4. Comments from the Audience:

None

5. **Old Business:**

None

6. **New Business:**

A. **A&F Report & 3Q Goals/M19-095:**

Director Hopkins reviewed the litigation between School District 300 and Sears Holding Corporation noting that the district was claiming that Sears was in breach of the EDA agreement. While this was being litigated, the other EDA payments were being held.

President Kaplan asked about the \$600,000 due the district and Executive Director Talsma noted that all funds were frozen including money for the Village. Commissioner K. Evans asked if a bankruptcy might impact the \$600,000 and Director Hopkins noted that it would not as it did not clear you from paying property taxes. Comm Rep Utas asked how much the district would receive and Director Hopkins noted that \$536,000 additionally but there were a lot of factors in that and that if the District were to get all the EDA it would be about \$1,000,000.

She also noted that the district typically received the TIF payment from the Barrington Higgins Corridor but all that funding was used to dredge the pond and the district did not receive the \$17,000.

Director Hopkins also noted that the district had moved from 2 antivirus programs to one more robust program. Commissioner K. Evans asked if the district had lost any days and it was noted that they had not primarily due to back up systems.

Chairman McGinn asked about the accounts receivable and Director Hopkins state that there were 4 of note but the receivables were good.

Comm Rep Utas made a motion, seconded by Commissioner Kilbridge to send the A&F Report and 3Q Goals to the board as presented. The motion carried by voice vote.

B. **Open and Paid Invoice Register:**

Comm Rep Utas noted that the boards were up and Director Huguen noted that rink renovations were on track.

Comm Rep Musial arrived at 7:25 p.m.

Comm Rep Winner made a motion, seconded by Comm Rep Utas to recommend the board approve the Open and Paid Invoice Register in the amount of \$747,532.83. The motion carried by voice vote.

C. Financial Analysis/Revenue and Expenditure Report:

Director Hopkins reviewed the report.

Comm Rep Winner asked about the C&M being \$20,000 below and asked if the \$15,000 down in wages explained a portion and it was noted that it did. He also asked about ROI on marketing and Executive Director Talsma noted that some marketing strategies were easier to track.

Comm Rep Utas made a motion, seconded by Commissioner Kilbridge to recommend the board approve the Financial Analysis/Revenue and Expenditure Report as presented. The motion carried by voice vote.

7. Committee Member Comments:

Comm Rep Utas complimented the staff at the Pumpkin Fest noting that it was very cold and windy but staff was energetic and friendly.

Comm Rep Winner noted that he always appreciated the financial summaries.

8. Adjournment:

Comm Rep Utas made a motion, seconded by Comm Rep Winner to adjourn the meeting at 7:30 p.m. The motion carried by voice vote.

Respectfully submitted,

Craig Talsma
Secretary

MEMORANDUM NO. M19-114

To: A&F Committee
From: Craig Talsma, Executive Director
Nicole Hopkins, Director of Finance & Administration
Re: Audio & Video Recording at Board Meetings
Date: November 26, 2019

Background

Our current Board Recording Secretary is one of very few individuals that still does shorthand. When we interviewed for our new Executive Assistant, we found that shorthand is a dying art as none of the candidates had the skill. To properly have an individual record Board and Committee meeting minutes, shorthand would be a needed skill. Having an individual attend meetings strictly for the purposes of taking the minutes has cost over \$6,000 year to date in 2019.

Implications

It has become a common practice to not only record but to televise governmental board meetings. Additionally, our meetings are open to the public and any individual at any time could come to a meeting with a video recorder and record the meeting.

Staff has developed a process for audio and video recording during Board meetings. The process includes two cameras for video, one audio device, and the use of our current exacqVision server.

The two video cameras were originally purchased for \$300 each and slated for use at The Club. Since The Club renovation project has been approved, the cameras will not be used as originally intended and, therefore, are available for use in the boardroom. One of the cameras would be positioned towards the Board members and Division Directors, while the second camera will be directed towards audience members; between the two cameras, there will be approximately 360° of coverage of the room.

The audio device, a T6101 Audio I/O adapter, was purchased for a cost of \$149. Both the cameras and the audio device would be mounted to a ceiling tile within the boardroom. The recordings would sync the audio and video file. The cameras will utilize our current exacqVision server to store recorded data. The recorded data will be exported from the server and placed on our network server the morning following a Board meeting. Recordings will only take place during Board meetings and the recorded data will be accessible to authorized personnel only.

Once we have imported the audio/video file to the network server, our current Executive Assistant will transcribe meeting minutes during the normal workday. In addition, utilization of this modern technology will likely diminish human errors made while transcribing meeting minutes in real time.

All District video recordings are kept for 60 days and then disposed of per state authority. This allows ample time to prepare written minutes and have them approved.

Staff would like the opportunity to test the recording of our December meetings to determine if the new process is efficient and as beneficial as the cost savings would be for this method of preparing meeting minutes. If the process works well, staff would implement the audio and video recording of the District meetings for purposes of preparing minutes in 2020.

Recommendation

Staff recommends that the A&F Committee recommends that the Board approve the audio and video recording of the District Board/Committee meetings.

RE: Balanced Scorecard 3Q 2019
DATE: November 26, 2019

Background

According to the definition from Wikipedia, “*the **Balanced Scorecard (BSC)** is a strategy performance management tool - a semi-standard structured report, supported by design methods and automation tools, that can be used by managers to keep track of the execution of activities by the staff within their control and to monitor the consequences arising from these actions.*”

The phrase 'Balanced scorecard' is commonly used in two broad forms:

- 1. As individual scorecards that contain measures to manage performance, those scorecards may be operational or have a more strategic intent; and*
- 2. As a Strategic Management System, as originally defined by Kaplan & Norton.*

Key components in utilizing the Balanced Scorecard methodology

- its focus on the strategic agenda of the organization concerned*
- the selection of a small number of data items to monitor*
- a mix of financial and non-financial data items.”*

Implications

The District has revised the Balanced Scorecard to a more graphical and user-friendly version and has continued with adjustments to ensure that the measurement values that we utilize are relevant and functional. The goal is to provide a snapshot view of these key components at a specific point in time and to have an annual year-to-year comparison. This allows us to determine on a very broad spectrum the direction in which the District is moving.

These key components are not being analyzed on a valuation to current budgets or forecasts as much as to the same time period in previous years. Those types of evaluations are provided in

the monthly Recreation Committee participation reports and the financial statements in the A&F Committee reports. The Balanced Scorecard has been updated to report quarterly numbers and compare these numbers to previous quarters. This is then done for the year to date (YTD) totals as well.

Recommendation

Staff recommends that the A & F Committee recommend that the Board approve the Balanced Scorecard for the 3rd Quarter 2019.
