a "gift" under this law?*

A gift from a prohibited source means any gratuity, discount, entertainment, hospitality, loan, forbearance, or other tangible or intangible item having monetary value including, but not limited to, cash, food and drink, and honoraria for speaking engagements related to or attributable to govern-

ment employment or official position of a Board member or employee. For a list of the many exceptions to the Act definition, see below.

*What is a "prohibited source"?*

Under 5 ILCS 430/1-5, a "prohibited source" means any person or entity who:

1. Is seeking official action by the officer or, in the case of an employee, by the employee or officer or another employee directing that employee;

2. Does business or seeks to do business with the official, or, in the case of an employee, with the employee or an official or another employee directing that employee;

3. Conducts activities regulated by the official or, in the case of an employee, by the employee or by an official or another employee directing that employee; or

4. Has an interest that may be substantially affected by the performance or non-performance of the official duties of the official or employee.

5. Is required to be registered under the Lobbyist Registration Act, and

6. Is an agent or spouse of an immediate family member who is living with a prohibited source.

*What does not constitute a gift under this law? (Note: Each of the following items is mutually exclusive and independent of one another.)*

1. Opportunities, benefits, and services that are available on the same conditions as for the general public. So a discount offered only to public officials is banned.

2. Anything for which the officer or employee, or his or her spouse or immediate family member, pays the fair market value.

3. Any contribution that is lawfully made under the Election Code, or activities associated with a fund-raising event in support of a political organization or candidate.

4. Educational materials and missions.

5. Travel expenses for a meeting to discuss business.

6. A gift from a large number of specifically listed relatives.

7. Anything provided by an individual on the basis of a personal friendship unless the recipient has reason to believe that, under the circumstances, the gift was provided because of the official position or employment of the recipient or his or her spouse or immediate family member and not because of the personal friendship.

8. Food or refreshments not exceeding \$75 per person in value on a single calendar day; provided that the food or refreshments are:

a. Consumed on the premises from which they were purchased or prepared or catered;

b. "Catered" means food or refreshments that are purchased ready to consume which are delivered by any means.

9. Food, refreshments, lodging, transportation, and other benefits resulting from outside business or employment activities (or outside activities that are not connected to the official duties of an officer or employee), if the benefits have not been offered or enhanced because of the official position or employment of the officer or employee, and are customarily provided to others in similar circumstances.

10. Intra-governmental and intergovernmental gifts. "Intra-governmental gift" means any gift given to an officer or employee from another officer or employee, and "inter-governmental gift" means any gift given to an officer or employee by an officer or employee of another governmental entity.

11. Bequests, inheritances, and other transfers at death.

12. Any item or items from any one prohibited source during any calendar year having a cumulative total value of less than \$100.

*What can officers or employees do*

*if they receive gifts that are prohibited under this law?*

If an officer or employee receives a gift that would be prohibited under these laws, the officer or employee, his or her spouse or an immediate family member living with the officer or employee, does not violate this policy if the recipient promptly takes reasonable action to return a gift from a prohibited source to its source or gives the gift or an amount equal to its value to an appropriate charity that is exempt from income taxation under Section 501(c) (3) of the Internal Revenue Code.

#### **Prohibited Political Activity**

*What is a "prohibited political activity"?*

The following constitute prohibited political activities:

1. Preparing for, organizing, or participating in any political meeting, political rally, political demonstration, or other political event.

2. Soliciting contributions, including but not limited to the purchase of, selling, distributing, or receiving payment tickets for any political fundraiser, political meeting, or other political event.

3. Soliciting, planning the solicitation of, or preparing any document or report regarding anything of value intended as a campaign contribution.

4. Planning, conducting, or participating in a public opinion poll in connection with a campaign for elective office or on behalf of a political organization for political purposes or against any referendum question.

5. Surveying or gathering information from potential or actual voters in an election to determine probable vote outcome in connection with a campaign for elective office or on behalf of a political organization for political purposes or for or against any

referendum question.

6. Assisting at the polls on election day on behalf of any political organization or candidate for elective office or for or against any referendum question.

7. Soliciting votes on behalf of a candidate for elective office or a political organization or for or against any referendum question or helping in an effort to get voters to the polls.

*The law does not prohibit people from engaging in political activity voluntarily off duty, without governmental compensation.*

8. Initiating for circulation, preparing, circulating, reviewing, or filing any petition on behalf of a candidate for elective office or for or against any referendum question.

9. Making contributions on behalf of any candidate for elective office in that capacity or in connection with a campaign for elective office.

10. Preparing or reviewing the responses to candidate questionnaires.

11. Distributing, preparing for distribution, or mailing campaign literature, campaign signs, or other campaign material on behalf of any candidate for elective office or for or against any referendum question.

12. Campaigning for any elective office or for or against any referendum question.

13. Managing or working on a campaign for elective office or for or against any referendum question.

14. Serving as a delegate, alternate, or proxy to a political party convention.

5. Participating in any recount or challenge to the outcome of any election.

*What does this law prohibit?*

This law prohibits officers and employees of governmental entities from intentionally performing any prohibited political activity on "compensated time" and from intentionally misappropriating any governmental property or resources by engaging in any prohibited political activity for the benefit of any campaign for elective office or any political organization. The law prohibits

requiring these acts or offering benefits for performing them. The law does not prohibit people from engaging in political activity voluntarily off duty, without governmental compensation.

*What is "compensated time"?*

The statute defines "compensated time" as any time worked by or credited to an employee that counts toward any minimum work time requirement imposed as a condition of employment, but does not include any designated holiday or any period when the employee is on a leave of absence.

*Does "compensated time" include vacation, personal, or compensatory time off?*

No. If an employee wants to voluntarily engage in political activities while on vacation, personal or compensatory time off, he or she may do so.

*How is the ethics law to be enforced?*

The State law mandates the Attorney General to prepare a sample ordinance for local governmental bodies. She has done so. That sample ordinance recommends the establishment of additional

bureaucratic positions where none is required, and seems to force some governments into seeking penalties for violations of the Acts which probably exceed their powers.

One part of the ordinance suggested by the Attorney General requires each governmental body in the State to appoint an Ethics Advisor. While it is beneficial for governmental officials to understand the provisions of the Act, there are clearly better ways to accomplish it than by creating thousands of ethical "personal trainers." In addition, governments are given the right to establish Ethics Commissions, which use an administrative method of processing citizen complaints instead of the traditional method of circuit court prosecutions for ordinance violations. For some governments, the creation of an Ethics Commission and the appointment of an Ethics Advisor may be desirable.

In particular, the Ethics Commission is given the ability to evaluate citizen complaints and to make an initial determination as to whether the local Ethics Ordinance has been violated. If so, the Commission can proceed with hearings to administratively adjudicate those complaints. For some governmental bodies, where many complaints are likely to be filed, this administrative process may well protect all parties through the use of a more subtle tool than prosecution. One might argue that the Ethics Commission, which is to evaluate complaints before deciding to proceed with a hearing, is best able to turn down frivolous complaints. On the other hand, local prosecutors themselves, whose decisions are subject to public scrutiny, are not likely to bring cases which they do not think that they can win.

ANCEL GLINK recommends that,

except for a small number of governmental bodies, the preferred enforcement method is to at least begin by using the old-fashioned method of ordinance violations to deal with these problems. State law simply does not require the appointment of an Ethics Advisor, or the creation of an Ethics Commission. In most cases, we would recommend letting other governmental bodies experiment with these "courts in waiting" rather than establish them almost as a self-fulfilling prophecy to encourage complaints from disgruntled citizens.

We suspect that, for most governmental bodies, the Ethics Commission could sit around and share offices with the Maytag repairman. That is not to say that all officials of governments are entirely ethical or will follow the rules set out in the new legislation. Rather, it is to say that a well-documented violation of the law will likely be treated more fairly, more economically, and more quickly by a prosecutor than by a newly-formed, inexperienced, and perhaps not politically independent Ethics Commission.

The basic structure of both the gift ban and ethics enactments is like the Golden Rule. Governmental officers and employees should not be forced to do unwanted political work in return for his or her jobs. Public officials should not accept gifts in types and amounts which will improperly influence their decisions. Unfortunately, the Legislators have used thousands of words to implement these two concepts.

Most governmental officials have spent their full careers in complete compliance with each of these rules. For many of these officials, their adherence to the rules may have been assisted by the fact that they were never tempted. Other officials simply said

"no" when efforts were made to force them to do political patronage work, or said "no" when they were offered more than the most ordinary non-corrupting gifts. It is true that for some political organizations, the rules on limiting political activities may come as something of a shock. Other officials may find their visits to fancy-named golf courses limited to the miniature kind. But from our perspective, the education of our officers and employees to these rules does not require the creation of a totally new bureaucracy. In our view, compliance can be achieved if the enforcement authority is a municipal prosecutor at the County State's Attorney's office free to take proper cases into the quasi-criminal justice system. For governments without a prosecutor, one can be appointed or the State's Attorney may be asked to prosecute.

### 3. Taxing and Spending

By PAUL N. KELLER

As a newly elected official, you will undoubtedly have questions early in your term relating to the topic of “money.” For example, what are the sources of the revenue that your local governmental entity spends? What kinds of expenditures are permissible? Who has the authority to enter into contracts for supplies and services, and what process must be followed? How do you account to your constituents for the expenditures of your board or council? The following summary offers a flavor of the issues about which you should be aware. We also suggest that you approach your

areas within their boundaries when special services are performed. In addition, municipalities can impose a variety of non-property taxes, such as sales taxes, vehicle taxes, amusement taxes, utility taxes and many others. Local governments may also impose “user fees” or “impact fees” on people who utilize government services or facilities or who apply for permits or licenses, such as admission fees for recreation facilities, zoning permits, and business licenses. Schools and other governmental units receive revenue from state and federal agencies. Park districts derive a fair amount of their

or all of the property tax being disallowed. Property taxes are frequently a controversial political issue.

It is difficult to explain the property tax system to the average property owner. One of the most confusing aspects is that taxes are paid in arrears. That is, the taxes collected this year were levied last year to pay for last year’s budget. Also, in many counties – including all the “collar counties,” as well as those that have approved a “tax cap” by referendum – non-home rule governments, such as school districts, park districts, library districts and smaller municipalities, are subject to tax caps: limits imposed by the State on how much tax may be levied and by how much taxes may be increased each year, without voter approval. Home rule municipalities and home rule counties are generally free from tax caps. Another confusing factor is that taxes are usually levied by imposing a “tax rate” on the “equalized assessed value” (EAV) of the property.

The assessor determines the assessed value, which is not the same as the fair market value. The State then multiplies the assessed value by the “equalization factor,” in an attempt to cause all property in the State to be assessed at the same level. The EAV is then multiplied by the local tax rate (\$0.xxx/\$1.00 of EAV) to determine the number of dollars owed by the property owner. This process is carried out for each taxing jurisdiction in which the property is located, and may include the county, township, city or village, school districts, library district, park district, and others, all the way down to the mosquito abatement district. All these independent taxes, taken

local governmental entity’s finance director, business manager or treasurer for valuable information he or she has about the entity’s fiscal operations.

#### Taxing

The primary source of revenue for local governments is the general real estate tax – the tax on all property within the municipal or district boundaries. School districts, in particular, rely principally on property tax. Cities and villages are also empowered to levy special property taxes on limited

income from user fees. Schools are also allowed to charge reasonable fees for supplementary services. Some local government units receive a portion of state income taxes.

The process of levying and collecting property tax is quite technical and complex. Because unpaid property tax can become a lien on real estate and can result in forfeiture of ownership, the law requires the government to follow the rules exactly when levying property tax. Failure to do so can result in some

together, make up the total tax bill on the property.

Property tax is paid to the county collector, and then distributed to the local taxing bodies, minus a small percentage retained in case some portion of the tax is objected to and disallowed. The county will also refuse to collect any portion of the tax which exceeds the statutory tax cap. It is the responsibility of local elected officials to assure that proper procedures are followed in levying taxes. Any taxpayer may—and many do—pay taxes “under protest.” If defects in the levy process are later proved in court, these taxpayers will have some of their taxes refunded.

#### Investment of Funds

Tax revenues are generally paid to local governments in large lump sums, which are then invested by the government until they are required to pay expenses. The investment of public funds is strictly regulated by various state and federal statutes. Consequences for failure to comply with these provisions can be severe, so it is important to be aware of your governmental entity's responsibilities, which range from the kinds of investments that are permitted for revenues and for surplus to the purposes for which interest on investments can be used and the funds into which interest must be deposited. In addition, certain state and federal regulations apply to revenues deposited in funds and accounts established for the payment of debt service on a public entity's bond obligations.

#### Spending

Every taxing body must, as a condition of levying a property tax, adopt an annual appropriation, budget or similar ordinance, detailing how the money is to be spent. Although such documents can be later amended, that process requires following certain rules. Gen-

erally, the appropriation or budget ordinance doesn't authorize the actual expenditure of funds, but only the maximum amounts that can be spent in the fiscal year. Every expenditure of government funds must be provided for in the appropriation or budget ordinance and must be approved, directly or indirectly, by the local elected officials. Most governments must follow strict rules regarding timing and public notice at each step of the taxing process. The budget or appropriation ordinance becomes the basis for the tax levy, and is the government body's financial plan for the coming year. Remember, however, that the taxes levied this year will not be collected until next year.

body contractually, unless there is some specific statutory authority for an official to do so, or the public body has, by ordinance or other formal action, designated a specific person or persons to act on behalf of the entity. A public official might promise a project to a particular contractor, but until the members of the governing body formally approve a contract, or otherwise ratify the understanding between the contractor and the individual official, that promise cannot bind the government. But the corporate authorities may delegate to an official the power to approve contracts for up to a maximum amount of money. Absent such authority, a single official, who thought he or she was buying some-

“letter of the law” could result in  
invalidation of an expenditure or the  
filing of an incorrect tax levy if that levy  
is based upon an erroneous budget or  
improper transfer of funds*

#### Contracts

Most expenditures, other than those for employees' salaries and benefits, are for financial obligations which have been incurred as a result of contracts for construction of public improvements, and purchase of goods and services. Equipment, tools, professional services, office supplies, and so on, are usually purchased by entering into a contract with a supplier, vendor or professional firm. There are specific legal requirements regarding such contracts.

Because a contract is a commitment to pay money, only the corporate authorities may bind the governmental

thing for the government may end up paying for it if the other officials have a different view and will not ratify the unauthorized purchase.

As noted above, for most governments, expenditures require a prior appropriation, and it is not possible to establish appropriations beyond the current fiscal year. Sometimes it is necessary or advantageous for a government body to enter into a contract which extends beyond one fiscal year. The rules differ from government to government. For example, can a municipality commit itself to a multi-year contractual obligation? 65 ILCS

**Taxing and Spending, cont'd.**

5/11-61-3, permits 10-year installment contracts for the lease or purchase of real estate, while 65 ILCS 5/11-76.1-1 enables a municipality to extend such contracts to 20 years, subject to a “back door referendum” (a referendum forced by petition of registered voters.) In addition, 65 ILCS 5/8-1-7 authorizes certain employment contracts for no longer than the term of the mayor or president as well as multiyear collective bargaining agreements and intergovernmental agreements. Other units of local government are granted similar statutory authority to execute multi-year contracts. For example, park districts may execute contracts for up to three years relating to certain kinds of professional services and to the employment of various officers. School districts may enter into multi-year contracts with administrators and employee bargaining units. In any case of a multi-year contract, an appropriation must be included in each budget year for which the contract is in effect.

**Competitive Bidding**

Most statutes that create municipalities and other public corporations contain procedures governing contracts for public works projects, services and supplies. For example, Section 8-9-1 of the Illinois Municipal Code requires municipalities of less than 500,000 population to solicit bids for work or other public improvements where the cost exceeds \$20,000.

Following the advertising for bids, the municipality must let the contract to the lowest responsible bidder, although this requirement can be waived and a contract entered into without advertising if two-thirds of the aldermen or trustees approve the contract. Home rule municipalities and counties may establish their own requirements for bidding but should be aware of prevail-

ing case law. The Code also authorizes, but does not require, municipalities to enact ordinances providing for the award of contracts for supplies. It is good practice and fosters good public relations for the municipality to seek bids which are responsive to its specifications before actually awarding a contract. This process will also generally result in a lower contract price.

*In deciding whether bidders are responsible, the public entity may take into account the contractor's ability to perform the work or deliver the service in addition to its financial responsibility*

Provisions similar to the one described above can be found in the School and Park District Codes (105 ILCS 5/10-20.21 and 70 ILCS 1205/8-4(c)), and the statute governing Community Colleges (110 ILCS 805/3-27.1). For some of these units of government, the contracting statutes are more stringent than for municipalities. Generally, public bodies cannot change a contract in any material respect without re-advertising for bids, or change the decision after a bid has been accepted. Public officials are not prohibited from negotiating with the successful bidder for a reduced price on a contract once the selection is made, but no other terms of the contract may be changed. Also, the public body can reject all bids and start over.

The corporate authorities of government bodies are generally vested with discretion to decide who is the “lowest responsible bidder.” This determination will usually be upheld by a court in the absence of an abuse of that discretion. In deciding whether bidders are respon-

sible, the public entity may take into account the contractor's ability to perform the work or deliver the service in addition to its financial responsibility, and in that connection, may examine the bidder's performance history in its own jurisdiction or for other public bodies. At least one Illinois court approved of a county's consideration of the service provider's social respon-

sibility, and another court approved a city's rejection of the lowest bid due to the city council's concern about the public's perception of a conflict of interest. Governments receive a benefit in that a rejected bidder must act quickly if it seeks to prevent a contract being awarded to some other entity.

Certain bidding issues should always raise the red warning flag for public officials. Participating in prohibited actions could result in a charge of bid rigging or bid rotating. An official who knowingly opens a sealed bid at a time different from that advertised, or provides “inside information” to a potential bidder, or knowingly discloses information in a sealed bid to an interested party, can be convicted of a felony and punished accordingly.

For intergovernmental agencies created pursuant to statute or by agreement, the Intergovernmental Cooperation Act and other statutes establish certain bidding requirements. Article VII, Section 10 of the 1970 Illinois

to know that these prohibitions generally cannot be avoided by the officer's abstention from deliberations and voting on the particular contract, business, or sale, and could require resignation from office. Moreover, a violation could also result in a voiding of the contract.

There are, however, several exceptions to the general prohibition in the relevant statutes. These exceptions

and if the total of contracts awarded to that firm for the fiscal year is less than or equal to \$4,000. This exception applies only to small contracts based solely on the amounts involved. These same restricted exceptions are found in the Public Officer Prohibited Activities Act, but the specific rules regarding other governmental bodies may not even allow for these exceptions. The rules governing conflicts of interest are

*Many people wrongly assume that a conflict of interest occurs only if the public official "takes advantage" of his or her position to achieve unfair or unreasonable profits*

apply when certain criteria are satisfied which relate to the extent of ownership by the public official in the commercial enterprise, the size of the contract involved, and the nature of the services provided. All such exceptions require that the official publicly disclose his or her interest in the contract, refrain from participating in the deliberations on the contract, and abstain from voting on the contract. The exceptions also require that the contract or other work be approved by a majority vote of the governing body.

For example, the prohibition does not apply if the mayor, president, trustee or alderman of a municipality has less than a 7½ % share in the ownership of the firm, partnership, corporation, or other business entity; if the contract is for no more than \$1,500; and if the total of contracts awarded to that firm is less than or equal to \$25,000 for that fiscal year. A similar exception applies, independent of the percentage of ownership by the public official, if the contract does not exceed \$2,000

not always easily interpreted and the violations have serious consequences. Newly-elected public officials will thus be well served if they familiarize themselves as soon as possible with such rules. When in doubt, ask. When really in doubt, refrain.

**Procedure for Crisis Communication**

3.001 Crisis Communication

A crisis (as it pertains to the Park District) is defined as any event that attracts keen public or media interest. Any staff member, who discovers a situation he/she thinks may be a crisis or a potential crisis that would concern the public or media, must contact his/her supervisor who will then contact the head of the crisis team immediately. The head of the crisis team will decide whether to implement the crisis communication plan or simply to monitor and handle the situation carefully. If the head of the crisis team is unavailable, staff members will contact the next individual listed on the crisis team contact sheet who will initiate the crisis communication plan.

6. Designate the following: someone to monitor radio and television; someone to clip newspapers; someone to verify the facts obtained thus far.
7. Take immediate, corrective measures.
8. Draft a response statement (should indicate concern for public welfare, sympathy for the victims and a statement of corrective actions).
9. Inform clerical team (including office staff and receptionist of their duties. See Subsection III, part C, #5).
10. Draft a statement and/or press release and distribute to media. (This option may be adopted in lieu of a formal press conference.)

This statement provides the crisis team with time to complete its assessment and formulate its response plan. Please note that Commissioners are encouraged to refer all questions to the designated spokesperson. The Executive Director/Crisis Team Head will consult with and update the President of the Park Board of Commissioners (and other Commissioners) as soon as possible after an incident to assess the situation and inform the Board of the Park District's response.

During a crisis, all information released to the media and the public will come through the crisis team via the designated Park District spokesperson. Employees who witness the event, responded to the event, or are in some way knowledgeable about the event may be approached by the media.

**EMPLOYEES/COMMISSIONERS SHOULD DIRECT ALL INQUIRIES FROM REPORTERS OR OTHER INDIVIDUALS TO THE PARK DISTRICT SPOKESPERSON FOR ACCURATE INFORMATION.**

Here are a few guidelines for employee/commissioners who are approached by reporters or other members of the public.

1. You do not have to speak to the press. A good response is as follows:

**I am not the proper person to answer that question. You may want to discuss that with our official agency spokesperson ( Name of proper person)**

3. It is permissible to express sympathy for any involved individuals, but direct specific questions to a spokesperson.  
**DO NOT SAY, "NO COMMENT."** It tends to imply guilt. Instead say, **"It would be premature to discuss this matter until further investigation is completed"** and then refer the reporter or individual to the Park District spokesperson. Don't joke. Don't say anything you wouldn't want to see in print. Don't make an "off-the-record" statement. The confidentiality cannot be guaranteed.
4. Crisis Team Emergency Contact List  
In the event of a crisis or emergency, the highest-ranking staff member will contact the following individuals in the order in which they are listed to implement the Crisis Management Plan. Please make note of the date and time each team member was contacted. If you do not receive an answer, move to the next person on the list.

# Financial Analysis as of June 30th, 2019

## General Fund

### Administration

The net revenue for the administration department is above prior year by \$39,525.

Revenues decreased \$124,986 from prior year. Reductions to Payroll will result in lower transfers from other funds as well as lower IMRF transfers. Property Tax revenue was reallocated for 2019 to provide additional resources to the Recreation Fund for the renovation of Rink 1.

Investment income has increased \$65,540 due to rising interest rates. By utilizing Morgan Stanley and the Illinois Park District Liquid Asset Fund, the District receives better than average returns as it is possible to find the highest rates offered throughout the United States. IPDLAF Portfolio rate was 1.77% in June 2018 and 2.21% for June 2019. Morgan Stanley combined yield for CDs and Money Market was 1.70% in 2018 and 2.10% in 2019. However, it is expected that our gains will moderate again given recent developments with the economy.

Marquee revenue is \$10,681 below prior year revenue. Although the decrease has been accumulating since the beginning of the year, June saw the largest decrease of \$6,183. The vacancy of the Advertising and Sponsorship Manager Position was a large factor in the decrease. This position has recently been filled so revenue should return to prior levels once the new employee has an opportunity to begin seeking prospects for the remainder of the year.

Miscellaneous Income is \$18,937 greater than prior year. The District received \$29,840 for the sale of a portion of Maple Park to the Schaumburg Township.

There were three retirements in 2018 with two positions eliminated. The reduction in full time wages of \$159,561 is the result of the eliminated positions in combination with hiring in new staff at a lower rate than the predecessor for several positions. The two month vacancy of the Advertising and Sponsorship Manager Positions will result in a positive variance to budget at fiscal yearend.

Employment Insurance is \$19,265 greater than prior year due to a change in the calculation for PDRMAs request for wages paid to maintenance and service industry workers district wide in order to determine our Workers Compensation Insurance premium. This increase was included in the budget.

Unemployment Insurance is \$10,968 less than prior year. Unemployment Insurance is based on claims history. The District has been able to reduce our unemployment claims as a result of seasonal workers being able to find work through the off season and through successfully winning disputes. This will result in a positive impact to the net revenues at the end of the fiscal year.

The net expense for the maintenance department is consistent with prior years. Full Time wages are \$35,473 greater than prior year due to increases, wage adjustments and a retirement payout. Increases began in 2018 and were included in the budget process and will not impact the net at the end of the fiscal year. As a comparison to prior year, the variance is currently being offset by decreases to Equipment Maintenance and Repairs and Property Maintenance.

## Fund Summary

The General Fund's 2019 net revenue is \$38,716 less than the net revenue from 2018.

## Recreation Fund

## Administration

The net revenue for the administration department is above prior year by \$759,207. The tax levy was adjusted increasing tax dollars to the Recreation Fund and the transfer to Debt Service was eliminated for the 2019 fiscal year to provide additional funding for the renovation of Rink 1. In 2020, the Administration department will be more consistent with 2018. Debt Service was recorded to the Ice Arena prior to 2018.

## Communication & Marketing

Communication & Marketing expense decreased \$20,743 from 2018. Staffing changes and vacancies resulted in a reduction to full time wages for the first quarter however this should be close to prior year and over budget by fiscal year end. In order to better meet the needs of entire district, two Communication and Marketing Managers were hired, one for Recreation and one for Facilities. Brochure & Newsletter Printing is \$11,447 below prior year due changes in the brochure format allowing the number of pages be reduced and the elimination of the separate camp guide. This reduction was included in the budget. Postage is consistent with prior year but currently at total budget for the year with expenses for the fall and winter brochures yet to come.

## Aquatics

Aquatics is currently \$44,173 less than prior year. Daily Fees are \$17,294 below prior year. In 2018, the season started out with an exceptionally hot and dry Memorial weekend. This year, cooler temperatures and frequent closures due to thunderstorms have persisted through the first few weeks of June.

## Ice Arena

Net Revenue for the Ice Arena is below 2018 by \$110,878. Rentals are down \$108,067 due to the renovation of Rink 1. Prior to the start of the renovation there was a slight decline due to the

Rolling Meadows Adult Hockey League returning to their home rink. As Rolling Meadows also has one rink under construction, we have been able to get some rental slots from the group for later in the fiscal year.

Lessons are above prior year by \$14,557. The Try Figure Skating for Free program for the winter session had a positive impact on paid lessons with increased enrollment for most beginner programs. Adult Leagues moved to Mount Prospect resulting in a decline to revenue of \$12,000. Youth Hockey Leagues declined \$10,580 from prior year due to a reduction to the fee.

Expenses have decreased from 2017 due to the elimination of \$412,500 from Debt Service Expense allocated to the Administration department for 2018 and eliminated for 2019. Full Time wages are \$17,823 greater than prior year while part time wages are \$13,423 less than prior year. There was a vacancy for the General Manager of Ice Operations during 2018 with the department fully staffed for 2019. Part time staffing was able to be reduced due to one rink being shut down.

### *Willow Recreation Center*

The Willow Recreation Center is below prior year by \$23,850. The largest factor is the reduction to rental revenue by \$18,717 for the Vogelei house by the Mohan Group. This was anticipated during the budget and will not impact year end.

### *Early Childhood Programming*

Although there was slight decline in the first quarter of 2018, net revenue for Early Childhood has been consistently growing with 2019 currently \$67,435 ahead of prior year. Explorers Camp is \$30,728 below revenue for the prior year due to one week of camp being cancelled as a result of the severe weather and snow day makeup classes extending the school year. Additionally, School District 54 began offering camps which impacted the enrollment for all our camps. Preschool revenue is \$16,270 below prior year due to the reclassification of early childhood sports programs to youth athletics. Revenue increases to Early Learning and Care of \$41,214 and STAR of \$63,686 are offsetting the variance.

### *General Programming*

General Programming has a negative variance of \$19,324 from the first quarter of 2018. Revenue is \$43,290 below prior year with the largest variance being in camps with a variance of \$36,261. Camps throughout the District were impact by the cancellation of the first week as well as the competition from School District 54. Archery was moved to Youth Athletics resulting in a negative variance of \$10,241. The reduction to revenues is being partially offset by a reduction to expenses.

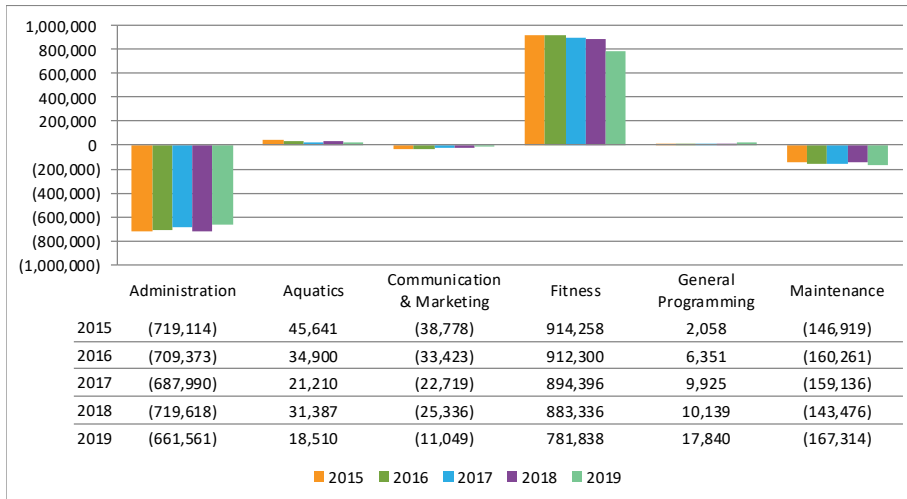

## Youth Athletics

Youth Athletics has a positive variance of \$21,585 from 2018. This is due to the reclassification of early childhood sports programs and archery to this department. Boy's baseball expense is \$10,849 greater than prior year due to a timing variance. The uniforms invoice was paid in May this year versus July in 2018.

## Fund Summary

The Recreation Fund's 2019 net revenue is \$818,072 greater than the net revenue from 2018.

## The Club

### Administration

Administration has a positive variance of \$58,057 from 2018. Several positions were eliminated late in 2018 resulting in a \$69,747 positive variance to payroll.

### Communication & Marketing

Communications and Marketing has a positive variance of \$14,287. The January Direct Mailing for a cost of \$14,650 was eliminated due to its limited return.

## Maintenance

Maintenance has a negative variance of \$23, 838 to prior year. Facility Maintenance & Repairs is \$21,838 over prior year expenses. An exhaust fan for the activity pool was purchased for \$4,151, \$3,256.16 for lighting and electrical upgrades/repairs, \$8,079.98 for HVAC repairs and \$5,512 for an ejector pump rebuild.

## Fitness

Fitness net revenue is \$144,457 less than 2018. The budget anticipated a decline in membership revenue as a result of the fee change. The lower fee was expected to better position The Club to attract and retain members. Additional changes are being assessed to better match our offerings to the current and future fitness market.

Tennis revenue has seen a reduction of \$28,622 in revenue from 2018. Expenses have been reduced by \$22,229 from 2018. The resulting net is \$6,393 less than prior year.

### Fund Summary

The Club's 2019 net revenue is \$76,933 less than the net revenue from 2018.

### Bridges of Poplar Creek

### Administration

Administration has a positive variance of \$36,844 from prior year due to the reclassification of 50% of the Director wages to The Club as well as the elimination of the full time business position. Facility Maintenance and Repairs are \$11,914 greater than prior year. \$7,144.62 was spent on an upgrade and repair to the draft beer lines, \$2,951.00 for the front door locking and closing system,

### Food & Beverage

There is an \$85,811 positive variance to the net revenue from 2018. Revenue is exceeding prior year by \$73,300 due to larger event sizes and pricing changes. Expenses are below prior year by \$12,481 due to the sous chef position remaining vacant.

### Golf Operations

Net revenue is down \$27,157 from prior year. The course was open for play February 26<sup>th</sup> in 2018 but not until March 18<sup>th</sup> this year. In spring we saw significant rainfall and late snowfall resulting in additional declines. June was also slightly behind prior years.

### Maintenance

Maintenance expense is consistent with prior year.

### Fund Summary

Bridges of Poplar Creek’s 2019 net revenue is \$100,262 greater than the net revenue from 2018.

# 1a. The Open Meetings Act: Don't Leave Home Without It

BY KERI-LYN J. KRAFTHFER

Perhaps the most fundamental and germane law that governs the conduct of public officials throughout their careers is the Illinois Open Meetings Act. The Act applies to all public bodies and meetings held by those bodies. 5 ILCS 120/1. In short, the Open Meetings Act requires public bodies to conduct meetings which are open to the public, so the members of the public can know what actions the public entity is taking. For this reason, the Open Meetings Act, along with

commissions and subsidiary bodies appointed by them, such as committees and subcommittees. As public bodies, these entities must also comply with the provisions of the Act.

The Act requires public entities to conduct open meetings. A "meeting" is defined as "any gathering of a majority of a quorum of members of a public body held for the purpose of discussing public business." In determining whether a particular gathering constitutes a "meeting" within the scope of

quorum and morphs into an equivalent of a conference call, the Act has been violated.

A provision in the law remedies a problem formerly facing five-member groups, such as some historic preservation commissions or park district boards. For those bodies, a quorum is three and a majority of that quorum is two members. Whenever two of the members discussed matters pertaining to the commission or committee, that constituted a meeting and they could not talk to each other about public business. The law now allows two members of five-member boards to meet without falling under the obligations of the act. 5 ILCS 120/1.02. In exchange for this amendment to the law, five-member boards can now only pass a matter by an affirmative vote of three members of the board. This means, for example, that a vote of 2 – 1 on a matter would fail for a five-member board, because the matter did not receive three affirmative votes.

Public officials should become familiar with the Open Meetings Act's general rules that govern meetings of a public body. The following is a summary of those rules.

## General Rules

A. All meetings required to be public must be held at specified times and places convenient to the public.

B. All public meetings must be open to the public unless the topic to be discussed is specifically permitted to be considered in a closed meeting under Section 7 of the Act. Closed sessions must be audio or video-recorded, and certain rules apply regarding the retention of closed session tapes.

C. Persons attending public meetings

the Freedom of Information Act, are known as "sunshine laws." The first part of this section deals with OMA and the second part with FOIA.

One significant note for newly-elected officials is that you are required to complete training on the Open Meetings Act within 30 days of being sworn into office. The training consists of an on line program administered by the Public Access Officer of the Illinois Attorney General's office. After you have completed the training, you must file your certificate of completion with your public body's clerk.

A popular misconception is that only the governing bodies, such as a village board, city council, park district board, library board, township board and fire protection district board are subject to the Act. The definition of "public body" is quite comprehensive, however, and includes not only those governing bodies but also advisory boards and

the Act, one must first determine what constitutes a "quorum." A "quorum" is simply a number equal to a majority of the members of the board, who are to be elected or appointed. A "meeting" will be deemed to take place when a majority of the quorum is discussing public business.

For example, if a village board consists of six trustees and the president, the total number of officials is seven; consequently, a quorum is four and a majority of the quorum is three members. Thus, if three members of the board "gather" to discuss public business, even by telephone, they are having a meeting as defined by the Act, even if they are merely chatting informally about items that come before their group, and do not believe they are having a meeting. The act also covers contemporaneous electronic communications. Where the back and forth of emails involves a majority of a

may record the proceedings by tape, film or other means unless a witness at any meeting required to be open by the Act conducted by a commission, administrative agency or other tribunal, refuses to testify on the grounds that he may not be compelled to testify if any portion of his testimony is to be broadcast to televised or if motion pictures are to be taken of him while he is testifying, but public bodies do have the ability to establish reasonable rules regarding taping so that, for example, the taping does not become disruptive of the meeting. A requirement for pre-approval of recordings has been disallowed.

D. No business can be conducted without a quorum, although less than that number can adjourn the meeting to another date or compel the attendance of absent members.

E. If a public body adopts procedures so permitting and follows certain legal requirements, a board member may participate in a meeting electronically from a different location in certain circumstances, although a quorum must still be physically present at the location of the meeting.

F. Generally, e-mail communications between public officials will not be deemed to constitute a "meeting," but contemporaneous instant message exchanges or chat room discussions participated in by a majority of a quorum may fall within the definition of a "meeting." This would constitute an improper, not publically held, meeting.

G. Governments are required to adopt rules to allow the public some opportunity to address the public officials. The Public Access Counselor's office has interpreted this requirement to mean that public bodies must give

the public the opportunity to speak at all open meetings.

H. A governing body cannot take final action at a closed meeting or in closed session at an open meeting. Final action on a matter can only be taken at an open meeting, and it must be preceded by a public recital of the nature of the matter being considered and other information that will inform the public of the business being conducted.

#### Notice of Public Meetings

A. Public entities must give the public notice of all meetings. At the beginning of each calendar or fiscal year, a governmental body must publish notice of its regular meeting schedule for the year. Such notice should include meetings of committees and sub-committees of the body, as well as any of its inde-

there also.

C. A public entity must also provide notice of meetings to any news media requesting such notice. An agenda for any special, emergency, rescheduled or reconvened meeting must also be given to the news media if they have requested such notice.

D. Notice of emergency meetings for "bona fide" emergency situations must be given as soon as practicable but, at least, prior to the meeting.

E. If a meeting is continued or is to be reconvened at another date, and the time and place of that meeting was announced at the original meeting and there is no change in the agenda, notice is not required.

#### Agendas and Minutes

A. A public body may consider and discuss topics not initially contained

*The definition of "public body" is quite comprehensive, however, and includes not only those governing bodies but also advisory boards and commissions and subsidiary bodies appointed by them, such as committees and subcommittees.*

pendent boards and commissions.

B. A public entity must post an agenda at the principal office of the public body and at the location where the meeting will be held at least 48 hours prior to all meetings, even if those meetings were listed in the published schedule of regular meetings. The agenda must be available for viewing during all of that 48-hour period and a government which has a website, maintained by full-time staff of the government, must post the notice

in an agenda at a regular meeting, but that body may not act upon any matter at a regular meeting that is not specifically listed in the agenda and posted 48 hours in advance both by posting for the continuous period and placing it on the governmental website. A catch-all provision in an agenda such as "new business" will not provide sufficient advance notice to the public of a matter coming before the public body for action. While it is still prudent to include a broad catch-all phrase to cover

**The Open Meeting Act, cont'd.**

miscellaneous matters which happen to come before a public body, the body should carefully plan its agendas so that it specifically lists all matters to be acted upon at its meetings. At a regular meeting, "new business" items can be added to the agenda and discussed. They cannot be acted upon.

If a public body is considering acting upon a matter, the agenda should specifically state that the public body will do so at the meeting. A public body always has the option of not acting on an agenda item, so the better practice is to include any possible action items on the agenda. With regard to agendas for special, rescheduled or reconvened meetings, the Act states that "the validity of any action taken by the public body which is germane to a subject on the agenda shall not be affected by other errors or omissions in the agenda." 5 ILCS 120/2-02.

B. All public bodies must take and maintain written minutes of their meetings, whether they are open or closed. The Act requires that the minutes contain a "general description of all matters proposed, discussed or decided... as well as a record of any votes taken." Such basic information as the time and place of the meeting, a list of members present or absent, and any action taken should also be included. Some public bodies record and prepare a complete transcript and use that as the record of what transpired at the meeting, a practice we do not recommend. Clerks or other minute takers should instead summarize the nature of the business discussed and the actions taken. The benefit of the latter method is that the shorter minutes provide the public and the officials with a relevant record in summary form of the evidence of the meetings which are also more likely to be read.

C. Minutes of all meetings must be available to the public no later than ten (10) days after they are approved by the public body, although we don't recommend waiting the full ten days to make the same available. The Minutes of meetings are required to be approved within thirty (30) days after the meeting or by the second meeting following the meeting to which the Minutes apply. In many governments, the Minutes are generally included on the Agenda for approval at the next regular meeting following the one to which the Minutes apply.

D. Minutes of closed sessions may be withheld from the public for as long as necessary to protect the public

vote on the motion to go into closed session should be taken by roll call.

B. Only those topics specified in the motion to close the meeting may be discussed at the closed session.

C. Some of the more commonly-used exceptions listed in Section 2(c) of the Act which allow closure of meetings are:

(1) collective bargaining matters;

(2) deliberations concerning salary schedules for one or more classes of municipal employees;

(3) purchase or lease of real estate for use by the public body, as well as consideration as to whether a particular parcel should be acquired, or when the public body is considering the sale or

interest or individual privacy. The Act requires all public bodies to review minutes of closed sessions semi-annually and determine for each set of minutes whether the minutes, in whole or in part, can be made available to the public or must continue to be exempt from disclosure because of a specific need to maintain confidence.

E. Closed sessions must be audio or video recorded, and the tape maintained for at least 18 months. Special rules apply regarding the retention and destruction of such tapes.

**Closed ("Executive") Sessions**

A. Public meetings may be closed to the public by motion of the public board stating the statutorily-authorized reason for closing the meeting. The

lease of its property;

(4) discussions of litigation when an action "against, affecting, or on behalf of the body has been filed and is pending," or when such an action is "probable or imminent;"

(5) consideration of the appointment, employment, compensation, discipline, performance, or dismissal of specific employees or legal counsel for the public body, but not of independent contractors;

(6) consideration of the appointment of a person to fill an appointive or elective public office, or the removal of someone from office if that body has such removal power;

(7) consideration of informant sources, assignment of undercover per-

sonnel or equipment for ongoing, prior or future criminal investigations if the body is vested with criminal investigatory responsibilities; and

(8) review of closed session minutes.

In addition to these, the Open Meetings Act contains several other exceptions which would permit a public body to enter into closed meeting discussion under certain specified circumstances.

#### **Enforcement of the Open Meetings Act**

Enforcement of the Open Meetings Act can be undertaken by any person, including the state's attorney in the affected county, by filing a complaint with the circuit court to enforce the Act. A simpler process has been created by statute under which people can submit a request to review with the Public Access Counselor in the office of the Illinois Attorney General. Similar to any complaint that must be filed in circuit court, the request to review must be made within 60 days after the alleged violation and must be: (1) in writing; (2) signed by the requester; and (3) include a summary of the facts supporting the allegation. The Public Access Counselor must examine the issues and the records and make findings of fact and conclusions of law and issue an opinion on same within 60 days after initiating the review or otherwise take steps to mediate the issue. Note that as part of the review, the Public Access Counselor has the same right to examine the verbatim recording of a closed session tape as a court does in a civil action brought to enforce the Act. Although courts are rarely called upon to examine tapes, with the ease that individuals can file complaints, these tapes are more and more frequently reviewed by the Public Access Counselor. The opinion of the Public Access

Counselor binds the parties, but can be appealed to the Circuit Court.

#### **Court Remedies and Penalties**

If a direct lawsuit is initiated and the court finds a violation, it may invalidate any action taken at an illegal meeting, although courts are generally unwilling to take such a step. The court can order such other relief as it believes may remedy a current or similar future problem.

A finding of guilt against a named official can result in a conviction for a Class C misdemeanor. Upon conviction, a person can be sentenced to a fine of up to \$500 and imprisonment for up to 30 days. In a civil case, the court also has the discretion to award attorney's fees to a party who "substantially prevails," except that a private party is subject to such an assessment only if the court decides the complaint was frivolous or malicious. Thus, a public body or its officials could end up paying the plaintiff's attorney's fees where the court finds a violation of the Act, even if no punitive measure is taken against the public body and/or its officials.

To avoid being sued and to maintain a positive image in the community, officials should strictly observe the requirements of the Open Meetings Act. Once those rules become a habit, compliance will be viewed not as an encumbrance, but simply as a fact of life in the public domain.

#### **Tips on Compliance**

A. Make sure all of your meetings, including committee meetings, have proper notices and agendas sufficiently describing the actions to be taken.

B. Make sure you don't take action on any matter not sufficiently described on your agenda.

C. Ratify any questionable acts at a subsequent proper board or council

meeting – illegal acts can't be ratified.

D. State in your motion and your minutes the authority for going into closed session and take a roll call vote.

E. Always have a tape recorder for closed sessions and have everyone present state their names and positions.

F. Don't go into closed session with your litigation opponents.

G. Do not discuss public business contemporaneously with a majority of a quorum of your board in person, by phone or electronically outside the context of a public meeting.

H. Newly-elected or appointed officials are required to pass a test available on the Attorney General's website showing adequate knowledge of the Open Meetings Act.

# 1b. The Freedom of Information Act: A Primary Duty of Public Bodies

BY STEVEN D. MAHRT

**A**s a newly-elected government official, it is essential that you be at least somewhat familiar with the basic terms of the Illinois Freedom of Information Act, (FOIA) 5 ILCS 140/1 et seq. The Act declares that providing records in compliance with the requirements of the Act is a primary duty of public bodies. Furthermore the Act states that all persons are entitled to **full and complete information** regarding the **affairs of government and the official acts and policies of those who represent them as public officials** and public employees. **As a newly-elected official, this applies to YOU.** Your acts as a public official may not only be subject to public scrutiny, but also subject to public access. Now, more than ever before, ignoring the Freedom of Information Act will legally imperil you and the public body which you serve. This chapter cannot possibly cover all of the requirements and nuances of this Act, but it is intended to give you an introduction to its basic concepts.

FOIA applies to “public records,” and presumes that all records pertaining to the transaction of public business are open to inspection and/or copying. 5 ILCS 140/1.2. This means that if a public record is requested, it must be provided, unless your public body is able to prove, *by no less than clear and convincing evidence*, that all or parts of it are exempt from disclosure. The Act contains numerous exemptions; three of which are discussed herein

The first question to answer with regard to FOIA is whether or not a particular record is a public record subject to the Act. This question is becoming more and more complicated

as both technology and the laws evolve. The Act defines a public record as “*all records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary materials pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of any public body.*” 5 ILCS 120/2(c). **For your purposes as an elected official, and for simplicity’s sake, you might think of a public record as being just about anything—as long as it pertains to public business.**

Clearly records kept by the clerk or recording secretary for your public body are public records—but what about a record which you might possess, perhaps on your smart phone, tablet, laptop or personal computer—which is in some way tied to public business? What if the public body supplies you with a personal electronic device, tablet or computer?

In *City of Champaign v. Madigan* 2013 Il App (4th) 120662, the Court held that text messages sent or received by individual council members during a public meeting were subject to disclosure under FOIA even though the messages were on the members’ private devices. The Court said to hold otherwise would allow members of a public body, convened as a public body, to subvert the Open Meetings Act and FOIA requirements simply by communicating about city business during

a city council meeting on a personal electronic device. The Court clarified that messages about public business received other times on a private device by individual public officials are not subject to FOIA unless the communication involves enough members of the public body to constitute a quorum or the message is forwarded to a quorum of the public body.

When a public body provides you a laptop, tablet, phone or other device, then messages on the devices are considered “under the control of a public body” and will be subject to FOIA regardless of when received or the number of other elected officials included in the message.

As a public official in possession of public records, you also need to be aware of the Illinois Local Records Act. 50 ILCS 205/1 et seq. This Act requires the preservation of all public records “coming into the custody, control or possession of any officer.” Records may be destroyed, removed or otherwise disposed of “as provided by law.” The Act allows the disposal of records in accordance with retention policies developed and adopted by the Secretary of State and the local records commission or officer. The definition of a public record under the Local Records Act is a bit different from the definition under FOIA. Consequently you should consult your clerk or attorney prior to deleting any records on your electronic devices to determine whether or not the record must be retained.

After determining whether or not a record is a public record subject to FOIA, the next step for a public body lies in determining whether all or parts of that information may be exempt

### The Freedom of Information Act, cont'd.

from disclosure to the requesting party; in other words, **just because something is a public record, does not necessarily mean that it must be released.** In fact, the Freedom of Information Act contains in excess of sixty different exemptions, any one of which may permit a public body to withhold all or parts of a record. 5 ILCS 140/7 and 7.5. Some of the more commonly cited exemptions, which we will briefly mention include the “private information” exemption of section 7(1)(b), the “personal information” exemption of section 7(1)(c) and the “pre-decisional or deliberative process” exemption of section 7(1)(f).

“Private information” is defined as “*unique identifiers, including a person’s social security number, driver’s license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers, and personal email addresses. Private information also includes home address and personal license plates, except as otherwise provided by law or when compiled without possibility of attribution to any person.*” 5 ILCS 140/2(c-5). This section is typically used to redact such information within a larger document which is released, and though it is often cited, is not often disputed or questioned. Occasionally private information is disputed. In PAC Opinion 14-008 the Attorney General held that photographs of a former Sheriff’s deputy did not meet the definition of private information. Also in PAC Opinion 12-003 the names of persons enrolled at a public university were not considered private information. These opinions illustrate the preference for disclosure of information unless specifically excluded from disclosure.

Neither names, nor photographs are listed as “private information” under the statute.

The question as to whether or not information may constitute “personal information” as permitted to be withheld under section 7(1)(c) is murkier. This exemption permits the denial or redaction of “*personal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information. ‘Unwarranted invasion of personal privacy’ means the disclosure of information that is highly personal or objectionable to a reasonable person and in which the subject’s right to privacy outweighs any legitimate public interest in obtaining the information.* **The disclosure of information that bears on the public duties of public employees and officials shall not be considered an invasion of personal privacy.**” 5 ILCS 140/7(1)(c). In other words the General Assembly requires the public body to balance the privacy right at stake and the public interest in obtaining the information. This can be a difficult and fact specific process. By way of illustration, the following types of information have been found to be *exempt* as “personal information the disclosure of which would constitute a clearly unwarranted invasion of personal privacy”: the names of the relatives of a deceased minor as contained in investigatory records; post-mortem photographs of deceased persons; the names of unsuccessful job applicants; disclosure of dates of birth, particularly when coupled with other identifying information; names of suspects in police reports not arrested or charged; and the names of relatives contained in a public

employee’s disability application.

In contrast, the following have been held *not exempt* under section 7(1)(c): an incident report in which a public official was arrested but not charged; medical examiner’s toxicology and autopsy reports; photographs of physical evidence at a scene of death; sales tax agreements between a city and various businesses; a police sergeant’s stated basis for applying for disability benefits; the identity of an evaluator of public bids; the applications of successful candidates for public employment, and police internal investigation records (See *Kalven v. City of Chicago* 2014 IL App (1st) 121846). (See PAC Opinions No. 14-015, 13-011, 12-012, 12-006, 12-003 and 10-003.)

Section 7(1)(f) permits a public body to exclude “[p]reliminary drafts, notes, recommendations, memoranda and other records in which opinions are expressed, or policies or actions are formulated, except that a specific record or relevant portion of a record shall not be exempt when the record is publicly cited and identified by the head of the public body.” 5 ILCS 140/7(1)(f). The exception is intended to encourage frank and open discussion among public officials and employees. The following documents have been determined to be exempt from disclosure under 7(1)(f) when not publicly cited/identified by the head of the public body: surveys completed by public university police which were used to determine police assignments; a public employee opinion survey considered in the process of formulating a decision; pre-decisional email correspondence between public employees; emails from a mayor which were deemed to be deliberative in nature with opinions and recommendations about proposed projects and policies; a memorandum which was

**The Freedom of Information Act, cont'd.**

prepared to present to a committee, but never actually presented; a draft memo regarding a retirement incentive plan; and an evaluator's comments on scoring sheets made before making a final decision to award a contract. Not all information contained in a preliminary document is exempt. The Courts and the Public Access Counselor have held that factual statements contained in a pre-decisional document are subject to release under FOIA. (PAC Opinion 14-015, and *State Journal-Register v. University of Illinois Springfield* 2013 IL App (4th) 120881)

No education in FOIA would be complete without a general understanding of the time requirements which apply to a public body responding to a FOIA request for information. The Act provides that a public body must respond to a written request for information within 5 business days after receipt of the request. 5 ILCS 140/3. The response may come in any number of different ways, as follow: (1) grant the request, providing the records simultaneously; (2) deny the request, in whole or in part, citing a proper exemption(s) as the basis of the denial and informing the requester of his/her right to appeal; (3) indicate that an extension of time is required, providing the statutory reason(s) for the extension and the date the records will be available (not more than an additional 5 business days from the original due date); (4) assert that responding to the request within the time frames required would constitute an undue burden, and asking the requester to narrow the scope of the request; or, (5) contact the requester, explaining the difficulty and special circumstances involved, and seeking to reach an agreement for additional time to retrieve the requested records. Special rules granting longer

response timelines apply to commercial requesters, "recurrent requesters," and "voluminous requests." 5 ILCS 140/2, 3.1, 3.2 and 3.6. It is important that, if necessary, you work closely with your FOIA officer, clerk, and/or attorney in determining the appropriate response to a FOIA request. Each public body must designate one or more officials or employees to act as its FOIA officer(s). 5 ILCS 140/3.5. Find out who yours is, and be kind to that person, for he or she is operating under deadline and oftentimes without clear guidance!

In addition, it is important to understand that any requester who has a complaint with the public body's response to a FOIA request may file a request for review with the Public Access Counselor established in the Illinois Attorney General's office. The PAC's office is staffed with attorneys dedicated strictly to investigating alleged violations of the Freedom of Information Act and Open Meetings Act—just another stressor for your FOIA officer! The PAC may dismiss a request for review as unfounded, or investigate further, and resolve the same by mediation, issue a binding opinion or advisory opinion, or use its discretion to otherwise resolve the same. 5 ILCS 140/9.5.

The consequences of failing to properly comply with a FOIA request may be harsh. In addition to any relief which the Public Access Counselor might impose, any person denied access to a non-exempt public record may file suit for injunctive or declaratory relief. In the event a party prevails in court, the court must award the prevailing party reasonable attorney's fees and costs. Additionally, should a court determine that a public body willfully and intentionally failed to comply with the Act, or otherwise acted in bad faith,

the court must impose a civil penalty of not less than \$2,500 or more than \$5,000 per occurrence. 5 ILCS 140/11. There are no fines which apply to or are payable by individual employees or officers of the public body. Even if none of these remedies is applicable or available, keep in mind that suspected FOIA violations are often the type of front-page news you will wish to avoid as a public official

These are only some of the most basic aspects of the Freedom of Information Act. The Act is constantly changing as the PAC issues new opinions and the courts interpret the Act. As an elected official you are tasked with assisting your public body in meeting a "primary public duty" of providing records in compliance with the requirements of the Act. You will need to work with your FOIA officer as he or she navigates the sometimes-stormy waters of the Act. Ancel Glink has several attorneys highly-experienced in working with public bodies on numerous FOIA compliance issues. We are pleased to work with your FOIA officer(s), clerk and/or you to ensure that your interests are protected, that public interests are served, and that your journey as an elected official is not imperiled by non-compliance under the Act.

## HOFFMAN ESTATES PARK DISTRICT BRIEF HISTORY

### Early History - Schaumburg Township

Once part of a broad stretch of prairie, the land that now makes up Schaumburg Township was left virtually untouched by the Indians and the earliest white explorers. In the mid-nineteenth century, the land was settled by a number of well-known German families, including the Rohlwings, Geiskes and Sunderlages. These early settlers were part of a vast wave of immigrants, hailing first from New England and later from Germany, who came to the area in search of new lands and opportunities.

The farms, churches, schools and stores erected by these early German settlers remained relatively intact for more than 100 years. Within the past 40 years, the invasion of the developer has all but eliminated these early structures from the landscape, replacing the farms and settlements with shopping centers, housing subdivisions and roads. However, a few remnants of the old rural culture remain in landmark structures such as St. Peter's Evangelical Lutheran Church and the Sunderlage farm smokehouse, as well as in a few undeveloped parcels of land that still sprinkle the area. These properties are a throwback to earlier times, when farming was a way of life and the church was the center of a community's social, political and religious activities.

Schaumburg Township was officially established on April 2, 1850, but the villages of Schaumburg and Hoffman Estates were not incorporated until 1956 and 1959 respectively. Park recreation services were originally governed by these village governments, through park committees and park commissions. But in 1963 and 1964, the Schaumburg Park District and Hoffman Estates Park District were established as separate entities to advance and provide leisure opportunities for their respective residents through the acquisition of parks and the development of recreation services and programs.

### Introduction:

The Hoffman Estates Park District—a separate governmental unit, created solely for the purpose of providing parks and recreation services for community residents—was organized in 1964, under the provisions of the Park District Code of the State of Illinois, as amended May 17, 1951. Illinois is one of the few states in which park and recreation services are allowed to operate independently from other municipal services. Funds used to operate the park district are derived from taxes, user fees and alternative revenue sources.

The formation of the Hoffman Estates Park District began on January 22, 1964, when a public meeting was held to discuss the development of parks and recreation services for the residents of Hoffman Estates. A steering committee was established to meet regularly on the issue. The 1964 Steering Committee members were Hal Gillespie, Bud Bartosch, Jim Gannon, Joe Fabbrini, Jim Sloan, Lyle Button, Betty Fink and Pat Muldowney. Due to the great support of the committee, homeowners association,

women's clubs, and the village residents, petitions were circulated and filed. A referendum was put to vote on May 2, 1964. The referendum passed and the Hoffman Estates Park District was officially established.

The first Hoffman Estates Park District offices were located in the village hall, a frame house located at 161 Illinois Blvd. The structure was built in 1916, on land which was once a working farm. The park offices were moved, on several occasions, to various schools in the area. In 1969, the park district purchased the Vogelei Park property at 650 W Higgins, to establish a more permanent home for their administrative offices.

## **THE PEOPLE, PROGRAMS, PARKS AND FACILITIES**

### **The 1960s**

#### **I. THE PEOPLE**

When the residents of Hoffman Estates voted to form the park district, they elected Bernard M. Bartosch, Charles R. Meyers, Lyle A. Button, Joseph L. Fabbrini and Elizabeth M. Fink. The first Board of Commissioners took office on May 22, 1964, with each of the five commissioners serving a term of six years. The first full-time director of parks and recreation, Vaughn R. Black, was appointed on October 7, 1969 for a salary of \$10,000.00. By the end of the sixties, the full-time staff included a director of parks & recreation, a recreation director, an assistant recreation director and a business manager. The park board worked in cooperation with School District 54 to establish a relationship where the park district would maintain and establish parks and playgrounds adjacent to the local schools, in return for priority use of school gyms after school.

#### **II. PROGRAMS**

During the late 1960s, the district coordinated programming at playgrounds, in parks, in local schools and at private golf courses, as well as trips to local bowling alleys and other entertainment spots. Classes in the summer included organized games at the parks, tot lot classes, archery, baseball, basketball, water safety, golf, horseback riding, art classes, baton, gymnastics, track, wrestling, and tennis. Special event days were popular and included kite flying, fishing contests, soap box derbies, golf and tennis tournaments. Winter indoor programs were evolving to include baton, dancing, judo classes, gymnastics, wrestling, organized free play on Saturdays, and a variety of tot lot classes.

Hoffman Estates Athletic Association (HEAA), affiliated with the Pop Warner Organization and run by volunteers, began programming baseball, football and cheerleading in Hoffman Estates in the early 1960s. The Hoffman Estates Community Baseball Association (HECBA) took over the baseball program in 1969. The district coordinated the scheduling of HEAA and HECBA practices and games at its parks.

#### **III. PARKS & FACILITIES**

Between its inception in 1964 and 1968, the Hoffman Estates Park District had acquired four park sites: Highland Park, Locust, Evergreen (Pinger) Park and High Point. The Village of Hoffman Estates deeded to the newly formed park district all their parks except

for Chino Park, which was located adjacent to the village hall. In 1969, the district purchased ten acres of property from Ida Vogeley that included a house and a barn. The Vogeley House became the first district-owned administrative offices. The park-by-park descriptions highlight the major acquisition of land owned by the park district, how each parcel was acquired, improvements that were made, and how it was utilized by the residents and guests in the community.

#### 1966

- **Highland Park**  
Totaling 11 acres, this park includes a shelter building, playground equipment and a retention lake. Too shallow for boating, Highland Park Lake is a very popular area for fishing in the spring, summer and fall while an area is used for ice skating in the winter. The site was deeded to the park district from the Village of Hoffman Estates in 1966. (See 2003.)
- **Locust Park**  
This 6-acre site, formerly known as Dorothy Sicher Park, includes a play apparatus area, wetlands and a large open area for informal activity. Locust Park was deeded to the park district from the Village of Hoffman Estates in 1966.
- **Evergreen Park**  
This 11-acre site, formerly known as Edward F. Pinger Park, also includes a retention lake. It was deeded to the park district from the Village of Hoffman Estates in 1966. Evergreen Park serves both passive and active recreation needs as its facilities include a baseball/softball field, two tennis courts, a basketball standard/multi-purpose area, a playground area, a shelter building, and pathway. This park is also used for ice skating in the winter. It is of note that this park was renamed due to the notoriety caused by the indictment and imprisonment of four village trustees and two former mayors in the 1960s.

#### 1967

- **Highpoint Park**  
This 43-acre site, is one of the largest parcels of land owned by the park district and was accepted from Hoffman Rosner Corporation in 1967. (See 1996.)

#### 1969

- **Vogeley Park**  
This 10- acre site was purchased in 1969 from Ida Vogeley for the fair market price of \$15,000 per acre and was originally used as the administrative and maintenance headquarters of the district. Both the house and barn were remodeled for offices and program space. (See 1986.)
- **The Field Park**  
This half-acre site contains no permanent facilities other than park benches and is used mostly by neighborhood residents as an informal play area. This was deeded to the park district from the Village of Hoffman Estates in 1969. (See 2000.)

## The 1970s

### **I. THE PEOPLE**

On July 5, 1970 Vaughn R. Black resigned as the park district director. Anne Schuerings, who had served as the recording secretary to the board since June 13, 1966, was appointed director on July 21, 1970. She left the district in January 1972. From February 1972 to September 1977, the next director, Al Binder, lived in a home at 149 Norman Drive purchased by the district in August 1972. Director Binder left the district in the fall of 1977, and subsequently the house was sold in June of 1978.

In 1976 the Board of Commissioners elected to expand the board from 5 members to 7 members and to reduce the term from six years to four years. The 1977 election made the Hoffman Estates Park District board the only seven-member board in the northwest suburbs.

### **II. PROGRAMS**

During the 1970s Hoffman Estates sponsored the most successful soccer programs in the area. Games were held at the Unocal Soccer Fields, which were owned by Union Oil and located across from the Woodfield Shopping Center at Golf and Meacham. The Hoffman Estates soccer program was one of the largest in the northwest suburbs, at one time exceeding 2,000 boys and girls and pulling in participants from the surrounding suburbs of Schaumburg, Palatine, Hanover Park, Streamwood and Elk Grove Village. It was the first non-ethnic club in the county, as the present soccer organizations were formed by European (German, etc.) groups. The volunteers who developed the program eventually assisted the neighboring park districts in starting their own program.

During most of the 1960s, the Hoffman Estates Athletic Association (HEAA) managed the youth baseball programs in Hoffman Estates. But, starting in 1969 baseball and softball programs for youth were offered through the Hoffman Estates Community Baseball Association (HECBA), a new volunteer organization founded by Pete and Joan Capellani. In the 1970s the programs were originally run under the auspices of the Little League but later organized under the Pony League. The HECBA quickly expanded to include 1,500 boys and girls in baseball and softball. League games and practices were held at the district's parks. Although they are separate entities, registrations for both the HEAA and HECBA are accepted at the district's facilities.

The boys athletic camp held its inaugural program in 1974 for boys in grades three through six at Hoffman Estates High School. The '70s also marked the influx of the disco phenomenon. During the height of this fad, disco classes were held in the upper barn with total enrollment peaking at close to 500 participants each season. HEPD brochures offered more than 20 fall programs in 1970, and by 1978 the district's brochures advertised 60 programs each season.

### **III. PARKS & FACILITIES**

The renovation of the Vogeley Barn was completed in 1971. During the 70s, the lower barn was home to the district's preschool programs, with the upper barn being used for other recreation programs and special events, such as Daddy Daughter Dance. In

addition, the upper level was used for performances by the Theatre Guild, later known as Theatre Northwest.

The district acquired the Lion's Club pool, an outdoor swimming pool owned by the village. Park district acreage now totaled 200 acres at 23 sites. In September 1976, certain territories in the Westbury and Winston Knolls Subdivisions were disconnected from the Palatine Park District as requested by written petitions filed with the Palatine Park District. Subsequently, in October 1976, the Hoffman Estates Park District annexed these territories as requested by written petitions from the homeowners. As the area north of the tollway was developed, the board struggled in its negotiations with developers and the village to acquire buildable parkland, along with the retention/detention areas developers offered to the district.

The Safety Town program structures are currently located in a separate area just north of this one-acre site. Next is a 6.5-acre drainage ditch site extending from Pine Park, parallel to Algonquin Road and crossing into the Forest Preserve at Lexington. It was improved with turf establishment and serves as another passive area. The remaining 17 acres are located on the west side of Lexington Drive and the north side of Algonquin Road. (See 1981.)

Many of the plants in this park are the only ones of their species remaining in the Northwest Suburban Region. Oak Park is a part of the Barrington Square Subdivision and was deeded to the park district in 1973 from K-B Barrington Homes, Inc.

The Sheffield Towne Association, located in the Village of Schaumburg but within the boundaries of the Hoffman Estates Park District, agreed to the lease to serve the recreation needs of the residents. The park district, having no other neighborhood park site within the proximity, responded by erecting a play site on the Sheffield park site and to date continues to lease and maintain the playground.

## 1979

- **Blackhawk Park**  
This 9-acre site was donated in 1979 by School District 54. Originally known as the Moonlake Property and part of the Peter Robin Farms, the district officially named the park as Blackhawk Park. Two parcels (7.2 acres and 6.56 acres) were purchased in 1987 and 1988 with the help of DNR Grants. The remaining acres are dedicated wetlands. (See 1991 for development.)

## The 1980s

### **I. THE PEOPLE**

In 1981 the district ended up in court with a group taxpayers who challenged the construction (without a referendum) of the new community center (Willow Recreation Center) to be located at Algonquin & Lexington. With innovative financing (an installment contract for \$2.6 million over ten years), the district was able to proceed without being required to go referendum. The circuit court judge ruled that the project does not have to be approved by referendum.

In 1984 the district won another legal battle when the circuit court ruled the 1980 annexation of the Poplar Creek Music Theater, a 212-acre parcel at Route 59 and Northwest Tollway would stand on the basis that the owners filed after the one-year statute of limitations on filing for disannexation. However, the owner (Nederlander) of the Poplar Creek Music Theater won an appeal from the appellate court in 1985 and final ruling from the supreme court did not come until after 1991 in the district's favor.

During most of the '70s and '80s, the district's relations with the village were controversial and explosive. The majority of the disputes were centered on land donations from developers, stormwater management and separating the governmental responsibilities and authorities of the two municipalities. The district took a stance behind their board-approved Hoffman Estates Open Space Guidelines formally established in 1977 and revised in 1985, by refusing to accept certain detention/retention land donations. Disagreements flared up after the record flooding in 1987 at High Point Park and the village's refusal to grant permits for the district's north maintenance shop at South Ridge. The park district won, through the courts, the right to build without requiring the village's permission. In 1988, with a change in board members, the park board and village board opened negotiations and worked out some of their differences. Subsequently, an intergovernmental agreement was approved by both boards regarding park maintenance, building fees, waterway maintenance, and land donations.

A group of residents called Citizens Interested in a Voice in their Community (CIVIC) threatened to dissolve the district by accusing the district of mismanagement and not listening to the residents. However, they were unsuccessful in obtaining the 1,700 signatures to get the referendum question on the election ballot in 1988. The district followed up with a community-wide attitude & interest survey in 1989 to determine the needs and wants of the community.

School District 54 and area park districts, including Hoffman Estates, were at odds over the amount of school building use allotted to the park districts for programming.

The district purchased its first basic computer (Qantel) in 1985 with general ledger, payroll, accounts payable and word processing functions. A more comprehensive A. E. Klawitter computer system that would process registration and perform accounting functions was later installed in 1989.

### **II. PROGRAMS**

Racquetball came to Hoffman Estates with the opening of the Willow Recreation Center in 1981. Computerized golf was installed on one of the racquetball courts in 1985 to

allow for a winter indoor driving range. Preschool programs for 3 & 4 year olds expanded by leaps and bounds. In 1980 the Vogelei Barn was the sole facility for preschool; but in 1981 Willow Recreation Center opened and doubled the enrollment; and in 1986 classes grew again when the programs in the Vogelei Barn are moved to the new Blackhawk Community Center.

Begun in the 1970s and continuing up until 1987, the district's Halloween Haunted House was alternately constructed at the Community Pool, the Vogelei Barn and also in the Vogelei House. By 1988, this special event was replaced by Halloween Happenings. Racquetball enrollment increases and participation in preschool was in high demand. Youth and adult sports and athletic leagues flourish.

Theater Northwest departed from The Vogelei Barn in 1985 after 7 years. By 1985 registration was being processed by computer and updates in 1989 continued to streamline the registration process.

The Vogelei Teen Recreation Center opened in the Vogelei Barn the summer of 1987 through an intergovernmental agreement with the Hoffman Estates Park District, Schaumburg Township and the Village of Hoffman Estates. This center provided a drop-in program for teens. At the end of 1989 the Vogelei Teen Center was relocated from the Vogelei Barn to the Vogelei House.

The management of the in-house soccer program was taken over by the district in 1985.

### **III. PARKS & FACILITIES**

In 1981, Willow Recreation Center opened and by 1982 the district owned and operated 41 park sites covering over 342 acres. The district's second community center, Blackhawk Community Center is opened in 1986 and becomes the new home of the HEPD Administrative offices. The Vogelei House was subsequently leased by the National Recreation & Park Association for the mid-west regional offices. By 1989, the district had accumulated an acreage total of 437 acres at 48 park sites.

In 1984 the district received its first development grant (\$200,000) from the State of Illinois for the Three Lakes Trails Development.

With demand for more programming space, the district built a second, 33,000 sq. ft. community center at Blackhawk Park, 1685 W. Higgins Road. The \$1.7 million center opened in the summer of 1986 and included a gymnasium, fitness room, running track, preschool rooms, dance room, multi-purpose room and the district's new administrative offices.

Record flooding in 1987 caused the district and the village to address drainage and erosion problems at High Point Lake, after it took 12 days for the water to recede.

In 1988, the district began the paperwork to condemn the property known as the Poplar Creek Golf Course, in their goal to preserve open space and generate revenue. Through a court judgment in December 1989, the district was able to purchase the property.

The district began contracting for updated surveys of the parks and aggressively cracked down on park encroachments by removing shrubs, flowers, etc., that had been placed on district property by residents.

After two years of planning and construction, in July, 1989 the district opened its first handicapped-accessible playground at Birch Park featuring specially designed play equipment to accommodate wheelchair users.

## 1980

- **Colony Park**

This 3.5 acre site was donated to the district in 1980 by Kennedy Brothers, Inc. Colony Park is a small neighborhood park with a play apparatus area and a small detention area and is located at the northernmost tip of the district boundaries.

- **Colony Point Nature Area**

This 2.1-acre site was donated in 1980 by the Kennedy Brothers along with Colony Park. Located across the street from Colony Park to the east, Colony Nature Area, has been left as a natural area and serves as a detention area with an overflow structure.

- **Kingston Park**

This 3.5-acre park was deeded to the district in 1980 by Kennedy Brothers. Also located in the Colony Point subdivision across the street to the west of Colony Park, Kingston Park is mainly a detention area with an overflow structure.

## 1981

- **Willow Recreation Center**

The Willow Recreation Center was built in 1981 on an 18-acre site on the west side of Lexington Drive, across from the Willow Park playground site. This community center with racquetball courts and a health club also included a gymnasium, whirlpool and sauna and multi-purpose rooms. Other improvements on the site included tennis courts, a playground apparatus area and an outdoor running track.

- **Huntington Park**

This 8.4 acre site was deeded to the district in 1981 by the Village of Hoffman Estates. It was developed with 2 baseball/softball fields, a basketball court, play apparatus, an open-air shelter building, and a pathway. With its central location in the Poplar Hills subdivision and excellent neighborhood amenities, Huntington Park is a very popular and well-used park.

- **Seminole Nature Area**

This approximately 13-acre site was donated in 1981 by the Village of Hoffman Estates. Located in the Poplar Hills subdivision, it is one of several nature areas within the district and is comprised of a detention area with overflow structure and connector greenways.

## 1985

- **High Point Park**  
High Point Park underwent major redevelopment in 1985, with the help of \$135,000 in matching grant money from the Illinois Department of Conservation. The redevelopment features included shoreline stabilization/seawall, boat launch for lake area, nature observation station, landscaping, warming shelter and picnic shelter, accessible fishing pier, parking, playground, basketball court and jogging trail with a vita course.
- **Westbury Lake**  
North Ridge, South Ridge, and Westbury Lake comprise the Three Lakes Development. Originally deeded to the park district in 1978 by Allister Construction Company, these three sites were developed in 1984 through a grant of \$200,000 from the Illinois Department of Conservation. This complex includes a lakeside trail system and exercise course, fishing piers and bridges, parking, two playgrounds, two picnic shelters, a basketball court, a sand volleyball court, two tennis courts, boat dock, benches, bleachers for the existing play field, accessible ramps to the lakes and trails, safety lighting and shoreline stabilization. These amenities were completed for the dedication ceremony on June 1, 1985.

## 1986

- **Vogelei Park**  
In 1986, the administrative offices were moved from Vogelei House to the new Blackhawk Community Center. The upstairs floor of the Vogelei House was converted for use as the teen center, while the lower floor was rented by the National Recreation and Park Association. The "Barn", formerly used as a Recreation Center, was then turned over to the Parks Division for their use.
- **Blackhawk Park**  
In 1986, the Moonlake property was renamed Blackhawk Park and became the site for the new recreation and administration center. The award-winning building houses the agency's administrative offices, a fitness club, a gymnasium, preschool rooms, multi-purpose rooms, a dance room, an indoor track, a sauna and a whirlpool, and locker rooms. An outdoor walking/jogging track runs along the perimeter of the athletic fields. (See 1996.)

## 1987

- **Maple Park**  
In 1986, when the district built the new community center and administrative offices on the Moonlake park property, this 3-acre neighborhood park was renamed Maple

Park (from Blackhawk Park) and the new community center acquired the name Blackhawk Community Center.

## 1988

- **Wilmington Park**

Located in the Casey Farm subdivision and adjacent to the Schaumburg Park District boundaries, this 4-acre park is another detention area with an overflow structure. Wilmington Park was donated by The Hoffman Group in 1988.

## 1989

- **Birch Park**

The Birch Park playground was renovated in 1989 to provide handicapped-accessible play equipment, making it one of the first parks of its kind in the northwest suburbs. Many contributions came from the community and the fundraising efforts of the Special Recreation Services Foundation to help fund the special recreation playground accessories that included elevated sandbox, 8' therapeutic picnic tables, a 36' therapeutic ramp, and other amenities for this integrated playground.

## The 1990s

### I. PEOPLE

In the 1990s the district focused on its residents and community, and open relations were encouraged and intensified. The Best of Hoffman Award was established in November 1998 to recognize volunteers and outstanding achievements of residents. Resident input on park projects was more actively sought at public meetings, and volunteers from the community assisted in completing playground installations and planting flower beds. The residents were key participants in the development of Olmstead Park in 1992, by working with the district at public meetings and donating volunteer work hours during the installation of the playground equipment.

In 1992 the board delegated the responsibilities of treasurer/secretary of the board to the executive director, in lieu of appointing a board member. After 18 years of service, Edward Haag left his executive director post in 1996 under controversial circumstances. The new executive director, Dean Bostrom, began his leadership in January 1997.

The 1990s heralded a new cooperative relationship between the park district and the village. A landmark ordinance by the village (Ordinance No. 2577-1993) amended the Hoffman Estates Municipal Code to Provide for Land and Cash Donations that now reflect the criteria in the Hoffman Estates Park District Open Space Guidelines. However, this ordinance provided for a 5-acre land donation per 1,000 population and the district upgraded its standards with the approval in 1999 of the Comprehensive Master Plan to require 10-acre land donation per 1,000 population. Partnerships between School Districts 15, 54 and 211 are also redefined and solidified, and land transfers were completed with School District 54 that benefited both entities.

The district reaches out for community input with an Attitude & Interest Survey in 1997 to provide direction for the development of a five-year Comprehensive Master Plan. After a year-long research and development process, the district's first five-year Comprehensive

Master Plan was approved by the board in January 1999 to provide a strategy of constructive action for the years 1999 through 2003.

The Hoffman Estates Park District Foundation was established as an Illinois not for profit corporation on December 30, 1998 with the Recognition of Exemption under Section 501 (c)(3) of the Internal Revenue Code and receives notice of exempt status from federal income tax under section 501 on November 9, 1999. The Foundation is organized exclusively for charitable purposes:

- A) to benefit public recreational and educational programs by the Hoffman Estates Park District
- B) to help the financially disadvantaged residents of the Hoffman Estates Park District, and
- C) to promote development of public parks and outdoor recreational areas.

## **II. PROGRAMS**

In 1990, the district entered into a joint venture with School District 15 to operate before and after school care under the new C.A.R.E. program.

The Daddy Daughter Dance initiated in the 1970s took on a new popularity with its relocation from the Vogelei Barn to the new Poplar Creek Country Club Banquet facility with registrations sometimes exceeding 300 participants.

The Rotaryville Safety Town was moved in 1991 to Willow Park from Vogelei Park. The Barn subsequently became a temporary home to the Children's Museum Imaginarium (CMI) in 1991 and 1992. When CMI departed, the parks division used some of the much needed space for storage.

The swimming at Community Pool ended with the close of the facility in September 1993. The district had no swimming facility until the opening of Seascape Family Aquatic Center in 1995.

The PCCC Junior Golf Academy was developed in 1994 and consisted of three levels of skill orientation: Golden Bears, Sharks and the Masters. The Junior Golf Academy program averaged approximately 150 participants per season.

The Hoffman Estates Chamber of Commerce held its first fishing derby at South Ridge Lake in 1996 and a new tradition started.

On July 15, 1999, the park district collaborated with the Hoffman Estates Arts Commission to establish a summer outdoor concert series at Village on the Green in Prairie Stone™ Business Park.

In December 1999 the district initiated a new community tradition with the Celebration of Lights at Pine Park.

## **III. PARKS & FACILITIES**

In early 1990, the district received title to the Poplar Creek Golf Course, and continued its growth during this decade by adding six new parks in the northern and western sections: Lombardy, Pebble, Cannon Crossings, Chestnut and Charlemagne. The

Board focused its capital dollars on an athletic field master plan and a playground master plan to ensure, through an aggressive timeline, that all playgrounds and parks are renovated, safe and up-to-date.

In 1998, the district began an aggressive renovation program to complete the shoreline stabilization of all its retention lakes. Evergreen Park pond was completed in August 1998 and North and South Ridge Lakes and North and South Twin Lakes were improved in 1999.

Cannon Crossings, a 26-acre park in western Hoffman Estates opened and included two lighted athletic fields. Originally known as Kelley Park after the previous owners, it was officially named in 1999 after Bill Cannon, who had died suddenly, was a very active volunteer in the Hoffman Estates community and in the sports programs.

While working on the inflation of the golf dome in April 1999, seven workers under the supervision of Golf Dome, Inc. were injured (two seriously) because of sudden wind gusts.

The first drinking fountain was installed in 1999 at Huntington Park, with plans to install additional fountains at South Ridge, Victoria and Olmstead Parks in 2001.

Much time and joint effort went into the revamping of the playground next to MacArthur School. With the hard work of a group of parents at the school, the playground opened in 1999. Funds were raised through the school parents and an Illinois FIRST Grant aided in financing the structure.

At the close of 1999, staff, local teens and consultants combined to bring to Hoffman Estates its first skating park located next to the Willow Recreation Center. Once again, the residents gave major input and help in the design process for the Willow Skate Park.

## 1990

- **Lombardy Park**

This 1-acre parcel was deeded to the park district in 1990 by Centex Corporation. Lombardy Park has been maintained as an open space greenway.

- **Pebble Park**

A 3.5 acre park, Pebble Park features a soccer practice area. This site was acquired from Centex Corporation in 1990.

- **Poplar Creek Golf Course**

This 150-acre, 18-hole championship golf course, Poplar Creek Golf Course, was purchased in January 1990 from a Cole Taylor Bank land trust, through a condemnation suit to preserve open lands. (See 1992 and 1996.)

## 1991

- **Olmstead Park**

In 1978 a small park site was donated to the district when this area was being developed. Additionally, on May 2, 1991, School District 15 agreed to donate the 7.5-acre school site to the park district. Developed with the help of a \$132,000

matching grant award, the park features two baseball fields, a playground, tennis courts, a basketball court, a picnic shelter, a parking lot and a pathway.

- **Victoria Park**

This 52.5-acre site, located along Poplar Creek in the Hoffman Hills subdivision and was once part of the Casey Farm Development. Victoria Park is the district's largest park. In 1979, 8 acres were donated by School District 54 and soon after a residential developer donated 13 acres. In 1991, 13+ acres were acquired with two separate IDOC matching grants. Matching grants were also awarded to finance the development of a park that boasts two baseball/softball fields, two play apparatus areas, a shelter building, a basketball court, tennis courts, an accessible playground, a soccer field, and a pathway system. The remaining acres that were donated include a detention area and creek site that is part of the wetlands and are left in a natural state.

- **Chestnut Lake Park**

This 10.5-acre site was deeded to the district in 1991 by the Village of Hoffman Estates. Chestnut Lake Park is predominantly a retention lake with beautiful landscaping that makes a serene and aesthetically pleasing open recreation space for the neighborhoods at the southern end of the district. It also has a soccer practice field and is the site of one of the ice rinks maintained by the district in the winter months.

## 1992

- **Poplar Creek Golf Course**

The clubhouse was leveled and a new one constructed to open in May, 1992. This two-story clubhouse contained a pro shop, restaurant/bar, 2 large banquet rooms, 1 smaller banquet room, halfway house and offices. The new clubhouse at Poplar Creek Country Club received the 1992 Outstanding Facility Award from IPRA (Division II A). (See 1996.)

## 1993

- **Community Park (pool)**

The Community Pool was razed in 1993. (See 1995 for park improvements.)

- **Cannon Crossings Park**

Previously known as Kelley Park, Cannon Crossings Park was officially named and was incorporated as a high priority in the district's 1992 Master Plan. Located in the Deer Crossings Subdivision, the first properties were deeded to the park district in 1993. Two DNR acquisition grants were awarded to help the district purchase another 11+ acres. Total acreage adds up to 26.3 acres and became one of the larger active parks in the district. (See 1999.)

- **Poplar Creek Country Club**

On January 5, 1993 the district entered into a lease agreement for an Air Supported Sports Complex (the Dome) to provide an indoor driving range during the late fall, winter and early spring months.

## 1995

- **Seascape Family Aquatic Center**

With the demolition of Community Pool in 1993, the district responded to the need for a swimming pool with the construction of the Seascape Family Aquatic Center on Parcel J at the Poplar Creek Golf Course. This pool complex opened in 1995 with an outstanding season. The facility included two tube slides, two drop slides, a zero depth pool, a sand play area, sand volleyball, and an open grassy lounging area. Two man-made ice skating rinks and a sled hill host winter sports. On July 11, 1995, Seascape Family Aquatic Center was featured as the Best in Chicago by Channel 2 News' Steve Baskerville, and rated as the Number One Pool in the July 24, 1995 Daily Herald Newspaper. In addition, the district received the 1995 Outstanding Facility Award (Division II C) from IPRA.

## 1996

- **High Point Park**

High Point was updated to include four tennis courts, three play apparatus (one co-funded by Saturn Corp. of Schaumburg in 1996), three baseball diamonds, two soccer fields, two basketball standards, a sand volleyball court, and a parking lot. The retention lake is used both for fishing and boating, as well as ice skating in the winter.

- **Poplar Creek Golf Course**

The two-story clubhouse built in 1992 contained a pro shop, restaurant/bar, two large banquet rooms, a smaller banquet room, a halfway house and offices. However, the restaurant operations were closed in the fall of 1996 and the restaurant area was reconstructed into another banquet/meeting room as banquet operations continue to flourish. Other improvements include an outdoor lighted driving range and a leased indoor driving range (the Dome).

- **Blackhawk Park**

With input from the preschool staff, a preschool playground is installed with a fenced enclosure to keep young children safely confined and away from the athletic fields.

## 1997

- **Blackhawk Park**

The park located behind Blackhawk Community Center was completely renovated in 1997 to include a baseball/softball field and play apparatus area after Schaumburg Township completed construction of its new offices on the adjacent property at the former Blackhawk School site.

- **Charlemagne Park**

Charlemagne Park is set on 20 acres of an attractive wetland natural habitat. In 1981 the transfer of these open lands was delayed due to the bankruptcy of the original builder. An agreement between the Village of Hoffman Estates and the park district was reached in 1988, but clear title was not achieved until March 16, 1993. The grand opening of Charlemagne Park in August, 1997, celebrated the collaborative efforts of the Village of Hoffman Estates, the Illinois Department of Transportation, the Illinois Department of Natural Resources, the Charlemagne Lake and Breton Point Homeowners Association and the neighborhood residents, all

working hand-in-hand with the Hoffman Estates Park District. The park includes wetland mitigation improvements, concrete path around the lake, prairie plantings, basketball and tennis courts, an accessible playground, picnic shelter, fishing areas, interpretive signs and parking lot.

## 1998

- **Poplar Creek Country Club**

The Air Supported Sports Complex (the Dome) was purchased November 2, 1998. Capital dollars also were invested in the construction of new, double-row irrigation system for the golf course. (See 2003)

- **Evergreen Park**

The shoreline stabilization improvements at Evergreen Park Lake were completed in August 1998, at a cost of \$44,600.

## 1999

- **Cannon Crossings**

Two development grants were obtained from DNR to assist in financing the Kelley Park development, officially named Cannon Crossings in 1999. With input from residents and an Athletic Field Task Force study, the park was designed with an accessible playground, a half-court basketball area, four baseball/softball fields, (two with lights), bleachers, three soccer fields (one with lights), a tennis court, a sand volleyball court, a park shelter building, a rollerblading rink, a parking lot, and an area for ice skating and cross country skiing. At 26.3 acres, Cannon Crossings Park is one of the larger, active parks in the district.

- **North & South Ridge Lakes**

Shoreline stabilization improvements were completed in August, 1999 at North and South Ridge Lakes at a total cost of \$641,000.

- **North & South Twin Lakes**

Shoreline stabilization improvements were completed in September, 1999 at North and South Ridge Lakes at a total cost of \$94,600.

## **The 2000s**

### **I. PEOPLE**

At the onset of 2000, the district installed a new phone system and upgraded the district to T-1 lines to transmit both voice and data. The new system enabled the entire district to be connected by a unified voice and data system. Technology was expanded for the district with the installation of its first web site in 2001 along with email and internet capabilities. *The Guide* (the district's program brochure) was also made available to residents online. Registration was taken online, printed and processed by staff. In December 2002 the web site was upgraded to accommodate real-time registration online.

Relations with the village were stronger at that point than every before. With a new agreement in place, the village agreed to deed Cipri Park to the district, a 50/50 split on

expenses to replace the 20+ year old playground, and the district assumed additional maintenance responsibilities in return.

In December 2002 the board approved an intergovernmental agreement with School District U-46. This cooperative agreement directly related to the proposed construction of two schools, one to be located on Shoe Factory Road and Maureen Drive and one to be located on McDonough Road east of Rohrssen Road.

By 2003, full-time staff included 69 employees.

## **II. PROGRAMS**

At the end of 2000, the district assumed responsibility for the Hoffman Estates Baseball & Softball Association (HEBSA). The HEBSA Board approved the district's takeover after long-time board members Steve and Connie Johnson retired from the HEBSA Board. The program had been run by a volunteer board and coaching staff for the last 30 years with Steve Johnson serving as president for 25 years.

Due to three successive years of bad weather, the district replaced one of its major community events, Fallfest, with Party in the Park on August 11, 2001. The entire day of food, games, activities and family entertainment was designed to offer families a fun-filled day that would not break the family budget. This summer event was hosted at High Point Park.

New amenities include the purchase of a portable climbing wall in 2000 and the district's first bus in 2002. The portable climbing wall becomes a popular feature at special events and the bus helps to increase trips and support inhouse programs.

Door-to-door delivery of *The Guide* was contracted during 2002, but it was found to not meet the needs of the district. Consequently, the district continues to mail the district's quarterly program brochure to residents.

In 2002, the preschool program at Blackhawk Community Center was granted accreditation by the National Association for the Education of Young Children (NAEYC). This recognition was subsequently earned by Willow Recreation Center preschool program in 2003.

The CARE before & after school program was housed at Thomas Jefferson & Frank C Whiteley schools. Willow Rec Center operated as an overflow site once the two schools hit capacity. In 2004, the agreement with CCSD was cancelled and HEPD began running a separate CARE program for the 2004-2005 school year at Willow for Thomas Jefferson & Whiteley families who did not attend their home-site program. In addition, KinderCARE was opened for the 2004-2005 school year for children in morning kindergarten at Willow. When HEPD transition SD54 into STAR, the name of the before & after school program at Willow also changed to STAR. Currently Willow runs before & after school care plus KinderSTAR at Willow for Thomas Jefferson & Whiteley students.

In 2007, HEPD staff requested to School District 54 to begin operation of the before & after school program within the SD54 schools in Hoffman Estates. Previously, before & after school program was called KASPER. KASPER was operated by the Campanelli YMCA at Muir, Armstrong, MacArthur and Lincoln Prairie. Schaumburg Park District

operated the KASPER program at Lakeview & Fairview schools. Since the park district maintained the grounds surrounding the schools, the contract was reviewed and it was determined that HEPD could transition the operation of the KASPER program to HEPD.

A new name of the before & after school program was created to distinguish the new program from KASPER. Student Development through Academics & Recreation (STAR) was created in 2006. The first two STAR schools were MacArthur and Armstrong for the school year 2008-2009. For the school year 2009-2010, two additional schools were transitioned to STAR: Lakeview & Lincoln Prairie. The final schools, Muir and Fairview were added in 2010-2011.

In 2008, staff requested an expansion of the part-day licensed preschool program at Triphahn Center to offer a full-day child care program open year-round 7am-6pm. Construction took place in late 2008 through early 2009 on the former multi-purpose room 105 & 106. Exterior fire exits were added, a permanent wall between the two rooms was built, and bathrooms in each room were added. DCFS reviews and approvals took place in late Spring / early summer 2009 with a proposed opening date of Fall 2009. The Early Learning Center opened in late August 2009. The program used the senior center kitchen for the food prep and service.

A KinderSTAR program offering afterschool care for morning kindergarteners was added to the Triphahn Center in the 2010-2011 school year. KinderSTAR ran at Triphahn Center until 2015 when the school district began offering full-day kindergarten. School District 54 charges HEPD a per child per day rental rate for the use of their facilities before and after school.

In 2017, the ELC program expanded as part of the North Side renovation project. Room 107 was converted to a third ELC room. The ELC program name was changed to Early Learning & Care in 2017 as well to differentiate itself from the new ELC program that SD54 built for their early intervention program.

### **III. PARKS & FACILITIES**

Prairie Stone™ Sports & Wellness Center opened in 2000. New programs evolved including indoor swimming, wall climbing, and fitness classes, as well as nutrition, wellness classes and youth basketball leagues.

The district installed its first automatic defibrillator at Prairie Stone™ Sports & Wellness Center in the summer of 2001. Pine Park was totally revamped and an in-line skating facility was constructed with the input of the neighborhood youth.

With the boundaries of the district expanded to Elgin's eastern boundary line, development and acquisition of the western parks highlighted the early 2000s. As of December 31, 2003, the district maintains more than 60 different park sites throughout the community encompassing over 686 acres of land. The parks feature 28 baseball/softball fields, 35 playground areas, 19 basketball standards, 17 outdoor tennis courts, three indoor tennis courts, 14 retention lakes, 13 soccer fields, three football fields and an outdoor running track. A teen center is operated in conjunction with the Village of Hoffman Estates and Schaumburg Township. An additional 20 acres of land is leased and maintained for park district activities.

Chestnut Park Lake and High Point Lake shoreline stabilization projects were completed in 2000. With the Highland and Westbury Lakes shoreline improvements finished in the summer of 2003, the district completes its total shoreline stabilization projects as identified in the 1999-2003 Comprehensive Master Plan.

With \$138,000 in grant funding, Community Park was re-developed and opened in 2000. It now features two play structures, in-line skate surface, open-air shelter, splash pad and other water features.

The first cricket field in Hoffman Estates was developed at Eisenhower Park and dedicated on April 29, 2001.

The district purchased property on Hassell Road in 2001 to construct a new maintenance facility. The parks division moved into the building in December 2001 and the facility was fully operational by January 2002.

To further the Vogelei Vision Project, the district purchased the home at 615 Cambridge House for \$178,000 in July 2002. The home and garage are scheduled for demolition to make way for improvements for an access road from Cambridge Road into the Vogelei Park.

The district collaborated with the Hoffman Estates Athletic Association to construct a restroom/concession building for concessions, restrooms and storage space at Sycamore Park ballfields. A scoreboard was also added with the help of volunteer labor and funding from HEAA.

In December 2002, the district approved the concept plans for Vogelei Park to overhaul the 10-acre site and create a town square park. Moving ahead with the first phases, the district completed the renovation and restoration of the Vogelei House and Barn in 2003.

The first western parks were developed and dedicated in the fall of 2002 and include Princeton, Canterbury and Tall Oaks.

The Willow Recreation Center was revamped with an addition and remodeling project that was completed in 2003. Vogelei House and Vogelei Barn are also restored and renovated in 2003. After 15 years tenancy, the National Recreation & Park Association ended its lease for offices in the Vogelei House in August 2003. Subsequently, the district's recreation division took up its headquarters in the vacated offices at the Vogelei House.

## **2000**

- **Prairie Stone™ Sports & Wellness Center**

Through a 12.09-acre land donation from Sears in 1999, the District acquired property in the Prairie Stone™ Business Park to build a 100,000 square-foot facility with 12,000 square-feet of workout space for a fitness center, two swimming pools: a 25-yard, four-lane lap pool, an activity pool, a whirlpool, three basketball courts, a gymnasium, a climbing wall, a three-lane indoor walking/running track, a sauna, and three tennis courts. This state-of-the-art facility opened in September 2000.

- **The Field Park**  
With an \$80,000 DNR grant and input from the surrounding neighbors, The Field Park was renovated with an 18' gazebo shelter, horseshoe pits, a butterfly garden, a fountain/drinking fountain, an accessible walkway and gathering area, and raised planter boxes.
- **Canterbury Park Place**  
This 16.5-acre site was a developer land donation from Terrestris. Originally called University Park Place, the park board officially named this site as Canterbury Park Place. With a \$184,700 DNR grant, the district constructed two soccer fields, one baseball field, a playground, and wetland areas.
- **High Point Park**  
In July 2000 the shoreline stabilization project for High Point Lake was completed at the cost of \$299,705.
- **Chestnut Park**  
Chestnut Park Lake shoreline stabilization project was completed in August 2000 for a total cost of \$77,060 capital dollars.

## 2001

- **Poplar Creek Country Club**  
The driving range was converted into PCCC's Golf Learning Center. The renovation installed four target greens, doubling the grass tee area size and adding a chipping and pitching green along with a practice sand bunker.
- **Princeton Park Place**  
This 2.7-acre site was donated to the district in 2001 by Terrestris (.71 acres) and Kenar (two acres). Considered as a neighborhood park, Princeton Park Place was developed with a 2001 DNR matching grant that helped fund the purchase and installation of playground equipment, as well as the construction of parking lots and paths.
- **Princeton Wetland**  
This 4.67-acre wetland site was donated in 2001 by Kenar.
- **Hunters Ridge Wetland**  
This 14.6 acre linear wetland was donated by Pasquinelli and is located just east of the Hunters Ridge East Subdivision.

## History of the Illinois Association of Park Districts

The Illinois Association of Park Districts (IAPD), headquartered in Springfield, has been serving park districts, forest preserves, conservation and recreation agencies since 1928. The IAPD is the oldest and most successful statewide association of its kind in the nation. As a grass-roots organization, IAPD's voice for parks, recreation and conservation is strong and respected throughout Illinois and the United States.

### 1928

According to the 1929 president's address of Fred J. Bohn, IAPD's second president and a park official from Chicago's River Park District, the "progressive founders" of the Illinois Association of Park Districts met each other in the halls of the State Capitol in Springfield as early as 1927. Representatives from the Small Parks Association of Cook County, established in 1922, and park officials from other counties of the state were there seeking legislation to change several laws that affect park districts. (The law enabling creation of special districts called park districts was enacted on June 24, 1895.)

Bohn says that nothing formal was done, however, until the services of A.D. McLarty, secretary of the Illinois Municipal League, were secured to organize the association in 1928. The historian for the Illinois Municipal League paints the picture of McLarty as entrepreneurial in his interest to start a separate association for park districts. Too, he says, it was difficult to do business at the State Capitol, meeting with a legislator on one day wearing a hat for city municipalities and the next wearing one for park district issues, especially when the issues conflicted.

Regardless of motive, McLarty's efforts to create a statewide organization of park district officials met with great enthusiasm from leaders of Illinois park districts. McLarty sent a questionnaire to park district officials in March 9, 1928. A summary of results from these communications was published and sent to park officials on March 30 of that year with an invitation to attend an organizational meeting May 17 and 18 in the Rose Room of the Hotel Sherman in Chicago. The State of Illinois' James R. Thompson Center now stands on the site of the Sherman Hotel, which was demolished in 1980.

This resolution approved at this meeting called for formal creation of a "Parks Organization Section" of the Illinois Municipal League, with separate officers and committees. The association operated in this way, as a section, for the first two years of its existence.

McLarty became the association's first secretary and he served continuously in this capacity until July 1, 1943, when he resigned to enter the U.S. Navy during World War II. The association's first president, Dr. Joseph Cullen Blair, was head of the University of Illinois Department of Horticulture and president of the Urbana Park District. Blair also served as IAPD's treasurer from 1931 to 1933 and maintained a so-called "fatherly interest" in the association throughout his lifetime.

The first annual conference of the newly organized statewide organization was held in Joliet and attended by 38 representatives from 16 park districts. According to a published report from the event, there was "open discussion on the problems of park districts, which brought some interesting facts" plus "valuable time for park district officials to become better acquainted and address legislation." These components—education, networking, discussions among board members and legislative updates—remain mainstays of IAPD's annual conference.

The Illinois Association of Park District gets its name with the 1930 constitution, adopted and amended on October 17, 1930, at the annual conference held in Springfield. The purpose of IAPD was stated as follows: "to serve as a mutual agency for cooperation among park districts of the State in the practical study and in the opportunity for discussion of park district problems; park policy and administration; gather and circulate information and experience on park district affairs; to secure legislation beneficial to and to oppose legislation injurious to the park districts."

### 1937

IAPD holds its first regional meeting in Oak Park on February 16, 1937, attended by officials from

25 park boards. Designed to foster networking among neighboring agencies and as a way to bring non-members into the association, these roundtables were held throughout the state. In 1977 they were called "Drive-Ins." In 1994, they became "Regional Roundtables," a term still used today.

The Illinois Park Board Bulletin is first published as the statewide newsletter for the Illinois Association of Park Districts. Previous publications were limited to reports published in the Park Board Section of the *Illinois Municipal Review* and copies of convention summaries.

#### **1941**

On July 15, 1941, the association lobbied for Senate Bill 184, which authorized park districts to levy the .05% recreation tax. It was approved by Governor Dwight Herbert Green.

For the first time, the Illinois Recreation Association or IRA (now called the Illinois Park and Recreation Association) held its annual convention at the same time and place as the IAPD with several joint sessions. It wasn't until 1960 that the two associations continuously held joint conferences.

#### **1948**

In June of 1948, the association's publication was renamed as *Illinois Parks* and resized to a smaller format. The new size was not as well accepted as anticipated, so two years later the traditional magazine size of 8 1/2 inches by 11 inches was re-instituted.

#### **1951**

On May 17, 1951, Governor Adlai Stevenson signed the historic Park Law Codification Bill, combining all the laws relating to park districts in one section of state law. The legislation was initiated six years earlier by the members of the IAPD Codification Committee. The number of IAPD member districts organized in the 55-year-period (1896 to 1950) before codification was 94; in the 37 years after codification (1951-1988), 150 districts were organized.

#### **1953**

On June 1, 1953, the association became a full-time organization with a full-time executive director, Marjorie M. Dickinson. Dickinson is recognized as giving the most continuous and valuable service to the early days of the organization. From 1928 to 1943 she served as assistant to A.D. McLarty, then as secretary of the association until October 1, 1944. She served as executive director until 1965, and was named Executive Director Emeritus upon her retirement in 1966.

#### **1954**

On September 22, 1954, the association organized its Past Presidents' Club. The group was composed of past presidents still active as park commissioners. Later, membership is extended to any interested past presidents. The club, reportedly, was not as active as it was hoped to be. A Past Presidents Breakfast has been held each year at the association's conference. Past IAPD board members now are loosely organized as the "Ambassadors Club" and serve as advisors and representatives and in new member recruitment.

Until the Illinois Supreme Court handed down on May 22, 1959, *Molitor vs. Kaneland Community Unit School District No. 302* (18 Ill. 2d 11), Illinois park districts are to be held immune from tort liability by the courts under the common law rule, and the courts indicated that the park district was wholly lacking in its authority to use park district funds to pay premiums on liability insurance.

#### **1960**

IAPD and IPRA hold their annual conferences jointly in Joliet and then in Springfield. In a 1962

publication of the IAPD, it was noted: "simultaneous meetings have provided more varied programs perhaps than otherwise, have broadened the attendance and given a larger field for exhibitors. Such meetings no doubt helped to support the idea of consolidation of recreation departments/commissions with park districts."

#### **1961**

Governor Otto Kerner appoints the association's legal-legislative consultant, Robert A. Stuart, to serve as a member of the Torts Law Commission, created by the 72nd General Assembly to codify and make uniform the various statutes relating to immunity of liability of the various municipalities and quasi-municipalities of the state.

Sections 5-2(a) and 5-2(b) were added to the Park District Code to permit the functions of a municipal recreation commission to be merged with and assumed by a park district.

At the 1961 annual conference, the association adopted a report on standards for professional park and recreation personnel. The study, headed by IAPD president Henry O. Gleiss, president of the Skokie Park District, was undertaken to give park and recreation boards guidance in the selection of personnel; to give colleges and universities guidance in developing curricula for better preparation of professional personnel; and to encourage men and women to seek a career in parks and recreation.
